Welcome to North Orange Continuing Education

Earning a career certificate, helping your children succeed in school, or obtaining citizenship can transform your life. At North Orange Continuing Education (NOCE), we believe that every student deserves access to affordable and high-quality education in a format that is most convenient for busy adults. It’s education your way!

It is my pleasure to present the 2018-19 NOCE catalog of course offerings. As the base of this learning community, our outstanding faculty members are here to help you achieve your academic, career, and personal goals. The content and delivery methods of NOCE’s instructional offerings are consistently updated to meet the evolving demands of the modern community and workplace. Our dedicated staff is committed to supporting you in every step on your path to success.

Besides providing courses and programs to suit students of all ages and walks of life, NOCE offers a vibrant learning environment that includes a variety of support services. Counseling, orientation, tutoring, assessment, and career exploration are among the many services available to students who wish to engage in educational experiences.

NOCE is honored that you have chosen us to further advance your very bright and exciting future. Whether you wish to pursue high school diploma studies and transition to one of our sister colleges, explore a different career, or learn a new craft, NOCE is the right place to embark on your journey to success.

Sincerely,

Valentina Purtell
Provost
North Orange Continuing Education

NOCE MISSION STATEMENT
To promote student success by providing quality lifelong learning opportunities and services that anticipates and serves the diverse needs of individuals, business and the community.

NOCE VISION STATEMENT
North Orange Continuing Education is the first choice for lifelong learning. Our diverse population recognizes us for accessibility to quality programs and services. We are known for our focus on positive student outcomes in educational and career advancement; business development and training; and personal growth for all ages.

NOCE CORE VALUES

Integrity
- through a commitment to our mission and vision statement
- by encouraging a climate of honesty and trust
- through teamwork that depends on accountability and responsibility

Learning
- as a way to meet life’s challenges successfully
- as a path to personal and professional growth
- as a lifelong quest

Excellence
- by delivering comprehensive quality programs and services
- by creatively responding to the educational needs of our community

Diversity
- by recognizing and respecting the significance of each unique individual
- by offering all learners access to relevant learning opportunities

Service
- to the individual
- to the institution
- to the community

NOCE INSTITUTIONAL STUDENT LEARNING OUTCOMES
As a result of enrolling in and completing a North Orange Continuing Education course, group of courses or entire certificate program, students can be expected to demonstrate the following:

1. Empowerment to be lifelong learners. Students can demonstrate the confidence and courage to learn how to learn as well as appropriate research, study, inquiry and goal-setting skills.

2. The ability to function effectively within their community. Students demonstrate appropriate effective interpersonal communication, critical thinking, and problem solving skills as well as an understanding of the value of diversity.

Academics Policies

Academic Honesty
Students are expected to abide by ethical standards in preparing and presenting material which demonstrates their level of knowledge and which is used to determine grades. Such standards are founded on basic concepts of integrity and honesty. These include, but are not limited to, the following areas:

1. Students shall not plagiarize, which is defined as:
   A. stealing or passing off as one's own ideas or words of another or,
   B. using a creative production without crediting the source.
   The following cases constitute plagiarism:
   • paraphrasing published material without acknowledging the source;
   • making significant use of an idea or particular arrangement of ideas, e.g., outlines;
   • writing a paper after consultation with persons who provide suitable ideas and incorporating these ideas into the paper without acknowledgement; or
   • submitting under one's own name term papers or other reports which have been prepared by others.

2. Students shall not cheat, which is defined as:
   A. using notes, aids, or the help of other students on tests or exams in ways other than those expressly permitted by the instructor, or
   B. misreporting or altering the data in laboratory or research projects involving the collection of data.

3. Students shall not submit an original paper or project to more than one class without approval from the second instructor.

4. Students shall not furnish materials or information in order to enable another student to plagiarize or cheat.

Instructors may deal with academic dishonesty in one or more of the following ways:
A. Assign an appropriate academic penalty such as an oral reprimand or point reduction.
B. Assign zero points on all or part of a particular paper, project, or exam.
C. Report to the appropriate administrators, with notification of same to the student(s), for disciplinary action by the school. Such a report will be accompanied by supporting evidence and documentation.

Absences
By the direction of the Chancellor of Community Colleges of California, attendance shall be taken at all class sessions. Regular attendance is expected of every student. Attendance at the first class meeting is strongly recommended because of enrollment demands. Any student not attending the first class meeting may be dropped by the instructor.

Student Responsibilities
While an instructor may drop a student for excessive absences, it is the student's responsibility to officially drop the class by visiting the Admissions and Registration Office located at each NOCE Center, or online by logging onto MyGateway at http://mg.nocccd.edu

Academics Policies

About North Orange Continuing Education

Accreditation
North Orange Continuing Education (NOCE) is fully accredited by the Accrediting Commission for Schools, Western Association of Schools and Colleges. For more information regarding NOCE's accreditation, please contact accreditation chairs Dr. Adam Gottdank at agottdank@noce.edu or Julie Schoepf at jschoepf@noce.edu

Sexual Harassment, Drug-Free and Alcohol-Free District

Non-Discrimination Statement
The policy of the North Orange County Community College District is to provide an educational, employment, and business environment, including but not limited to, access to its services, classes, and programs in which no person shall be unlawfully denied full and equal access to the benefits of, or be unlawfully subjected to discrimination on the basis of ethnic group identification, national origin, religion, age, sex, gender, gender identification, gender expression, race, color, medical condition, genetic information, ancestry, sexual orientation, marital status, physical or mental disability, or military and veteran status, or as otherwise prohibited by state and federal statues, or because he or she is perceived to have one or more of the foregoing characteristics, or based on association with a person or group with one or more of these actual perceived characteristics in any program or activity of the District that is administered by, directly funded by, or that receives any financial assistance from the Chancellor or Board of Governors of the California Community College. Discrimination on the basis of sex or gender also includes sexual harassment.

The following person is designated by the NOCCCD as the Responsible Officer/Section 504/Title IX Coordinator for receiving and coordinating the investigation of all unlawful discrimination complaints filed pursuant to section 59328 of Title V of the California Code of Regulations, and for coordinating compliance with section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, Title IX of the Education Amendments of 1992, and response to discrimination complaints related thereto:

Name: Irma Ramos
Position: Vice Chancellor, Human Resources
Address: 1830 W. Romneya Drive
          Anaheim, California 92801-1819
Telephone: 714.808.4822

Students and employees who believe they have been subjected to unlawful discrimination, including sexual harassment, or who seek information regarding the District's Unlawful Discrimination Policy should contact the Office of the Vice Chancellor, Human Resources.
High School Diploma Credits
Prior to April 2010, continuing and returning students were provided the option to earn a diploma under the previous 185 credit requirement or current 160 credit requirement. Effective the 2012 Fall Term, variable credits can be assigned to new, matriculated students enrolling for or after the 2012 Fall Term. Variable credits will not be an option for continuing and returning students enrolled prior to 2012 Fall Term.

High School Diploma Program Transfer
Policy Effective 2012 Spring Term, the High School Diploma Program administrative staff will no longer consider transfer requests from diploma students seeking to relocate to a different diploma lab/center/site. Diploma students enrolled in one of the High School Labs must commit to completing their diploma studies at their enrolled lab. The High School Diploma Program administrative staff may consider requests that are critical such as a legal reason for attending a different lab/center/site and/or attempting to earn a diploma at the center/site they enrolled in for other academic programs such as credit (college) and/or certificate courses. Diploma students having a critical reason for their request to transfer may contact the program directors directly after informing his/her High School Lab instructor and/or counselor. Because the majority of diploma students are employed and have a family, transferring for these two reasons will not be considered.

Standards of Student Conduct
The standards of student conduct and disciplinary action for violation of Board Policy 5500 were approved by the NOCCCD Board on January 28, 2003, and were drawn in compliance with Sections 66300, 76030, 76033, 76034, 76036 of the State Education Code.

Students are expected to respect and obey civil and criminal law and shall be subject to the legal penalties for violation of the city, county, state, and national laws(s).

Student conduct must conform to Board Policy and college regulations and procedures. As cited in BP5500, "A student who violates the standards of student conduct shall be subject to disciplinary action including, but not limited to, the removal, suspension or expulsion of the student. Misconduct which constitutes “good cause” for disciplinary action includes, but is not limited to, the following:

1. Disruptive behavior, willful disobedience, habitual profanity or vulgarity, the open and persistent defiance of the authority of, or persistent abuse of District personnel, or violating the rights of other students.
2. Failure to identify oneself when requested to do so by District officials acting in the performance of their duties.
3. Cheating, plagiarism in connection with an academic program (including plagiarism in a student publication), or engaging in other academic dishonesty.
4. Dishonesty, forgery, alteration, or misuse of District documents, records, or identification, or knowingly furnishing false information to the District.
5. Misrepresentation of oneself or of an organization to be an agent of the District.
6. Causing, attempting to cause, or threatening to cause physical injury or physical or verbal abuse or any threat of force or violence, to the person, property, or family of any member of the college community, whether on or off District property as defined above.
7. Willful misconduct which results in injury or death to a student or to District personnel, or which results in the cutting, defacing, or other damage to any real or personal property of the District.
8. Unauthorized entry into, unauthorized use of, or misuse of property of the District.
9. Stealing or attempting to steal District property or private property on District premises, or knowingly receiving stolen District property or stolen private property on District premises.
10. Causing or attempting to cause damage to District property, or to private property on District premises.
11. Unlawful use, sale, possession, offer to sell, furnishing, or being under the influence of any controlled substance listed in the California Health and Safety Code, section 11053 et seq., an alcoholic beverage or an intoxicant of any kind, or any poison classified as such by Schedule D in Section 4160 of the Business and Professions Code or other State law defining controlled substance while on District property, or at a District function; or unlawful possession of, or offering, arranging or negotiating the sale of any drug paraphernalia, as defined in the California Health and Safety Code, section 11041.5.
12. Willful or persistent smoking in any area where smoking has been prohibited by law or by regulation of the District.
13. Possession, sale, use, or otherwise furnishing of explosives, dangerous chemicals, deadly weapons or other dangerous object including but not limited to, any facsimile firearm, knife or explosive on District property, or at a District function, without prior written authorization of the Chancellor, college president, North Orange Continuing Education Provost, or authorized designee.
14. Engaging in lewd, indecent, or obscene behavior on District property, or at a District function.
15. Violation of municipal, state, or federal laws in connection with attendance in programs or services offered by the District, or while on District property or at District-sponsored activities.
16. Soliciting or assisting another to do any act (including the purchasing, transporting or consumption of any controlled substance), while under the supervision of a District official, which would subject a student to expulsion, suspension, probation, or other discipline pursuant to this policy.
17. Attempting any act constituting cause for disciplinary action as identified in the above sections of this policy.
18. Committing sexual harassment as defined by law or by District policies and procedures.
19. Engaging in harassing or discriminatory behavior based on disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation or any other status protected by law.
20. Engaging in physical or verbal intimidation or harassment of such severity or perserviveness as to have the purpose or effect of unreasonably interfering with a student’s academic performance, or District employee’s work performance, or of creating an intimidating, hostile or offensive educational or work environment.

21. Engaging in physical or verbal disruption of instructional or student services activities, administrative procedures, public service functions, authorized curricular or co-curricular activities or prevention of authorized guests from carrying out the purpose for which they are on District property.

22. Stalking, defined as a pattern of conduct by a student with intent to follow, alarm, or harass another person, and which causes that person to reasonably fear for his or her safety, and where the student has persisted in the pattern of conduct after the person has demanded that the student cease the pattern of conduct. Violation of a restraining order shall, without more, constitute stalking under this policy.

23. Persistent, serious misconduct where other means of correction have failed to bring about proper conduct or where the presence of the student causes a continuing danger to the physical safety of students or others.

24. Engaging in expression which is obscene, libelous, or slanderous according to current legal standards, or which so incites students as to create a clear and present danger of the commission of unlawful acts on District property, or the violation of the lawful administrative procedures of the District, or the substantial disruption of the orderly operation of the District.

25. Use of the District’s computer systems or electronic communication systems and services for any purpose prohibited by Administrative Procedures 3720, Computer & Electronic Communication Systems, or for any act constituting cause for disciplinary action as provided in this policy.

Furthermore, no student shall be suspended from a college or North Orange Continuing Education program or expelled unless the conduct for which the student is disciplined is related to college, North Orange Continuing Education or District activity or attendance. Also any violation of law, ordinance, regulation or rule regulating, or pertaining to, the parking of vehicles, shall not be cause for removal, suspension or expulsion of a student.

The Chancellor shall establish procedures for the imposition of discipline on students in accordance with the requirements for due process of law. The procedures shall identify potential disciplinary actions including, but not limited to, the removal, suspension or expulsion of a student.

The Chancellor shall establish procedures of which all students are informed of the rules and regulations governing student behavior.

The course requirements for a specific certificate program may change from one catalog to the next and, therefore, may change during the period of time that a student attends NOCE. Catalog rights established when a student first takes classes at NOCE protect the student from being held for additional program requirements that may be added to a later catalog.

Students maintain catalog rights by maintaining continuous enrollment in one of the following courses at NOCE: Basic Skills, Career Technical Education, Disability Support Services, and English as a Second Language. Continuous enrollment is in any two of the previous four consecutive terms, including summer, resulting in an academic record of A, B, C, D, F, P (Pass), NP (No Pass), SP (Satisfactory Progress), or W (Withdrawal). Missing more than two consecutive terms will result in loss of catalog rights due to a break in continuous enrollment.

<table>
<thead>
<tr>
<th>Enrollment in the following term</th>
<th>No enrollment in the following term</th>
<th>Must enroll in the following term to maintain catalog rights</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall</td>
<td>Winter &amp; Spring</td>

<td>Spring &amp; Summer</td>
<td>Fall</td>
</tr>
<tr>
<td>Spring</td>
<td>Summer &amp; Fall</td>
<td>Winter</td>
</tr>
<tr>
<td>Summer</td>
<td>Fall &amp; Winter</td>
<td>Spring</td>
</tr>
</tbody>
</table>

If continuous enrollment is broken, the student must adhere to the catalog requirements in effect at the time continuous enrollment is re-established and maintained.

The lab enrollment in CCTR 100, keyboarding exams, and required certifications (e.g. CPR card) cannot be used to maintain catalog rights. Course substitution and course challenges do not maintain catalog rights as well.

This policy supersedes all previous catalog rights provisions and applies only to the programs at NOCE.

Medical Leave of Absence
Students may file a Petition for Exception for a medical leave of absence when there is appropriate evidence the student was unable to attend classes for an extended period of time to maintain Catalog Rights, as stated in the Catalog Rights Policy published in the school catalog. Students should contact the Registrar’s Office at 714.992.9502 to file a petition within one year of leaving the last term they were in continuous enrollment. The petition will be reviewed and considered for approval based solely upon the following:

Documentation on the student’s inability to attend during the terms in which the student was not in attendance is required. Appropriate evidence should include, but not limited to, physician recommendations or other supporting documentation that is dated and on official organization letterhead.

A student who withdraws due to an approved medical leave will receive a NG (Not Graded) notation on their academic transcript for any classes that they were unable to complete due to medical leave. Any outstanding fees or tuition associated with the course will remain due and payable.

Eligibility applies only to the enrolled student.

Catalog Rights
North Orange Continuing Education (NOCE) issues a new catalog each academic year beginning in the fall term and, if needed, subsequent addendums for the winter, spring, and summer terms. The information published in the catalog or catalog addendums is in effect for the academic year beginning with the fall term and concluding with the summer term.
Military Leave of Absence
Students who are called to active duty may submit a Petition for Exception for a military leave of absence to maintain their catalog rights. Students should contact the Registrar's Office at 714.992.9502 to file a petition.

A student who withdraws due to military service will receive a MW (military withdrawal) notation on their academic transcript for any classes that they were unable to complete due to service. Any fees or tuition associated with the course will be refunded.

Students will retain their catalog rights and enrollment status if they return within one year of release from military service. For the purposes of maintaining catalog rights and enrollment status, any release from military service, other than a dishonorable release, will be accepted. The student must contact the Registrar's Office to provide appropriate documentation upon return from service.

(Section 824 of the Military and Veterans Code)

Grading System

Students enrolled in apportionment courses are awarded an evaluative symbol at the conclusion of each course. The grade issued will become part of the student's permanent academic history and will appear on their NOCE transcript.

Grading for High School Diploma

Student performance in High School Diploma Program courses is indicated below. Grades which carry point value, and which are used in determining the grade point average (GPA), are as follows:

<table>
<thead>
<tr>
<th>High School Academic Grading Scale</th>
</tr>
</thead>
<tbody>
<tr>
<td>A--Excellent</td>
</tr>
<tr>
<td>B--Good</td>
</tr>
<tr>
<td>C--Average</td>
</tr>
<tr>
<td>D--Below Average</td>
</tr>
</tbody>
</table>

The GPA is the total completed grade points divided by the total attempted credit amount.

Credits indicated by the below evaluative symbols are not counted toward GPA

| F--Fail                           | 0 grade point |
| P--Pass Satisfactory, C or better | 0 grade point |
| NP--No Pass                       | 0 grade point |
| CR--Credit                        | 0 grade point |
| NC--No Credit                     | 0 grade point |
| IP--In Progress                   | 0 grade point |
| NG--Not Graded                    | 0 grade point |
| U--Ungraded                       | 0 grade point |

Grading for CTE, DSS, ESL, and LEAP Courses

| P--Pass                           | (no grade points) |
| NP--No Pass                       | (no grade points) |
| RD--Report Delayed                | (no grade points) |
| SP--Satisfactory Progress         | (no grade points) |
| W--Withdrawal                     | (no grade points) |

Students enrolled in a Career Technical Education (CTE) Program are advised that if they do not wish to be graded, they must drop the course prior to the eighth hour of instruction. While an instructor may drop a student for excessive absences, it is the student's responsibility to officially withdraw from a class. If a student withdraws after the eighth hour of instruction, but prior to the last quarter of instruction, the student will receive a "W" grade on their transcript, regardless of whether the drop was initiated by the student or instructor. Students may not drop a course after the start of the final quarter of the course. Please visit www.noce.edu/gradingpolicy for further information.

Auditing Classes

If a student has received a passing grade in a Pharmacy Technician Program or a Medical Assistant Program course and wishes to repeat the course, the student should submit an audit request form to the CTE Program Director. For more information about auditing a Pharmacy Technician or Medical Assistant course, please contact 714.808.4673. There is a $15 fee charged for auditing a course. Fees charged for auditing a course are subject to change. Auditing other NOCE courses is not permitted.

Grade Appeal Policy

NOCE recognized the legal right of faculty to set standards of performance and to apply them to individual students. Therefore, the instructor is the final authority in determining grades that are assigned to students and that appear in their permanent academic records. Students have a right to inquire how their grade was determined and have a right to formally appeal the final grade earned. Appeals are limited to the situations in which students believe the grade is prejudicially, capriciously, or arbitrarily assigned. Grade appeal requests should be initiated by the student during the next term but no later than one year following the award of the original grade. All grade appeal requests should be directed to the NOCE Registrar at 714.992.9502. For additional information, you may refer to Board Policy 4231 at noce.edu/policies.

Course Repetition

No limits are imposed on the repetition of most noncredit courses. However, in the case of special noncredit courses, such as those for students with disabilities, restrictions on repeatability may be imposed when students are judged to have met the objectives of a course and/or are no longer making measurable progress. For additional information, you may refer to Board Policy 4225 at noce.edu/policies.

Credit by Examination

The purpose of credit by examination is to allow credit for prior or advanced knowledge of class material by the student. Currently enrolled students may be permitted to obtain Credit by Examination in subject areas in which they are especially qualified through previous training or experience for which credit has not previously been given. Examinations will be sufficiently comprehensive to determine that the student has essentially the same knowledge and skills as a student who successfully completes the course. Only those courses approved for Credit by Examination will be eligible. Students may discuss credit by exam with an NOCE counselor or for additional information, refer to Board Policy 4235 at noce.edu/policies.

Course Substitution

A request for a course substitution may be discussed with an NOCE counselor.
Disciplinary Dismissal
The standards of student conduct and disciplinary action for violation of Board Policy 5500 are drawn in compliance with the State Education Code.

Students are expected to respect and obey civil and criminal law and shall be subject to the legal penalties for violation of the city, county, state, and national law(s). A student who violates the standards of student conduct shall be subject to disciplinary action including, but not limited to, the removal, suspension or expulsion of the student. For additional information on disciplinary dismissal, you may refer to Board Policy 5500 at noce.edu/policies.

Student Records and Transcripts
The California Administrative Code, Title V, and NOCCCD policy states that students can review their student records at any time. All NOCE student records are located at the Wilshire Continuing Education Center located at 315 E. Wilshire Avenue, Fullerton, CA 92832.

Transcript of Record - Verification of Enrollment and Attendance
Students are entitled to two (2) free copies of their student record in the form of an Official Transcript or a Verification of Enrollment/Attendance. Subsequent copies are $5 per copy. Requests are accepted in person or by mail and both request forms may be accessed at noce.edu/records. Rush transcripts can be obtained for an additional fee of $10.

We are unable to provide Verification of Enrollment/Attendance letters on a “rush order.” Requests will not be processed until completion of the third (3rd) week of the current term.

With the exception of High School Diploma Program courses, transcripts include a notation of the number of hours attended for each course of record.

Classification of Students
Students are classified as full-time when enrolled and attending 12 hours or more of instruction per week. Students enrolled in fewer than 12 hours per week of instruction are considered part-time students. Enrollment and attendance can be confirmed after the student has attended two consecutive weeks of instruction.

The Family Educational Rights and Privacy Act (FERPA) and Release of Student Records
The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They have a right to:
- Inspect and review their education records
- Have some control over the disclosure of information
- Seek to amend incorrect education records

In accordance with FERPA, NOCE may release or publish, without the student's prior consent, items in the category of public (directory) information. The NOCCCD Board of Trustees has identified the following as public (directory) information:
- Degrees and awards received by students, including honors, scholarships, athletic awards and Dean's List recognition
- Student participation in officially recognized activities and sports including weight, height and high school of graduation of athletic team members
- Dates of attendance

Students who wish to restrict this information must submit a written request to the NOCE Registrar’s Office at the Wilshire Continuing Education Center. Requests must be filed within 15 calendar days from the beginning of each term a student is in attendance. For more information, call 714.992.9502.

Student Identification Policy
Students are required to show a valid form of identification to obtain any form of non-directory information. Valid forms of identification accepted by NOCE include: state-issued driver's license, state-issued identification card, or a government identification with photo issued by U.S. or other country. For additional information on what is considered non-directory information, you may refer to Board Policy 5040 at noce.edu/policies.

Admissions/Registration Procedures

Admission to Classes
Students are admitted on a first-come, first-served basis. By District policy, "every course, course section or class shall be open to enrollment and participation by any person who has been admitted to North Orange Continuing Education (NOCE)". Students are not permitted to attend classes in which they are not officially enrolled. Classes filled may have a waitlist already established for students wanting to attend. Non-tuition classes: Students must attend the first day of class or they will lose their seat to a petitioning student.

New Students
New students are those who have never attended classes at NOCE.

Continuing Students
Continuing students are those students who are currently enrolled and have not missed more than two consecutive terms.

Returning Students
Returning students are those students who previously attended classes at NOCE yet did not re-enroll after missing two consecutive terms.

Center Locations
Anaheim Campus
1830 West Romneya Drive
Anaheim, California 92801
714.808.4645

Cypress Continuing Education Center
9200 Valley View Street, Bldg 18
Cypress, California 90630
714.484.7038

Wilshire Continuing Education Center
315 E. Wilshire Avenue
Fullerton, California 92832
714.992.9500

Additional classes are offered at many off-site locations throughout North Orange County. For specific off-site locations, please refer to the current class schedule at www.noce.edu/schedule.
Minor Students
NOCE classes are open to those 18 years or older who have been admitted to NOCE and are not attending school. Students under 18 who have not graduated from high school may be permitted to attend under special circumstances. It is advisable to contact the center Dean at the site where the class is offered prior to obtaining the required permission letter from the school that the minor is attending. If permission to enroll is granted, the minor student may enroll only after the regular registration period so that priority is given to adult students. Children of any age may take Kids’ College and Teen Program classes as indicated in the course schedule. Children are not permitted to attend adult classes.

International F-1 Visa Students
Students with F-1 Visa status are unable to register for NOCE classes.

NOCE is considered a publicly-funded adult education program by the federal government. The law prohibits publicly-funded adult education programs from enrolling students with F-1 Visa status. This is according to the Code of Federal Regulations, Title 8 CFR Part 22 Section 214.2 (f).

Open Enrollment
It is the policy of NOCCCD that, unless specifically exempted by statute, every course section or class, the full-time equivalent students (FTES) attendance of which is to be reported for state aid, whenever offered and maintained by NOCCCD, shall be fully open to enrollment and participation by any person who has been admitted to the college(s) or NOCE and who meets such prerequisites as may be established pursuant to Chapter II, Division 2, part VI, Title V of the California Administrative Code, Commencing with Section 51820.

In-Class Registration
Students must attend the first meeting where in-class registration takes place or they may lose their seat to another student. A minimum number of students must attend the first class meeting to ensure the required enrollment is met. In-class registration is on a first-come, first-served basis, however, students enrolling in a year-round class may enter and register in the class at any time.

Registration Locations
No matter where the class is held, students can register at any NOCE Center: Anaheim (Second Floor), Cypress (Parking Lot 4; Building 18), Wilshire (Building 300). Registration is also available through myGateway at http://mg.nocccd.edu

Fees
Full payment is required at the time of registration. Cash, checks, money orders, and credit cards (MasterCard and Visa) are accepted. A $25 fee will be charged to any students’ account where a check is returned for non-sufficient funds.

Fee-Based Courses
Classes NOT funded by the state are supported by student tuition. Students must cover the cost of the class through fees. Additional instructional material or supply fees may be required. These classes will not be cancelled if attendance falls during the term. While late registration is permissible in most classes, full payment of tuition fees is always required.

Parking Information/Fees
A parking permit is required to park in marked spaces at all three NOCE Centers; however, a purchased parking permit does not guarantee a parking space. If you do not have a permit, you will be ticketed. An NOCE parking permit applies to any space that is marked for students or any unmarked space. Parking permits are refundable prior to the first class meeting only and must be returned to receive a refund. Please do not back into the parking space or you will be ticketed.

DMV disabled person placard holders are permitted to park in disabled parking, or any other student or staff space, but must also purchase an NOCE parking permit.

Vehicle permits: $40; motorcycle permits: $20; both are available at any NOCE Admission and Registration office. Daily passes are available for $3 in the parking pass boxes located throughout the parking areas.

Virtual Parking Permits
At Cypress in lieu of a physical parking permit/hanger, effective September 2016 parking in general parking lots requires a virtual parking permit enforced by license plate recognition. You may register your vehicle online at www.noce.edu/parking-cypress and purchase a permit for the entire NOCE term or for one day. To purchase a permit online with a debit or credit card ONLY you will need your vehicle license plate number or the last eight digits of your VIN number. Day permits are also available for purchase by debit or credit card ONLY at any Cypress College parking kiosk. Virtual Permits are also valid at the Anaheim Campus and Wilshire Center.

Any vehicle found parked on Cypress College property that has three (3) or more unpaid Cypress College parking citations may be towed without notice. Registered owners of the vehicle will be responsible for paying all citations, towing fees, and impound fees prior to the vehicle being released by the impound company.

Bus Passes
OCTA bus passes are available at any NOCE Center's Admission and Registration Office. 30-day regular passes are available to all students; 30-day reduced fare passes are available for seniors 60 years and older, and for disabled students with valid ID. Passes are sold year-round. The Orange County Transportation Authority (OCTA) provides bus service to each of our three NOCE Centers. For more information, call 714.636.7433.

Book Information
All three bookstores offer textbooks and supplies available for purchase, in addition to supplemental education materials and supplies. Books and supplies can be purchased at the following center bookstores:

Anaheim Campus Bookstore
1830 W. Romneya Drive, 2nd Floor
Anaheim, California 92801
714.808.4675

Cypress College Bookstore
9200 Valley View Street, Bldg 20
Cypress, California 90630
714.484.7336

Fullerton College Bookstore
330 East Chapman Avenue
2000 Bldg., 1st Floor
Fullerton, California 92832

714.484.7336

or online at www.cypresscollegebookstore.com
We recommend you call and confirm the hours of operation to ensure they are open during the time you plan to make your purchase.

Refund Policy
To receive a refund, a Refund Petition Form must be submitted at least two (2) full business days before the first class meeting. A $10 processing fee will be deducted from all refunds one time per term, per student, except for classes canceled by NOCE. Refunds will be processed two weeks after the term begins. No refunds will be given on books. Refund checks to KIDS’ College students will be made to the name of the student of record as required by State Education Code regulations. The only other criteria considered for refunds are circumstances in which the course differs from the way it was described in the class schedule, such as incorrect start date, time or wrong location. You may request a credit valid for six months toward any fee-based course. Requests for credits must be submitted prior to the second class meeting of the course being dropped.

Name Changes
Students are encouraged to visit one of the NOCE center Admissions and Registration Offices to change a name on a student record. Students must provide a valid photo identification card when requesting a name change.

Holds
NOCE will withhold transcripts, registration privileges, or any combination hereof from any student or former student who has failed to pay all outstanding fees owed to NOCE, Fullerton College or Cypress College (from current or previous terms) or for other administrative reasons.

Class Attendance/Cancelations
Students are expected to attend all classes. Non-tuition classes may be discontinued during the term if attendance drops. Tuition-based classes will continue according to schedule once they have started.

It is NOCE’s practice that classes do not normally meet on a weekend following a Friday District holiday or preceding a Monday District holiday. If it is necessary for a class to be held on a holiday weekend, this would be an exception to the rule.

Waitlist Procedure
You may petition a closed class by adding yourself to the waitlist during registration in myGateway. Waitlisted students are accepted into a class as space is available and in the order in which they have been placed on the waitlist. A waitlisted student is not officially registered into the course until they have returned the instructor approval form to an NOCE Admissions and Registration Office.

Additional Seats for Special Programs
To promote completion for students in certain Career Technical Education Programs, additional seats may be reserved for students who have declared their intent to complete a program. At this time Pharmacy Technician Program students may declare their intent to complete the program by returning a declaration form to the Admissions and Registration Office. Pharmacy Technician Program students who return this form at least five (5) business days prior to the start of registration will be eligible for additional seats during registration in the following classes: MEOC 135 - Human Relations for Health Care Workers and MEOC 140 - Pharmaceutical Mathematics.

Scholarship Information
NOCE is pleased to offer scholarships for new and existing students. NOCE offers students scholarships to allow them to continue to excel in their educational career. These scholarships vary in their fields, the requirements to apply for them, and the award amount. Each scholarship has been made available through the generosity of individual donors, faculty and staff, and retired administrators. Applications are available online under Student Services tab on the NOCE website or in the Learning Centers at all three NOCE Centers.

A current list of scholarship opportunities is available at: www.noce.edu/scholarships

Student Support Services
Adult College and Career Transitions (ACCT) Program
ACCT is designed for students planning to continue their education after receiving their High School Diploma, English as a Second Language Program certificate or Career Technical Education Program certificate. The intent of ACCT is to give students special support through workshops, tours, one-on-one assistance, and encouragement while enrolled in High School Diploma Program, English as a Second Language Program or Career Technical Education Program. For more information call 714.808.4682.

CalWORKs
The CalWORKs Program is designed for students who are receiving AFDC/Welfare. CalWORKs students are assigned a CalWORKs Counselor who provides the guidance and support needed to meet both their academic goals, and the requirements mandated by their County Social Worker. A team approach is used to advocate for student rights. For more information contact:

- Cypress College CalWORKs at 714.484.7237
- Fullerton College CalWORKs at 714.992.7101

Career Center/Planning
Educational planning services are available to students currently enrolled in: English as a Second Language (ESL), Citizenship, Disability Support Services, Parenting, High School Diploma, Basic Skills, Short-term Vocational classes and programs.

Disability Support Services (DSS)
DSS offers a variety of services and accommodations for students who are enrolled in NOCE classes, and who have verified disabilities including: learning, intellectual, Autism-spectrum, hearing, visual, mobility, psychological, acquired brain injury, and other medical conditions. Accommodations and services are tailored to the student’s individual needs in compliance with state and federal legislation. Students who have a verifiable disability qualify for support services. The services are designed to support students in reaching their academic or vocational goals. Reasonable accommodations are determined on an individual basis through consultation with a DSS counselor. Services and accommodations are based on the educational abilities and functional limitations unique to each student.
DSS offers a large variety of special classes and programs for students with disabilities that provide students with a college experience, that focus on skills needed to live, work and the community independently. Other programs include Workability III (WAIII), College to Career (C2C), and bus mobility skills training. WAIII and C2C are collaborations with the Department of Rehabilitation (DOR), and the bus mobility program is in collaboration with the Orange County Transportation Authority (OCTA). WAIII is a program to help students with disabilities to acquired and maintaining employment. C2C is a program that provides additional support to students with intellectual disabilities who are integrating into general education classes. The final stage of C2C provides job development assistance to students. These additional supports are not mandated services in the community college system.

Students and their families who are interested in DSS programs and services should apply to the North Orange Continuing Education (NOCE) online at www.noce.edu/dss, and then call 714.484.7057 to schedule an appointment with a DSS counselor. General hours of operation are Monday through Friday from 8 a.m. to 5 p.m.

Student Success and Support Program (SSSP)/Counseling
The Student Success and Support Program (SSSP) is a process that enhances student access to the California Community Colleges promoting and sustaining the efforts of students to be successful in their educational endeavors. The goals of SSSP are to ensure that students complete necessary coursework, persist to the next academic term, and achieve educational objectives through the assistance of the following student-direct core services:

- **Orientation**
  Prior to registration, the orientation is designed to introduce students to the NOCE, program requirements, student support services, and success tips.

- **Assessment**
  The purpose of the assessment process is to provide information regarding basic skill levels and activities necessary for a successful academic experience.

- **Counseling and Advisement**
  Counselors are available to discuss course offerings, career counseling, transfer counseling, and personal counseling (including discussing personal concerns and issues affecting students' academic progress).

- **Educational Planning**
  Students are encouraged to see a counselor for help planning their courses prior to registration, identifying electives and program requirements, and track academic progress towards program completion.

SSSP/Counseling provides support to students while completing their educational goals. In general, a student goal is defined as a diploma, certificate, employment or career advancement, English as a Second Language, or transfer to credit.

### Instructional Support Services

#### Open-Labs

- **Basic Skills/Learning Centers**
  High School Diploma and Learning Center students receive assistance in gaining skills to attain personal and educational goals by working with faculty, staff, and tutors in small groups or one-on-one in a variety of subjects such as math, grammar, and reading. Computers are available for online instruction and assessment. Students may also enroll in the Learning Center to gain employability skills, receive additional instructional support in diploma subjects as referred by the diploma lab faculty or staff, or take tutorial support in vocational/career technical education subject areas, and/or prepare for college-level assessments or coursework. Instructional materials, including textbooks, are provided at no cost to students. However, materials are to remain in the labs as they are shared by all students in the classroom.

- **Business/Computer Skills Lab**
  Students receive assistance while accessing a variety of self-paced courses: office keyboarding, data entry, 10-key, typing/keyboarding for speed and accuracy, windows operating system, MS Office (Word, Excel, Access, Outlook, PowerPoint), Introduction to the Internet and world wide web. Internet and e-mail access is also available during lab hours.

- **English as a Second Language (ESL) Learning Center**
  The ESL Learning Center offers an opportunity to practice English through various instructional media. Students learn through ESL software and/or receive individual and group tutoring to improve their speaking, listening, reading and writing skills. Special interest areas such as Vocational ESL and EL Civics are also part of the instruction.

- **Commencement Ceremony**
  NOCE conducts a commencement ceremony in celebration of student accomplishments in the following programs:
  - High School Diploma
  - Administrative Assistant
  - Early Childhood Education
  - Electrical Trainee
  - Funeral Service Assistant
  - Management
  - Medical Assistant (Back Office Only)
  - Pharmacy Technician
  - Quality Assurance Management for Medical Devices

The ceremony is held annually near the end of each academic year, more information is available at www.noce.edu/student-services/commencement-ceremony.
Standard Definitions

Definition of Hours/Credits
NOCE coursework is measured in terms of instructional hours. A noncredit course awarding 10 high school credits is designed to require a minimum of 144 hours of lecture, study, or laboratory work.

Definition of a Prerequisite
When a course has a prerequisite, it means that a student must have certain knowledge to be successful in the course. The prior knowledge may be a skill, ability (i.e. speaks and writes Spanish fluently), a test score, or a successful completion of a prior course (i.e. must have completed MEOC 104 Medical Terminology with a grade of "P"). Completion of the prerequisite or a current enrollment in the prerequisite is required prior to enrolling in the course. Successful completion of a prerequisite course means that a grade of Pass was earned; NP, W, or NG grades are not acceptable.

Definition of an Advisory
When a course has an advisory, it means that a student is recommended to have certain preparation before entering the course. The preparation is advantageous to a student's success in the course but is not required.

Definition of a Career Development and College Preparation (CDCP) Course
Courses identified as CDCP are 1) within a sequence of courses that may lead to improved employability or job placement, or 2) recognized in a career field and prepares students for transfer to a four-year institution.

Definition of Apportionment
These classes appear as free but are actually funded by the California Community College State Chancellor Office. Funding is received for each hour of student attendance. The cost of offering the class is covered by these funds. The class may be cancelled if the attendance falls below the level needed to cover the costs of the class. There are 10 recognized areas in Title V that are eligible for noncredit education apportionment. NOCE offers noncredit classes in the following areas:

- English as a Second Language (ESL)
- Citizenship for Immigrants
- Elementary and Secondary Basic Skills
- Courses for Persons with Substantial Disabilities
- Parenting
- Courses for Older Adults
- Short-Term Vocational
- Workforce Preparation

Definition of Year Round Classes (ESL, DSS, and LEAP Programs)
Most ESL, DSS, and LEAP classes are offered year-round and allow students to enroll in an open entry/open exit basis. Initial enrollment into the course remains active until the student stops attending for an extended period of time, at which time they are dropped from the course.
North Orange Continuing Education (NOCE) offers quality programs and services for students seeking self-improvement, enhanced earning power, increased literacy skills, and access to higher education and employment. Courses are offered during all hours throughout the week and weekends. Some courses may be not be listed in the class schedule for a term or two.

Most classes offered through noncredit programs are tuition free. Funding for these course are provided by the California Community College System and based on NOCE also offers a wide variety of fee-based community service classes. These include career and professional development programs, seminars and workshops, and special programs for kids and teens.

**Basic Skills Labs/ Learning Center**

Learning Centers are open-entry labs where adult students, 18 years of age and older, receive assistance in gaining skills to attain personal and educational goals by working with faculty, staff, and tutors in small groups or one-on-one in a variety of subjects such as math, grammar, and reading. Computers are available for online instruction and assessment. Students may also enroll in the Learning Centers to gain employability skills, receive additional instructional support in High School Diploma subjects as referred by the diploma faculty and staff, obtain tutorial support in vocational/career technical education subject areas, and prepare for college-level assessments and coursework. GED/HISET Preparation is offered for adult students at the NOCE Wilshire Learning Center. For a list of courses, see course descriptions: Adult Basic Education (ABE) and Labs (LABS).

**Business Skills & Opportunities**

See Career Technical Education for more details. For a list of courses, see course descriptions: Business Management (BMGR); Business (BUSN); and Finance (FINC).

**Career Technical Education (CTE)**

The Career Technical Education (CTE) Program offers students a variety of short-term certificate programs and single course options designed to prepare for a high-demand career and advance current work skills. CTE programs combine academic knowledge with technical and occupational skills to provide students with pathways to long-term careers and success. Our CTE Program instructors are leaders in their fields with extensive practical experience to share with students. Much of the growth in current and future jobs will require training beyond high school. Enrolling in NOCE CTE Program classes means job readiness for a new career or a better position in a current work field in two years or less. For a list of courses, see course descriptions: Business Management (BMGR); Business (BUSN); Computers (COMP); Construction (CONS); Digital (DIG); Early Childhood Education (ECE); Electrical (ELET); Funeral Services (FSRV); Medical Occupations (MEDO); Medical Occupations Clerical (MEOC); and Microsoft (MS).

**Computer Applications**

The Computer Applications Program offers courses in the foundational concepts needed to operate personal computer systems. Courses offered include application-specific skill development in Microsoft, Adobe, and Internet-based software. For a list of courses, see course descriptions: Computer (COMP); Computer Lab (CCTR) and Microsoft (MS).

**Center for Applied Competitive Technologies (CACT)**

The Center for Applied Competitive Technologies (CACT) focuses on economic and workforce development in Orange County and surrounding counties. The CACT provides various training and non-training resources to manufacturers, community colleges and K-12 faculty, and local workforce development boards.

The CACT will assist manufacturers, in remaining competitive in a global economy, by developing and providing customized training to meet the immediate training needs of regional manufacturers. A sampling of customized curricula includes: Vocational English as a Second Language (VESL), Advanced Manufacturing Concepts, Basic Electronics, Motor Controls, and Programmable Logic Controls (PLC). For a list of courses, see course descriptions: Competitive Technologies (CACT) and/or [www.makingitincalifornia.com](http://www.makingitincalifornia.com).

**Disability Support Services (DSS)**

The Disability Support Services (DSS) provide students with disabilities with a variety of accommodations and support services that minimize the impact of their disabilities on their academic performance. Services include academic, vocational, and personal advisement; test-taking assistance; advocacy and referral services; registration assistance; assessment and evaluation; interpreters for the deaf; and adaptive technology. Special classes designed to promote the development of independent living and employment skills of individuals with intellectual disabilities are also offered. For a list of courses, see course description: Disability Support Services (DSS).

**English & Communication**

The English and Communication classes offer a variety of opportunities for the adult student to improve their writing, speaking, presentation skills, or gain skills to be a better communicator on the job. Courses such as Communication with the Deaf, Sign Language, and Educational Interpreting also offer pathways to possible future careers. For a list of courses see course description: English/Communications (ENCO) and Sign Language (SIGN).

**English as a Second Language (ESL & Citizenship)**

These courses help second language learners improve their English listening, speaking, and pronunciation skills in order to reach their career, academic, and personal goals. Classes also incorporate civics education to community members and prospective United States citizens. Specialized strands such as Vocational ESL and ESL for Academic Success are available to the advanced-level students. For a list of courses, see course descriptions: English as a Second Language (ESLA) and ESL Education Planning (ESLW).
Foreign Language
Foreign Language courses introduce students to basic grammar, pronunciation, and vocabulary with special emphasis on auditory comprehension and conversation. Students will broaden their language skills while at the same time experiencing a new culture through various class activities. Special emphasis will be placed on spoken communication while expanding listening, reading, and writing skills. For a list of courses, see course description: Language (LANG).

GED/HiSET Preparation
Earning a high school equivalency credential is an alternative option for adults to demonstrate their high school competency skills. The Wilshire Learning Center in Fullerton can help students prepare to pass their High School Equivalency Test (HiSET or GED). Lab faculty and staff assist students with preparation in the subject areas of math, science, social studies, reading, and language arts. Test-taking skills such as keyboarding and calculator usage are included in the preparation. Practice tests are administered to assess readiness for the official exams. Assistance in finding and signing up for the official tests is part of the program. At the Wilshire Learning Center, adults are given the opportunity to prepare and demonstrate their high school level proficiency and their readiness for higher education or the workplace. For a list of courses, see course descriptions: Adult Basic Education (ABE).

High School Diploma (HSDP)
High school diplomas are issued by North Orange Continuing Education to adult students, 18 years of age and older, who earn 160 credits by completing the required course of study and demonstrate proficiency in basic skills. The HSDP operates as an open-entry lab where students work individually and at their own pace on various required subjects. All labs have instructors and staff to assist students with completing their courses. Whole-class or small-group instruction is offered in the major content areas, specifically math and language arts, as well as other subjects as the need arises. Elective credits can be earned in continuing education classes offered through NOCE. New students enter the HSDP through orientation, assessment, and counseling services. Counselors meet with students individually to review assessment scores and transcripts and develop an educational plan of study. HSDP students are highly encouraged to attend their enrolled high school lab a minimum of ten (10) hours per week to make academic progress in their diploma studies. For a list of courses, see course descriptions: Adult Basic Education (ABE) and Individual High School Subjects (IHSS).

Lifeskills Education Advancement Program (LEAP)
The LEAP Program provides dynamic and responsive lifelong learning opportunities to meet the needs of the residents of our diverse community. These are learning opportunities in the areas of vocational training, health and safety, socialization, parenting, enrichment and skill development leading toward personal fulfillment and greater involvement in the community. Both apportionment and fee-based courses are held at various sites throughout the district.

- **Family & Consumer Sciences**
  These courses focus on the lifespan of individuals and families developing and functioning in family, work, and community settings. Individuals are prepared to balance personal, family, and work responsibilities throughout life. Course offerings address the full spectrum of skills necessary to achieve optimal and sustainable living. Courses are offered in the areas of home resource management; parenting and family education; fashion design, clothing production; and hospitality.

- **Finance and Personal Investments**
  For a list of courses, see course descriptions: Accounting (ACCT) and Finance (FINC)

- **Fashion Design & Clothing Production**
  For a list of courses, see course description: Clothing (CC)

- **Bartending**
  For a list of courses see course description: Hospitality Management (HOSM)

- **Parenting**
  For a list of courses, see course description: Parenting (PARN)

- **Fine/Applied Art**
  These courses are dedicated to teaching skills by emphasizing the appreciation and production of works of art placing emphasis on the creative and esthetic principles, technical processes, and development of culture. Students are given an opportunity to be artistically expressive including performance in the areas of art and music. The Fine/Applied Arts courses include photography.

- **Drawing & Painting**
  For a list of courses, see course descriptions: Arts and Crafts (ARTC) and Creative Arts (CRAE)

- **Music**
  For a list of courses, see course description: Music (MUSC)

- **Photography**
  For a list of courses, see course description: Photography (FOTO)
• Kids' College and Teen Program
The Kids' College and Teen Program is a fee-based program providing enrichment activities outside of the regular classroom experience for children and teens from ages 6 months to 17 years old. Classes are offered to provide academic enrichment, personal improvement, or instruction in sports, art, or music. Sessions of six to eight weeks are offered four times a year with classes held after school hours, on Saturdays, and daily during the summer. For a list of courses, see course description: Kids (KIDS).

• Mature Driver
The DMV-approved Mature Driver Improvement Course for individuals 55 or older provides instruction on defensive driving and California Motor Vehicle Laws. Information is provided on the effects that medication, fatigue, alcohol, visual and/or auditory limitations have on a person's driving ability. Upon completion, a DMV certificate will be provided to the student, which may qualify the student for reduced motor vehicle insurance premiums. For a list of courses, see course description: Safety (SAFE).

• Older Adults/Emeritus
These courses are designed to address the educational needs and interests of older adults (50 years and older), focusing on topics that promote independence, advocacy, community engagement, self-maintenance, personal growth, physical and cognitive health, career development, and economic self-sufficiency. For a list of courses, see course descriptions: Adult Basic Education (ABE); Arts & Crafts (ARTC); Consumer Ed (CNED); Creative Arts (CRAE); Education Enrichment (EDEN); Communication (ENCO); Financial (FINC); Fitness (FITN); Health (HLTH); and Music (MUSIC).

• Physical Fitness
Encompasses classes in physical exercise, dance, and martial arts. All of these are offered as fee-based classes. the variety of offerings provides students with options to start or maintain a fitness program. For a list of courses, see course descriptions: Fitness (FITN) and Dance (DAN).

Medical
See Career Technical Education for more details. For a list of courses, see course descriptions: Medical Occupations (MEDO) and Medical Occupations Clerical (MECO).
What are CDCP programs? Career Development and College Preparation (CDCP) Programs are sequenced courses resulting in noncredit certificates of completion or competency and leading to improved employability, job placement, and academic skills. CDCP Programs are offered in the areas of short term vocational or workforce preparation, basic skills, and English as a Second Language. Certificate programs are favorably recognized by business and industry and are frequently used as a requirement for professional advancement. Classes are noncredit and do not generate degree applicable college units.

Basic Skills
- GED Test Preparation
- Literacy Program

Braille Transcribing
- Braille Transcribing Program

Business
- Administrative Assistant Certificate Program
- Management Program

Computers
- Advanced Office Applications Program
- Fundamental Computer Concepts & Skills Program
- Fundamentals for Financial Office Applications Program
- Graphic, Design and Web Skills Program
- Office Application Essentials Program

Construction
- Construction Technology - Electrical Program
- Construction Technology - General Contracting Program
- Electrical Trainee Program

Disabled Students Program and Services
- Employability Certificate for Students with Disabilities
- Workplace Preparation for Students with Disabilities

Early Childhood Education
- Early Childhood Education Program

Electronics
- Electronics - Consumer and Computer Program

English-as-a-Second Language
- ESL Academic Success
- ESL Beginning
- ESL Intermediate / Advanced
- ESL Oral Communication Skills
- ESL Work Readiness
- ESL Written Communication Skills

Workplace Vocational English-as-a-Second-Language:
- Administrative Assistant
- Early Childhood Education
- Electricity and Construction
- Pharmacy Technician

Funeral Service
- Funeral Service Assistant Certificate Program

Medical
- Medical Assistant: Front Office Program
- Medical Assisting Program
- Pharmacy Technician Program
- Pharmacy Technician Registration Program
- Quality Assurance Management Certificate for Medical Devices

GED Test Preparation
Program #24258
This program is designed to prepare the adult student to obtain a passing score on the official General Education Development (GED) test. Upon successful completion of this program, the student will be prepared in all five areas of the GED competency requirement. Acquisition of a GED certificate will lead to improved employability and the skills mastered will apply to entry-level college preparation.

Total Program Hours 336

SCE Learning Center
Designed for students from beginning levels of reading to those working toward a high school diploma. Through the use of small-group instruction, computer-aided instruction, audio books and workbooks, students will learn to become better readers, writers and thinkers. The skills attained can be used for personal growth, job advancement or for entry into other educational programs. A specific learning plan is developed for each student based on student goals, needs and learning style.
ABE 405
GED: Mathematics
GED mathematics prepares students to pass the math section of the GED test. The GED pre-test identifies needed areas of instruction for each student. Scope of instruction is basic computation, analytical and reasoning skills, word problems and word problems with graphics.

ABE 410
GED: Reading
GED reading prepares students to pass the reading section of the GED test. The GED pre-test identifies needed areas of instruction for each student. Scope of instruction includes comprehension, fiction, nonfiction, poetry, and drama.

ABE 415
GED: Science
GED science prepares students to pass the science section of the GED test. Sciences covered are life, physical, earth and space. Students learn to analyze and apply science information.

ABE 420
GED: Social Studies
GED social studies prepares students to pass the social studies section of the GED test. The GED pre-test identifies needed areas of instruction for each student. Scope of course covers U.S. history, world history, civics and government, geography and economics.

ABE 425
GED: Language Arts and Writing
GED writing prepares students to pass the language arts and writing section of the GED test. The GED pre-test identifies needed areas of instruction for each student. This course covers the writing process, grammar usage and mechanics.

Literacy Program
Program #24305
The Literacy program is divided into three levels. Each level contains a reading, writing, speaking and listening component which allows the student to develop a complete set of communication skills that will prepare him/her for the workplace, vocational training, or success in academic programs such as GED, high school or college.

</table>

Total Program Hours 297

ABE 430
Literacy - Beginning
Designed for students with very limited reading skills. The focus of this course is on decoding skills, fluency and workplace literacy. Sight words and essential word reading are covered.

ABE 432
Literacy - Intermediate
Reading and writing preparation for the workplace or academic advancement. Emphasis on reading for information, vocabulary expansion and good communication skills.

ABE 435
Literacy - Advanced
Reading for information and academic vocabulary. Writing skills necessary for higher education and the workplace such as essays, note taking, job applications, resumes, and business writing.

Braille Transcribing

Braille Transcribing Program
Program #33138
The Braille Transcribing Program is comprised of three classes that prepare students for the Library of Congress Braille Transcriber Certification which is required to be employed as a braille transcriber in public schools. The three sequenced courses are designed to provide the necessary skills to read and produce braille for all levels of educational institutions as well as other community needs.

Total Program Hours 90

ENCO 535
Braille Transcribing: Basic Rules
This class is designed for sighted and visually-impaired persons to learn the basic skills of transcribing print into braille.

ENCO 537
Braille Transcribing: Reading and Writing Contractions
This class is geared for sighted and visually-impaired persons to learn the art of transcribing print into braille at the intermediate level.

ENCO 539
Braille Transcribing: Advanced Symbols and Formatting Manuscripts
This class is geared for sighted and visually-impaired persons to learn the art of transcribing print into braille at the advanced level.
**Business**

**Administrative Assistant Certificate Program**
**Program #24174**
Training includes: Keyboarding and Speed Building, Introduction to Computers, Window XP, Microsoft Word, Microsoft Excel, Microsoft PowerPoint, Internet, Email, Customer Service, Communication and Problem Solving, Telephone Techniques, Business Mathematics, Writing Memos, Proofreading and Spelling, Filing, Job Hunting Skills. (Two Trimesters or 24 weeks).

**Total Elective Hours** 36

**Total Program Hours** 216

**BMGR 410**
**Elements of Supervision**
Provides instruction in communication, problem solving, team building and leadership. Designed for managers in both public and nonprofit organizations.

**BMGR 412**
**Management Skills I**
This course provides an overview of the functions of the management process and its practical applications in a business environment. The course focuses on the planning process and organizing skills, including decision-making, strategic planning, delegating and staffing. Students will learn management principles that provide basic guidelines for supervision decisions and actions.

**BMGR 415**
**Written Communications for Business**
Provides extensive hands-on experience with all types of written business communications including letters, resumes, cover letters, memos, and reports.
BMGR 417  
**Effective Business Presentations**  
This course provides instruction and practice in business presentation skills. Students will learn techniques to enhance their ability to speak before any size group with more confidence and communicate their message effectively. Students are encouraged to participate in a video tape exercise for their own assessment of strengths and weaknesses.

BMGR 421  
**Successful Negotiations**  
Participants will learn, practice, and perfect the skills required for achieving better outcomes in sale transactions, employment and promotion, purchasing, employee cooperation.

BMGR 423  
**Introduction to Employment Law**  
This course is an introduction to the federal and California state laws governing the relationships between employers and employees. It examines the nature, purpose, and operation of these laws from the perspectives of both the employer and employee.

BMGR 430  
**Marketing Principles**  
Introduces the student to the marketing principles of product, price, distribution and promotion in support of goods and services. The course will focus on real world application and case studies. The student will learn to apply marketing skills in the development of a marketing plan.

BMGR 431  
**Finance for the Non-Financial Manager**  
This course introduces students to the basics of business finance for the non-financial manager. Financial statements will be covered along with discussions on sales and expenses, assets and liabilities, budgeting and planning, and financial analysis.

BMGR 452  
**Understanding Business Contracts**  
This course will provide an overview of contract principles and will explore the meaning, purpose and effect of common contracts clauses, i.e., limitation of liability, warranty and indemnification. Students will learn how to achieve a better contract result by knowing why, when and how to request contract modifications.

BMGR 610  
**Management Skills II**  
This course focuses on developing management skills in working with individuals and teams to promote productivity, quality and innovation. Topics include employee performance appraisal, performance management, work groups, and the control process for keeping people, plans and programs on track.

COMP 100  
**Introduction to Computers**  
Designed for those who know nothing or very little about computers. Builds computer technology understanding, makes one a better consumer of computers and products, and explores operation systems, software and hardware. Provides foundation for other SCE computer classes.

MS 104  
**Introduction to Windows Operating System**  
Advisory: Knowledge of Windows. Learn the newest Windows operating system; includes desktop and file management, security, adding hardware and software, personalizing Windows XP, making connections and communicating with other people.

MS 105  
**Introduction to Excel**  
Provides a basic working knowledge of this popular spreadsheet program. Covers topics such as formulas, functions, and charting.

MS 106  
**Introduction to Access**  
Advisory: Introduction to Computers, Introduction to Windows or equivalent. Design databases using this popular software package. Includes creating tables, forms, reports and labels.

MS 107  
**Intermediate Access**  
Learn how to build and modify advanced tables, forms and reports. Develop proficiency in use of encrypting database files, defining relationships and defining queries. Text/disk required. Recommended proficiency in: Introduction to Computers, Introduction to Windows, Introduction to Access or equivalent.

MS 119  
**Introduction to PowerPoint**  
Advisory: Knowledge of Windows. Learn how to create on-screen presentations using text, graphics, sound effects and movies.

MS 134  
**Intermediate Word**  
Advisory: Introduction to Computers, Introduction to Windows, Introduction to Word or equivalent. This continuing course covers features such as mail merging, styles and templates, large documents and WordArt. Textbook purchase may be required at first class.

MS 144  
**Introduction to Word**  
Advisory: Introduction to Computers, Introduction to Windows or equivalent. Provides a basic working knowledge of Word. Covers topics such as formatting with fonts, paragraph alignment, indents, margins, inserting clip art bullets and numbering, columns and tables.

MS 160  
**MS Office - Overview**  
Advisory: Knowledge of Windows and keyboarding. Learn the basics of Word, Excel, PowerPoint and Access in one class. Topics include document formatting, working with graphics, basic formulas, queries and reports. This class serves as a foundation for other MS Office Courses.
**Advanced Office Applications Program**

**Program #24176**

This certificate program will prepare students for a professional level office environment in administrative work. Students completing this program will be successful in a mid-level office environment requiring stronger knowledge of spreadsheet, database, and planning at an administrative support level.

**CCTR 100 Business/Computer Skills Lab**

Enjoy free, flexible scheduling for a variety of courses: Office Keyboarding, Data Entry, 10-Key, Typing/Keyboarding for Speed and Accuracy, Windows XP, MS Office (Word, Excel, Access, Outlook, PowerPoint), Intro to Internet and World Wide Web, internet access and free email!

**COMP 645 Integrated Computer Projects**

Designed for those who want to apply the knowledge they have gained from previous computer classes. See how those skills can be put to work in real world simulations! Capstone course for students who have already learned the basics of computer usage. Recommended proficiency in: Introduction to Computers, Discover the Internet, MS Office Overview or equivalent.

**MS 107 Intermediate Access**

Learn how to build and modify advanced tables, forms and reports. Develop proficiency in use of encrypting database files, defining relationships and defining queries. Text/disk required. Recommended proficiency in: Introduction to Computers, Introduction to Windows, Introduction to Access or equivalent.

**MS 134 Intermediate Word**

Advisory: Introduction to Computers, Introduction to Windows, Introduction to Word or equivalent. This continuing course covers features such as mail merging, styles and templates, large documents and WordArt. Textbook purchase may be required at first class.

**MS 165 MS Excel - Power-User Skills**

Advisory: MS 105 Introduction of Excel or equivalent. This course is for people who are comfortable using MS Excel and who want to develop "power skills". Topics include computational techniques (defining names, nested IF functions, summarizing data), using Excel's database tools (tables, database operations, lookup functions), and expert skills (conditional formatting, macros). Also covered are advanced formatting techniques and shortcuts for accelerating productivity.

---

**Fundamental Computer Concepts & Skills Program**

**Program #24414**

This certificate program will prepare students to work in an entry-level office environment performing tasks such as basic data entry, word processing, research utilizing the Internet, and basic computer operation suitable for working in a business environment. Students completing this program would have the basic computer skills to be successful in an entry-level clerk or general office support position.

COMP 650
**QuickBooks Fundamentals for the Financial Office Applications**
Teaches students the basics of using the QuickBooks software to develop customized financial application for business. The course covers special techniques for reducing data entry time, eliminating errors and getting consistent results. Upon completion students will understand the basics of QuickBooks to simplify financial tasks.

COMP 655
**MS Word Fundamentals for the Financial Office Applications**
This brief course covers the essentials to creating simple documents with Microsoft Word in a financial office environment. An excellent course for beginners or those who need to know the basic. In-class projects will include memos, lists, letters, resumes and signs.

COMP 660
**MS Excel Fundamentals for the Financial Office Applications**
This brief course covers the essentials to creating simple spreadsheets with Microsoft Excel in a financial office environment. An excellent course for beginners or those who need to know the basic. In-class projects will include an address list, budget, and inventory tracking sheet.

COMP 665
**MS PowerPoint Fundamentals for the Financial Office Applications**
This brief course covers the essentials to creating simple presentations with Microsoft PowerPoint in a financial office environment. An excellent course for beginners or those who need to know the basics. Topics will include animations, transitions and slide shows. Learn how to create a professional-looking slide show without designing each slide from scratch!

COMP 670
**Create PDF’s with Adobe Acrobat**
Learn the standard for sharing documents online! Create PDF files using Adobe Acrobat. Protect documents, create forms, and combine multiple files with Adobe Acrobat.

Graphic, Design and Web Skills Program
Program #32943

This certificate program will prepare students to work in an entry-level graphic design/web development position performing such tasks as editing a simple website, creating and optimizing digital images, cataloging and retrieving digital files.

Enjoy free, flexible scheduling for a variety of courses: Office Keyboarding, Data Entry, 10-Key, Typing/Keyboarding for Speed and Accuracy, Windows XP, MS Office (Word, Excel, Access, Outlook, PowerPoint), Intro to Internet and World Wide Web, internet access and free email!

COMP 119
**Adobe Photoshop Elements**
Advisory: Knowledge of Windows. Utilize photo editing software to enhance graphic design capabilities. This class introduces tools used by professional designers in an easy to use, powerful, digital-image editing program. Textbook may be required.

COMP 121
**Digital Photo Albums for Beginners**
Advisory: MS 104 Introduction to Windows Operating Systems and COMP 105 Discover the Internet. Learn how to import photos from various sources; organize and manage photos; perform basic editing functions of photos, email photos and share albums; create slide shows and video CDs; and create cards, calendars, albums, and a photo book. Textbook may be required.

COMP 675
**Digital Scrapbooking**
Advisory: Knowledge of Windows and Photoshop or Photoshop Elements. Scrapbooking is a 2.5 billion-dollar industry in the United States. Computerized graphic design is dramatically transforming the industry. Digital scrapbooking skills are important for anyone working in the graphic design field. Learn the design essentials of professional digital scrapbooks, hardware and software requirements, and the creation of graphic elements.

COMP 705
**Digital Photo Restoration and Portrait Makeovers**
Advisory: COMP 119 Adobe Photoshop Elements and knowledge of Windows for photographers and scrap bookers who want to advance their skills to repair old photos and touch up portraits. Topics include repairing scratches and tears on old photos; fixing hair, teeth, skin, red eyes, and blemishes; enhancing photos; combining images; creating backgrounds and frames; and selecting photo papers. Textbook required.
Office Application Essentials Program  
Program #24346 
This certificate program will prepare students to work in an entry level office environment performing tasks such as basic word processing, spreadsheet, database and other essential business software applications. Students completing this program would have the basic computer administrative support position.

**ABE 105 ABE Learning Center**  
Designed for students from beginning levels of reading to those working toward a high school diploma. Through the use of small-group instruction, computer-aided instruction, audio books and workbooks, students will learn to become better readers, writers and thinkers. The skills attained can be used for personal growth, job advancement or for entry into other educational programs. A specific learning plan is developed for each student based on student goals, needs and learning style.

**CONS 100 Electrical Wiring and Safety I**  
Covers basic electrical theory, terms, residential wiring techniques, grounding, basic switching circuits, residential load calculations and services. Based on current National Electrical Code (NEC).

**CONS 101 Electrical Wiring and Safety II**  
Course covers commercial wiring, conduit systems, over-current protection, polyphase distribution, grounding, voltage-drop equations and lighting. Based on the current National Electrical Code (NEC).

**CONS 142 Electrical Wiring and Safety III**  
Course covers industrial wiring, conduit systems, over-current protection, transformer circuits, electrical motors, motor repairs, motor control circuit, and electrical installations. Based on Current National Electrical Code (NEC) trips to various electrical installations.

**ELET 102 Basic Electricity**  
Course starts with basic electricity and progresses into residential wiring in accordance with the National Electrical Code (NEC). Students learn how to obtain an electrical contractor's license. Supplies purchase required as specified by instructor.
**Construction Technology - General Contracting Program**  
Program #24087  
This program will prepare students to enter the business of general contracting for residential buildings and/or sub-contracting (trade specific). Topics covered include State licensing and experience requirements; financial and legal aspects of the contracting business; residential construction fundamentals; and project management.

**CONS 121 Contracting License**  
This course is designed for students interested in exploring career opportunities in general contracting and sub-contracting, current contractors interested in enhancing their business and law skills, and students who want to prepare for the California Contracting License Examination by the Contractors State License Board (CSLB).

**CONS 138 Room Addition Fundamentals**  
This course covers the fundamentals of residential construction and the sequence of events that take place for a room addition. This includes preparing the required plans, obtaining city building permits and communicating with city building inspectors. The course will also cover project management and legal considerations.

**Electrical Trainee Program**  
Program #31327  
This program will prepare students to work in an entry-level position in the construction industry assisting with the electrical installation and repair of electrical wiring in buildings. Students will receive an overview of the construction industry with a focus on the career path of an electrical trainee. Topics include safety; construction math; tools and materials handling; electrical theory; code requirements and application for residential, commercial and industrial wiring; prints and specifications.

---

**ABE 105 SCE Learning Center**  
Designed for students from beginning levels of reading to those working toward a high school diploma. Through the use of small-group instruction, computer-aided instruction, audio books and workbooks, students will learn to become better readers, writers and thinkers. The skills attained can be used for personal growth, job advancement or for entry into other educational programs. A specific learning plan is developed for each student based on student goals, needs and learning style.

**CONS 121 Contracting License**  
This course is designed for students interested in exploring career opportunities in general contracting and sub-contracting, current contractors interested in enhancing their business and law skills, and students who want to prepare for the California Contracting License Examination by the Contractors State License Board (CSLB).

**CONS 230 Introduction to Blueprint Reading**  
An introduction to blueprint reading using a fundamental approach, this course will familiarize trainees with basic blueprint terms, components and symbols. Trainees will learn the different types of blue print drawings (civil, architectural, structural, mechanical, plumbing/piping, and electrical) and how to interpret and use drawing dimensions.

**ELET 140 Introduction to Electrical Trainee**  
Course provides an overview of the construction industry with focus on the career path of an electrical trainee. Students will learn about the skills needed to launch a successful career in the electrical trade. Topics include safety, construction math, tools and materials handling, job site management, and State Certification requirements for electricians.

**ELET 145 Electricity Fundamentals**  
Prerequisite: ELET 140 Introduction to Electrical Trainee. Course covers basic electrical concepts, including electrical measurements, basic electrical theory, and an understanding of how common electrical components work. Course provides a basis for understanding electrical safety concepts.

**ELET 150 Wiring Fundamentals: Residential**  
Prerequisite: ELET 145 Electricity Fundamentals. Course provides an overview of the National Electrical Code (NEC) and its application to residential wiring. Topics include electrical standards, residential wiring techniques, grounding, basic switching circuits, residential load calculations, and electrical services in accordance with the NEC.

**ELET 160 Wiring Fundamentals: Commercial**  
Prerequisite: ELET 145 Electricity Fundamentals. Course provides an overview of the National Electrical Code (NEC) and its application to commercial wiring. Topics include commercial wiring, conduit systems, conductor types and applications, over-current protection, polyphase distribution, system and equipment grounding, and voltage-drop equations and lighting sources in accordance with the NEC.
ELET 170  
Wiring Fundamentals: Industrial  
Prerequisite: ELET 145 Electricity Fundamentals. Course provides an overview of the National Electrical Code (NEC) and its application to industrial wiring. Topics to include industrial wiring, conduit systems, conductor types and applications, over-current protection, polyphase distribution, system and equipment grounding, electrical motors, motor circuit conductors, motor control circuits, and electrical power installations in accordance to the NEC.

Disability Support Services

Employability Certificate  
Program #24065  
This sequence provides skills necessary to enhance employability of students with disabilities. It offers a foundation of basic skills that increase the direct and indirect job skills necessary for obtaining and maintaining employment. Among the skills that students will develop are the ability to: communicate effectively on the job; locate job opportunities; problem solve; set goals; remain safe; utilize transportation resources to and from work; manage personal finances; use computer technology; develop and maintain appropriate interpersonal relationships; and advocate for personal rights. Counselors provide accommodations and services to assist students throughout their time in the program. A job transition specialist refers students to appropriate employment opportunities and agencies. In addition, the program maintains relationships with vocational agencies and employers that enhance students’ opportunities for obtaining employment.

Total Program Hours 1302

DSPS 114  
Relationships and Sexuality Training  
A class geared for students with developmental or learning disabilities that is designed to provide a comprehensive and meaningful overview. The course strives to build healthy, safe sexual attitudes, behaviors, and relationships consistent with personal values.

DSPS 121  
Computer-Assisted Instructional Lab  
Designed for students with disabilities to provide instruction in computer operation, word processing and the use of adaptive computer equipment.

DSPS 130  
Bill Paying and Banking  
This class is designed for adults with developmental disabilities and learning disabilities who want to learn how to maintain a checking account. This is an introductory class that teaches banking vocabulary and step by step on how to open and manage a checking account. Students will be required to use the Quicken software program for balancing their checking account.

DSPS 133  
Self-Advocacy  
Instruction designed for students with developmental or learning disabilities to enhance advocating for self in everyday life situations.

DSPS 137  
Job Skills  
Designed for students with developmental or learning disabilities to help recognize and achieve potential as independent members of the community. Lecture, lab, and field experience are combined to provide the student with a comprehensive and meaningful educational experience.

DSPS 138  
Communication on the Job  
A class designed for students with developmental or learning disabilities who want to learn how to improve their communication skills in relationship to employment. Course will include activities to enhance written and verbal skills.

DSPS 140  
Social Skills  
This course is designed to give students with developmental and learning disabilities an overview of appropriate social skills at school, work, and in the community. Through examples in their own lives as well as instructional materials various areas social skills challenges will be explored, any necessary coping strategies taught.

DSPS 150  
Critical Thinking  
Designed to assist adults with disabilities in acquiring or improving critical thinking skills necessary to function independently in a variety of activities, situations, and environments. Emphasis on problem solving and decision making through understanding and evaluating situations, utilizing knowledge of cause and effect relationships, exploring options, and planning and implementing strategies.

DSPS 155  
Mobility Skills  
A class designed for students with disabilities to enhance independence by introducing safe practices and knowledge for using public transportation.

DSPS 175  
Personal Safety  
This course is designed to introduce students with developmental disabilities to personal safety awareness. Students with disabilities will be presented with proactive steps to take to avoid dangerous situations in the community and at home. Students with disabilities will also be presented with basic techniques for self-defense and first aid.
DSPS 180  
Beginning Banking  
This class is for students with disabilities who want to learn how to spell money amounts, fill out a check, make a deposit, record checks and deposits in a check register, and record ATM transactions in a register. This class would be beneficial for students who want to learn the basics of banking, who need practice with the basics of banking, or who are new and would like to take the Banking for Apartment Living class.

Workplace Preparation  
Program #24250  
This sequence provides skills necessary to enhance employability of students with disabilities. It offers a foundation of basic skills that increase the direct and indirect job skills necessary for obtaining and maintaining employment. Among the skills that students will develop are the ability to locate job opportunities; problem solve; set appropriate vocational goals; develop a budget and manage personal finances with the use of computer technology. Counselors provide accommodations and services to assist students throughout their time in the Program. A Job Transition Specialist refers students to appropriate employment opportunities and agencies. In addition, the Program maintains relationships with vocational agencies and employers that enhance students’ opportunities for obtaining employment.

DSPS 260  
Introduction to Checking Accounts  
A quick-paced course designed to provide students with disabilities with basic banking skills including writing checks and depositing paychecks.

DSPS 265  
Exploring Your Occupational Path  
This course is intended to assist adults with disabilities in establishing a clear and realistic occupational goal. Students will assess their interests and abilities in order to establish attainable objectives to achieve their goal. Students will also explore resources for seeking employment in their chosen occupational field.

DSPS 270  
Work Attitudes and Employer Expectations  
This course is intended to prepare students for successful employment by introducing them to appropriate on-the-job behavior, communication, attitude and work ethic. Students will also be introduced to the importance of workplace safety and customer service.

DSPS 275  
Paying Bills  
A quick-paced course designed to provide students with disabilities with basic money management skills including use of an ATM and bill paying.

DSPS 280  
Landing a Job  
This course is designed to introduce students with disabilities to filling out and submitting both written and online job applications. This course will also introduce students to effective job interview preparation, technique and attire.

DSPS 285  
Budgeting for Apartment Living  
A quick-paced course designed to provide students with disabilities with money management skills for employed students living in their own apartment.

Early Childhood Education  
Early Childhood Education Program  
Program #24404  
This program is designed to train individuals for teacher and caregiver positions in licensed, proprietary infant/toddler/preschool/child daycare center. Curriculum is approved by the State Department of Community Care Licensing. (There are five required courses, and student must choose two of seven electives.)

**Total Program Hours** 276
ABE 105  
**SCE Learning Center**  
Designed for students from beginning levels of reading to those working toward a high school diploma. Through the use of small-group instruction, computer-aided instruction, audio books and workbooks, students will learn to become better readers, writers and thinkers. The skills attained can be used for personal growth, job advancement or for entry into other educational programs. A specific learning plan is developed for each student based on student goals, needs and learning style.

ECE 100  
**Child Health and Safety**  
For teachers and directors of pre-schools, this course will focus on the skills and knowledge needed for developing emergency plans and responding to health and safety issues in the classroom.

ECE 108  
**ECE Program Principles and Practice**  
Course examines the history, basic principles, and philosophies of various types of early childhood programs, emphasizing the role of the adult and characteristics of quality programs. This course is part of a program approved by the California Department of Social Services, Community Care Licensing, for employment in private facilities only.

ECE 112  
**Language Arts and Literacy in Early Childhood**  
This course examines the teacher's role in promoting and facilitating children's emerging literacy and language development through the use of storytelling, books, songs, flannel board stories and puppetry. This course is part of a program approved by the California Department of Social Services for employment in a private facility.

ECE 116  
**Program Music & Movement**  
Explores areas of music and movement appropriate to child's development through participating and experimenting.

ECE 130  
**Program Science & Math**  
Plan, organize and implement activities that help children develop skills, appreciation and enthusiasm for science and math.

ECE 132  
**Program Creative Experience**  
Student awareness and application of materials appropriate for preschool art activities.

ECE 136  
**Family Community Relationships**  
Examination of the sociological relationships between family and society; institutional, racial, social, and economic factors affecting the family and the child.

ECE 140  
**Early Childhood Development**  
Intro to age-related child growth, development, learning characteristics, self-concept, mechanics and techniques of positive learning.

ECE 165  
**Children with Special Needs**  
This course offers a broad study of children with special needs and early childhood education as it relates to inclusion. This course covers federal and state laws and regulations, terminology and definitions, appropriate practices and intervention. This course is part of a program approved by Department of Social Services, Community Care Licensing.

ECE 170  
**Introduction to Curriculum for Early Childhood Education**  
**Prerequisite:** ECE 140 Early Childhood Development. This course provides the foundation for curriculum planning, implementation, observation, assessment and evaluation. Emphasis includes modalities, learning styles, environments, activities, schedules, routines and adaptations to facilitate learning for all children. This course is part of a program approved by the California Department of Social Services for employment in private facilities.

ECE 175  
**Infant-Toddler Care**  
This course explores the theories, principles and practices of an infant/toddler program. Content includes respectful, responsive care giving, licensing and regulation issues, and enriching, safe, healthy developmentally appropriate environments. This course is part of a program approved by the California Department of Social Services for employment in private facilities.

**Electronics**

**Electronics - Consumer and Computer Program**  
**Program #24405**  
This program will prepare students to work in an entry-level position in a small electronics business assisting in the repair and/or sales of electronic equipment including home entertainment equipment and computers.

**ELET 100**  
**Basic Electronics for Video, Audio and Computer**  
This course offers the fundamentals of basic electronics, including electronics theory with a focus on analog electronics. Students receive practical lab experience to understand and troubleshoot circuits. This course is a starting point for students preparing for a career as an electronic technician.
ELET 112  
**Electronic Service Technology**  
Prerequisite: Basic electronic knowledge. Course reviews AC/DC theory and basic electronic circuits. Learn to use electronic test equipment and hook up home entertainment equipment. Proceed with testing, troubleshooting and preventive maintenance for radio, TV, VCR, microwave and DVD/CD player. Purchase of small electronic kit as specified by instructor required. Basic knowledge of electronics recommended.

ELET 116  
**Personal Computer Repair, Beginning**  
Covers the fundamentals of computer repair and maintenance through the study of theory, terminology, troubleshooting of IBM compatible personal computers and hands-on training.

### English as a Second Language

#### ESL Academic Success  
**Program #24293**  
The ESL Academic Success Program is a fully-integrated program that bridges ESL classes with college, high school, the GED, and vocational training programs. The goal is to prepare students to function successfully in a variety of academic settings. The program will offer high-level ESL courses as well as student services including but not limited to counselor-led workshops, assistance with college application, and field trips.

The students will learn how to take notes, build vocabulary, write research papers, and participate in academic discussions. The basics of time and stress management, financial aid, and college orientation are embedded in the course outlines and presented in the workshops.

#### ESL Beginning  
**Program #24211**  
ESL Beginning is an articulated sequence of courses designed to equip students with the basic language and cultural proficiencies required for fulfillment of personal, vocational, and academic goals. The courses integrate language acquisition (linguistic competence) with relevant life experiences (sociolinguistic competence) stressing the importance of critical thinking, problem solving, and self-sufficiency including learning strategies, i.e. how to learn on your own outside of class (strategic competence). The sequence is articulated in terms of progressing levels of language skills and informational content. Vocational skills for the ESL Beginning sequence include handling basic routine work situations that combine oral directions and demonstration. Academic skills include getting limited meaning from printed materials and generating basic short sentences.

#### ESLA 1040  
**Listening/Speaking for Academic Success**  
Learn how to listen to and take lecture notes; participate in classroom discussions; give presentations; and take exams in college, career technical education, high school, and GED programs. Acquire technological skills necessary for academic success. Experience campus life through field trips to local colleges. For Intermediate High thru Advanced level students.

#### ESLA 1045  
**Reading/Writing for Academic Success**  
Acquire reading, writing, note-taking, test-taking, critical thinking, and computer skills necessary for academic success in college, high school, GED, or career technical education programs. Learn American cultural norms in the classroom. Participate in campus life through field trips to local colleges. For Intermediate High through Advanced level students.

#### ABE 105  
**SCE Learning Center**  
Designed for students from beginning levels of reading to those working toward a high school diploma. Through the use of small-group instruction, computer-aided instruction, audio books and workbooks, students will learn to become better readers, writers and thinkers. The skills attained can be used for personal growth, job advancement or for entry into other educational programs. A specific learning plan is developed for each student based on student goals, needs and learning style.

#### ESLA 001  
**ESL Learning Center**  
The ESL Learning Center offers an opportunity to practice English through various instructional media. Students learn through ESL software and/or receive individual and group tutoring to improve their speaking, listening, reading and writing skills. Special interest areas such as Vocational ESL and EL Civics are also part of the instruction.

#### ESLA 100  
**ESL Beginning Literacy**  
This course is designed for language learners who possess limited or no proficiency in English. It develops students' ability to recognize basic language functions and forms. Students will also practice basic penmanship.
ESLA 120  
**Family Literacy**  
The course focuses on incorporating reading and literacy as a fundamental component of a healthy, well-functioning family. The family-oriented assignments integrate school and home.

ESLA 200  
**ESL Beginning Low**  
The course content integrates language functions and forms with informational sources, skills, and topics. Topics may be general or vocational, such as personal identification, weather, money, job titles, following simple instructions. Among informational sources the topics may include: lists, signs, schedules, calendars and advertisements.

ESLA 300  
**ESL Beginning High**  
The course integrates language functions and language forms with informational sources, skills and topics such as housing, transportation, emergencies, health, job skills, and job safety.

---

**ESL Intermediate / Advanced**  
Program #24179  
ESL Intermediate/Advanced is an articulated sequence of courses designed to equip students with the high-level language and cultural proficiencies for fulfillment of personal, vocational, and academic goals. The courses integrate language acquisition (linguistic competence), relevant life experiences (sociolinguistic competence), critical thinking, and, learning strategies, i.e. time management and basics of research (strategic competence).

The sequence is articulated in terms of progressing levels of language skills and informational content. Upon exit, students will have the ability to use English to meet social, academic, and vocational demands of the society. They will function effectively in situations that require interaction with the public and following written instructions in technical work manuals, and will have sufficient language skills to enter higher educational institutions: community colleges and technical schools.

ESL Oral Communication Skills  
Program #24062  
The goal of this sequence of courses is to develop students' receptive language skills of listening and productive skills of speaking to communicate effectively in a variety of contexts, including academic and vocational. The pronunciation instruction focuses on intelligibility so that students can meet communication demands of a particular job or academic program. Communication strategies include ability to adjust one's speech to be understood and ability to sustain formal and informal conversations on practical, academic, and social topics.  

Students will use acquired skills in the context of theatrical performance and oral interpretation in pre-academic setting. This includes knowledge of specific terminology, comprehending short lectures, interpreting a play, and building social skills and confidence necessary for public speaking.  

By completing the Drama for Communication or Reading Out Loud course, students may earn credits towards obtaining a High School Diploma.

*ESLA 802 ESL Pronunciation/Conversation Skills*

This course is designed for intermediate to advanced ESL learners to improve conversation and pronunciation skills in English. It is recommended that participants have English language skills at a Beginning High level.

*ESLA 805 Drama for Communication*

This ESL course builds students' reading, speaking, and pronunciation skills in the context of theatrical performances. Students will examine human experiences and cultural norms through imagined roles and expand creative thinking. Students will learn history and terminology of the performing arts and build social skills and confidence necessary for public speaking.

*ESLA 809 American Idioms*

Students will become familiar with common American English idioms, their meanings and uses and demonstrate the application of idioms to everyday situations. In addition, students will learn the skills of deducing the meaning of the new vocabulary from context and become more comfortable sharing their opinions and experiences while practicing the target idioms.

*ESLA 814 Intermediate Vocabulary Review*

Students will review, expand, and retain vocabulary words and phrases organized by commonly used topics. Students will work on using approximately twenty-five practical target words per class in oral and written exercises. This course is designed for the ESL students placed in the Intermediate Low, Intermediate High, and Advanced levels.

---

**ESL Work Readiness**  
Program #24063  
ESL Work Readiness sequence of courses is offered before employment and focuses on developing SCANS - language and technology literacy skills needed to obtain employment. Computer skills for ESL courses focus on improving language skills through computer applications tasks using MS Office Suite, online resources, and presentation programs. The sequence of courses ends with the Intermediate/Advanced Work Skills course focusing on managing resources, developing interpersonal skills, as well as understanding and improving systems.

This sequence of courses develops foundation skills needed for successful employment, such as, basic language and math skills, thinking creatively, making responsibility, self-esteem, sociability, self-management, and integrity.

*ESLA 801 Computer Skills for ESL, Beginning*

The course introduces ESL students to hands-on exploration and use of current Microsoft Windows programs. Students will learn basic computer parts, keyboarding, and the basics of MS Word, PowerPoint, Print Shop, and Excel. Emphasis is on building confidence in computer use to improve English skills in grammar, vocabulary, writing, speaking, pronunciation, and reading.

*ESLA 808 ESL Intermediate/Advanced Work Skills*

This ESL course covers basic job-search and workplace survival language skills while building necessary computer and critical thinking skills for students who are at an intermediate level or higher. Emphasis is on understanding basic principles of getting a job as well as wages, benefits and concepts of employee organizations. Students will practice work-related safety standards and procedures and demonstrate effective use of common workplace technology and systems. Students will acquire skills of how to communicate effectively and manage workplace resources.

*ESLA 815 Computer Skills for ESL, Advanced*

Students will enhance their English language skills through challenging computer application tasks using MS Word, PowerPoint, Print Shop, Excel, the Internet, and MS Publisher. Emphasis is on building confidence in independent projects to improve English skills in grammar, vocabulary, writing, and reading. Students will be actively involved in computer projects linking the academic environment with their communities.
ESL Written Communication Skills
Program #24117
The goal of this sequence is to develop students’ receptive skills of reading and productive skills of writing to communicate effectively in a variety of contexts, including academic and vocational. Competency-based reading instruction includes survival literacy addressing students’ day-to-day needs, document literacy needed to understand charts, tables, bills, etc., quantitative literacy containing numeric information, and prose literacy focusing on understanding extensive texts like vocational manuals, literature pieces, short academic passages, periodicals, etc.

The goal of the writing instruction is an independent writer equally successful in an academic or job-related setting. Students will use acquired skills in pre-academic setting of the ESL and the Arts course, which will include writing a research paper, an essay, and preparing a PowerPoint presentation. By completing the ESL and the Arts course, students may earn credits towards obtaining a High School Diploma.

Core Courses Hours
ESLA 804 ESL & the Arts 36
ESLA 813 Intermediate Grammar Review 18
ESLA 810 Writing and Reading 60
Total Program Hours 114

ESLA 804
ESL and the Arts
This course builds students’ reading comprehension, writing, and speaking skills in the context of thematic and aesthetic exploration of arts. Students will identify common artistic themes while comparing and contrasting a variety of aesthetic forms, styles, and periods. This interactive course includes visiting museums, watching performances, and listening to guest speakers.

ESLA 813
Intermediate Grammar Review
Students will learn to understand grammar structures in various contexts and practice using them in both oral and written communication. This class supplements core ESL courses or works as a stand-alone course. This course is designed for the ESL students placed in the Intermediate Low, Intermediate High, and Advanced levels.

ESLA 810
Writing and Reading
This ESL course emphasizes reading comprehension skills while building vocabulary and critical thinking skills for students who are at an intermediate level or high. In addition, the writing component is designed to acquaint students with writing skills required to develop college-level writing techniques by focusing on prewriting, outlining, drafting, revising and editing.

Workplace Vocational English as a Second Language: Administrative Assistant
Program #24115
This VESL sequence of courses focuses on the language needs of the students who are currently enrolled in the occupational training as well as the students pursuing a career of an Administrative Assistant. The goal is to prepare students to function successfully in academic or workplace setting by introducing them to the field terminology and job-related language skills. Special emphasis is on business writing skills, oral communication strategies, and conflict resolution techniques.

Students will also obtain necessary skills and confidence needed to find a job, managing resources, developing interpersonal skills, as well as understanding and improving system.

Core Courses Hours
ESLA 1030 Vocational ESL: Administrative Assistant 36
ESLA 808 ESL Intermediate/Advanced Work Skills 36
Total Program Hours 72

ESLA 808
ESL Intermediate/Advanced Work Skills
This ESL course covers basic job-search and workplace survival language skills while building necessary computer and critical thinking skills for students who are at an intermediate level or higher. Emphasis is on understanding basic principles of getting a job as well as wages, benefits and concepts of employee organizations. Students will practice work-related safety standards and procedures and demonstrate effective use of common workplace technology and systems. Students will acquire skills of how to communicate effectively and manage workplace resources.

ESLA 1030
Vocational English as a Second Language: Administrative Assistant
This ESL course provides students with necessary language skills to succeed in the vocational administrative assistant programs, thereby bridging the gap between standard ESL and VESL coursework. The course also focuses on preparing students to interact in real-life office situations.
### Workplace Vocational English as a Second Language: Early Childhood Education
**Program #24292**

This VESL sequence of courses focuses on the language needs of the students who are currently enrolled in the ECE programs as well as the students who have completed the occupational training and pursuing a career of a preschool instructor. The goal is to prepare students to function successfully in the ECE academic or workplace setting by introducing students to the field terminology and building effective oral and written communication strategies in real-life situations.

Students will also obtain necessary skills and confidence needed to find a job, managing resources, developing interpersonal skills, as well as understanding and improving systems.

### ESLA 808
**ESL Intermediate/Advanced Work Skills**

This ESL course covers basic job-search and workplace survival language skills while building necessary computer and critical thinking skills for students who are at an intermediate level or higher. Emphasis is on understanding basic principles of getting a job as well as wages, benefits and concepts of employee organizations. Students will practice work-related safety standards and procedures and demonstrate effective use of common workplace technology and systems. Students will acquire skills of how to communicate effectively and manage workplace resources.

---

### ESLA 1020
**Vocational English as a Second Language: Early Childhood Education**

This ESL course provides students with necessary language skills to succeed in early childhood education (ECE) programs, thereby bridging the gap between standard ESL coursework and ECE coursework. The course also focuses on preparing students to interact in the real world in ECE situations (e.g., parent-teacher conferences).

---

### Workplace Vocational English as a Second Language: Electricity and Construction
**Program #24166**

This VESL sequence of courses focuses on the language needs of the students who are currently enrolled in the vocational electricity and construction programs as well as the students who have completed the occupational training and pursuing a career of an electrician. The goal is to prepare students to function successfully in the electricity and construction academic or workplace setting by introducing students to the field terminology, job-related math skills, basic safety rules, and building effective oral and written communication strategies in real-life situations.

Students will also obtain necessary skills and confidence needed to find a job, managing resources, developing interpersonal skills, as well as understanding and improving systems.

### ESLA 808
**ESL Intermediate/Advanced Work Skills**

This ESL course covers basic job-search and workplace survival language skills while building necessary computer and critical thinking skills for students who are at an intermediate level or higher. Emphasis is on understanding basic principles of getting a job as well as wages, benefits and concepts of employee organizations. Students will practice work-related safety standards and procedures and demonstrate effective use of common workplace technology and systems. Students will acquire skills of how to communicate effectively and manage workplace resources.

---

### ESLA 995
**Vocational English-as-a-Second Language: Electricity and Construction**

The course focuses on improving communicative competence within real-life situations related to working with electricity and general construction. Students will gain confidence as they improve their ability to communicate effectively while on the job.
Workplace Vocational English as a Second Language: Pharmacy Technician
Program #24163

This VESL sequence of courses focuses on the language needs of the students who are currently enrolled in the occupational training as well as the students pursuing a career of a Pharmacy Technician. The goal is to prepare students to function successfully in academic or workplace setting by introducing students to the field terminology, job-related math skills, basic safety rules, and building effective oral and written communication strategies in real-life situations. Special emphasis is made on accent-reduction techniques.

Students will also obtain necessary skills and confidence needed to find a job, managing resources, developing interpersonal skills, as well as understanding and improving system.

Funeral Service

Funeral Service Assistant Certificate Program
Program #33698

This program serves as an introduction to the theoretical and practical knowledge required for professional licensure. It will help individuals determine their level of interest in the funeral service industry and in more formal vocational training in Mortuary Science. This program will prepare students for an entry-level position as a Funeral Service Assistant. The program consists of a sequence of courses that prepares students with the knowledge and skills needed to perform the tasks of a funeral service assistant such as placing casket in parlor or chapel prior to service; arranging floral offerings or lights around casket; directing or escorting mourners; closing casket; and issuing and storing funeral equipment. It is not intended as a substitute for the Associate in Science – Mortuary Science program, licensing or certification requirements, which include an apprenticeship, but would provide students a more realistic expectation of the rigors of funeral service practice that will lead to employment as a Funeral Service Assistant and/or a pathway to the Cypress College Mortuary Science Associate in Science degree program.

FSRV 100 Introduction to Funeral Service Practice
This course is an introduction to the funeral service profession and career opportunities. Topics covered include personal characteristics, professional responsibilities, ethical behavior, funeral service settings, mortuary law, and communication skills.

FSRV 110 Communication Skills for the Funeral Assistant
This class will prepare the student to provide support to client families in grief, bereavement, and mourning, and communicate effectively with the public. Topics include an exploration of cultural differences in grief and funeralization practices, as well as the diversity of religious beliefs impacting disposition options.

FSRV 120 Funeral Service Operations
This course introduces students to funeral service practices and procedures in preparation for entry-level positions in the funeral home. These include funeral service assistant, receptionist, mortuary representative, transfer personnel, funeral director assistant, and pre-need salesperson. Students review historical funeral service practices, funeral service price lists, and service arrangements.
FSRV 125
Funeral Service Practices and Procedures I
This course introduces students to the sociology of funeral service practice. It is designed to develop the necessary skills for arranging religious funeral ceremonies, conducting funeral and memorial services, and assisting in the disposition of human remains including cremation and scattering. Funeral service merchandise options are also covered.

FSRV 126
Funeral Service Practices and Procedures II
This course provides students with experience related to administrative and managerial funeral directing. Students will explore the necessary skills required to operate within the funeral home, including advertising and public relations, marketing and merchandising, and compliance with applicable laws, rules, and regulations.

MEOC 210
Introduction of Computers for Health Care Workers
Prerequisite: COMP 685 Beginning Keyboarding or Typing 30 words per minute. This course is an introduction to computers for individuals entering the health care field. This course provides a general introduction to computer literacy and information technology for health care students. The course provides a comprehensive survey of the interconnections of information technology and health care.

---

MEDO 115
Medical Assisting: Front Office Procedures
Prerequisite: MEOC 210 Introduction of Computers for Health Care Workers
This course is an introduction to the medical assisting profession and career opportunities. Topics covered include personal characteristics, professional responsibilities, ethical behavior, health care settings, medical law, and therapeutic communication skills.

MEDO 235
Medical Assisting: Back Office Procedures I
Prerequisite: MEOC 104 Medical Terminology and MEDO 260 Introduction to Medical Assisting.
This course develops the necessary skills for the back office. Students review assisting physicians with minor surgical procedures, pharmacology, laboratory procedures, nutrition, patient education, diagnostic imaging, and urgent care and emergency procedures.

---

MEDO 112
Medical Assisting: Back Office Procedures II
Prerequisite: MEOC 104 Medical Terminology and MEDO 235 Medical Assisting Back Office I.
This course develops the necessary skills for the back office. Students review assisting physicians with minor surgical procedures, pharmacology, laboratory procedures, nutrition, patient education, diagnostic imaging, and urgent care and emergency procedures.

MEDO 240
Medical Assisting: Back Office Procedures II
Prerequisite: MEOC 104 Medical Terminology and MEDO 235 Medical Assisting Back Office I. This course develops the necessary skills for the back office. Students review assisting physicians with minor surgical procedures, pharmacology, laboratory procedures, nutrition, patient education, diagnostic imaging, and urgent care and emergency procedures.

MEDO 115
Medical Assisting: Front Office Procedures
Prerequisite: MEOC 210 Introduction of Computers for Health Care Workers
This course is an introduction to the medical assisting profession and career opportunities. Topics covered include personal characteristics, professional responsibilities, ethical behavior, health care settings, medical law, and therapeutic communication skills.

---

MEOC 104
Medical Terminology
Required course for Pharmacy Technician Certificate program but also welcomes all students preparing for a variety of professional/paraprofessional careers in the medical field. Learn medical terms or strengthen prior knowledge. Offers basics of terminology, anatomy and diagnostics.

---

MEDO 120
Medical Insurance Billing - A Practical Approach to Medical Billing
Prerequisite: COMP 100 Introduction to Computers or MS 104 Introduction to Windows Operating System and keyboard competency of 30 wpm. An overview of outpatient medical insurance billing in preparing students for entry-level positions. Students review theory and practice data entry for private, Blue Cross/BlueShield, Medicare, Medicaid/Medicare, TRICARE/CHAMPUS and workers' compensation billing. CPT and ICD-9 coding covered. Medical billing software utilized in computer lab. Keyboarding experience advised.
MEOC 210
Introduction of Computers for Health Care Workers
Image
Prerequisite: COMP 685 Beginning Keyboarding or Typing 30 words per minute. This course is an introduction to computers for individuals entering the health care field. This course provides a general introduction to computer literacy and information technology for health care students. The course provides a comprehensive survey of the interconnections of information technology and health care. (Apportionment)

Medical Assistant: Front Office Program
Program #24445
This program will prepare students to work in an entry-level position in the front office or reception area of a medical facility. These include medical receptionist, appointment scheduler, medical bookkeeping, authorization clerk, and medical data entry.

Core Courses Hours
MEDO 260 Introduction to Medical Assisting 48
MEOC 210 Introduction of Computers for Health Care Workers 48

Pharmacy Technician Program
Program #24219
This program prepares students for an entry-level position as a pharmacy technician at a community and institutional pharmacy. The certificate program exceeds the State Board of Pharmacy’s registration requirements and meets American Society of Health-System Pharmacists (ASHP) accreditation standard.

Core Courses Hours
MEOC 130 Introduction to Pharmacy Technician 60
MEOC 104 Medical Terminology 48
MEOC 140 Pharmaceutical Mathematics 36
MEDO 230 Pharmacy Operations Lab 36
MEOC 121 Pharmacology I 36
MEOC 122 Pharmacology II 36
MEOC 135 Human Relations for Healthcare Workers 36
MEDO 220 Out-Patient Lab: Pharmacy Technician 48
MEDO 221 In-Patient Lab: Pharmacy Technician 48
MEDO 317 Out-Patient Externship of the Pharmacy Technician 24
MEDO 316 In-Patient Externship of the Pharmacy Technician 24
Total Program Hours 432
MEDO 220
Out-Patient Lab for the Pharmacy Technician
Prerequisite: MEDO 230 Pharmacy Operations Lab; MEOC 104 Medical Terminology (or MEOC 110 Medical Terminology II); MEOC 122 Pharmacology II; MEOC 130 Introduction to Pharmacy Technician; MEOC 140 Pharmaceutical Mathematics; Keyboarding Proficiency score of 30 or above OR passing grade in COMP 685 Beginning Keyboarding. The practical lab class is designed to prepare the student for an externship at neighboring pharmacies. Upon completion of the lab classes, the student should be able to step into an out-patient pharmacy and begin working with minimal additional training.

MEDO 221
In-Patient Lab for the Pharmacy Technician
Prerequisite: MEDO 230 Pharmacy Operations Lab; MEOC 104 Medical Terminology (or MEOC 110 Medical Terminology II); MEOC 121 Pharmacology I; MEOC 122 Pharmacology II; MEOC 130 Introduction to Pharmacy Technician; MEOC 140 Pharmaceutical Mathematics; Keyboarding Proficiency score of 30 or above OR passing grade in COMP 685 Beginning Keyboarding. The practical lab class is designed to prepare the student for an externship at neighboring pharmacies. Upon completion of the lab classes, the student should be able to step into an in-patient pharmacy and begin working with minimal additional training.

MEDO 230
Pharmacy Operations Lab
Prerequisite: MEOC 130 Introduction to Pharmacy Technician and Keyboarding score of 30 or above OR passing grade in COMP 685 - Beginning Keyboarding. This course introduces students to the operations of a pharmacy. It provides them with a working knowledge of the structural, functional, business and inter-relational aspect of pharmacy as part of the health care system. Through hands-on instruction, students develop the entry-level skills needed to assist in a pharmacy operation.

MEDO 316
In-Patient Externship for the Pharmacy Technician
Prerequisite: MEDO/220 Out-Patient Lab: Pharmacy Technician; MEOC/135 Human Relations for Health Care Workers; and MEDO/221 In-Patient Lab Pharmacy Technician. This course is designed to provide pharmacy technician students with field experience in an in-patient pharmacy setting. It requires weekly class meetings plus 200 hours of externship in an approved and contracted pharmacy. Class topics include portfolio development, job search, professionalism, current issues in pharmacy, and work performance. (Apportionment)

MEDO 317
Out-Patient Externship for the Pharmacy Technician
Prerequisite: MEDO/220 Out-Patient Lab: Pharmacy Technician; MEOC/135 Human Relations for Health Care Workers; and MEDO/221 In-Patient Lab: Pharmacy Technician. This course is designed to provide pharmacy technician students with field experience in an out-patient/retail pharmacy setting. It requires weekly class meetings plus 120 hours of externship in an approved pharmacy. Class topics include portfolio development, job search, professionalism, current issues in pharmacy, and work performance. (Apportionment)

MEDO 104
Medical Terminology
Required course for Pharmacy Technician Certificate program but also welcomes all students preparing for a variety of professional/paraprofessional careers in the medical field. Learn medical terms or strengthen prior knowledge. Offers basics of terminology, anatomy and diagnostics.

EOC 121
Pharmacology I
Prerequisite: MEDO 104 Medical Terminology. Bring original certificate to first class. Equips students with the necessary beginning theoretical knowledge. Includes categorizing, differentiating between drug classifications and inventorying. Provides a basic knowledge and understanding of drug effects on the body.

EOC 122
Pharmacology II
Prerequisite: MEDO 104 Medical Terminology. Bring original certificate to first class. Provides a continuation of theoretical knowledge acquired in Pharmacology I. Includes categorizing, inventorying and differentiating between drug classifications. Equips students with an advanced knowledge and understanding of drug effects on the body.

EOC 130
Introduction to Pharmacy Technician
Course orients students to pharmacy practice and the work of pharmacy technicians. It covers pharmacy technician registration process and educational requirements, the role of the technician, duties and tasks technicians perform as regulated by pharmacy law, and the necessary abilities and skills for a successful career as a pharmacy technician.

EOC 135
Human Relations for Healthcare Workers
Covers basic communications skills with emphasis on health care. Includes non-verbal communication, group communication, conflict resolution, ethics in health communication, and elements of intercultural communication, resume writing, job application and interviewing techniques.

EOC 140
Pharmaceutical Mathematics
A review of basic mathematics focusing on its application to common pharmaceutical calculations, abbreviations and units; how to interpret pharmaceutical documents using acquired pharmaceutical math knowledge.
Pharmacy Technician Registration Program
Program #32816
This program prepares students for an entry-level position as a pharmacy technician at a community and institutional pharmacy. The certificate program exceeds the State Board of Pharmacy's registration requirements.

Quality Assurance Management Certificate for Medical Devices  
Program #24128  
Students who complete the Certificate will be prepared to obtain an entry-level position in quality assurance within the medical device industry. Topics covered include regulatory agencies and laws pertaining to the medical device industry; introduction to the medical device industry and trends in the field; document control and database management; quality assurance concepts for medical device manufacturing; technical writing; the quality audit process; and employability skills. Upon successful program completion, students will have the skills required of positions in the medical device industry such as quality assurance specialist, quality compliance specialist and quality systems auditor. This certificate will also benefit incumbent workers seeking promotional opportunities within the industry.

Total Program Hours 216

BMGR 645  
Introduction to Medical Device Quality Assurance  
This course introduces students to the medical device industry in preparation for an entry-level position as a Quality Assurance Specialist. Learn about the industry's size and scope, current trends, and the wide range of products used in a variety of healthcare settings. Industry job resources are also covered.

BMGR 648  
Regulatory Affairs for Medical Devices  
Course will provide students with an in-depth understanding the regulations and regulatory agencies that are specific to the medical devices industry. The course will cover U.S. and European Union (EU) regulations as well as other related agencies. Includes laws governing the development, manufacturing and approval of medical devices.

BMGR 651  
Document and Database Management for Medical Devices  
An overview of regulatory requirements for document control and database management for the medical device field. Covers the fundamentals of writing documents that meet regulatory compliance. Equip students for handling document management systems efficiently.

BMGR 654  
Quality Assurance for Medical Devices  
This course provides students with an in-depth definition of quality assurance and its role with medical devices. The course covers the responsibilities of assurance during the manufacturing and production of a product. Topics will include management responsibilities, process controls, and other subjects providing an overall understanding of quality assurance.

BMGR 657  
Technical Writing for Bio-Medical Industries  
This course will provide students with an overview and understanding of technical writing for the bio-medical industry. The course will cover principle writing methodologies for quality assurance, engineering, manufacturing, and production of a medical device product. Topics will address documentation as related to FDA mandated requirements, ISO standards and for writing GMP procedures.

BMGR 660  
Quality Auditing for Medical Devices  
This course presents the principles and techniques for assessing the adequacy of a quality system for a medical device manufacturer. Coverage includes evaluating the quality system as it conforms to FDA regulatory requirements, standards, review of standard audit terms and other audit concepts.
North Orange Continuing Education
High School Diploma Program

This program is designed for adults who return to complete the requirements for a high school diploma. Upon completion of these courses, the student will be able to demonstrate a level of competency for each academic subject studied. Acquisition of a high school diploma will lead to improved employability and preparation for entry into college.

IHSS 100  
**High School English 1**  
This course is an individualized, self-paced study in the basics of English language arts, including vocabulary development, grammar, reading comprehension, and writing strategies. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 101  
**High School English 2**  
This course is an integrative course consisting of an array of subjects to address English language arts. Topics may include contextualized vocabulary, intermediate grammar, reading and composition, and literature. Instructional modules are assigned based on academic preparation, functional reading levels and vocational or educational goals. This content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 102  
**High School English 3**  
This course is an integrative course consisting of an array of subjects to address English language arts. Topics may include contextualized vocabulary, intermediate grammar, reading and composition, and literature. Instructional modules are assigned based on academic preparation, functional reading levels and vocational or educational goals. This content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 103  
**High School English 4**  
This course is an individualized, self-paced study in English language arts, including vocabulary, grammar usage, advanced reading in literature and composition skills. This course is offered for SCE high school diploma credit. *(Apportionment)*

IHSS 105  
**High School Writing Skills**  
Writing strategies are presented through individualized, self-paced modules in personal compositions and business letters. Techniques in structure, style and business correspondence are covered. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 106  
**High School US History**  
This United States history course covers the lives of America's people and aspects of their cultures, from early exploration through the beginning of the twenty-first century. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 107  
**High School US Government**  
This course is an individualized, self-paced study of U.S. government. It will cover the Constitution, the roles of the federal, state and local government, and modern economic and political systems. This course is used for SCE High School Diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same completion of this course. *(Apportionment)*

IHSS 109  
**High School World History**  
This course presents the history of the world's people and major cultures from early times to the present. This course is offered for the SCE high school diploma and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 110  
**High School World Geography**  
This geography course surveys all the major regions of the world, explores processes that shape the Earth and relationships between people and environments. This course is offered for SCE diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 111  
**High School Economics**  
This course explores the changing economic climate in the United States and globally. Economic systems, development and problems that affect daily life are covered. This course is offered for SCE high school diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*
IHSS 113  Credits: 1 - 5
High School Mass Media
This mass media course covers various forms of communications including television, advertising, print materials, and electronic media. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 114  Credits: 1 - 10
High School Film Appreciation
This course is an individualized, self-paced study of film appreciation. Topics covered include film genres, directing and critique. This course is used for SCE High School Diploma credit. (Apportionment)

IHSS 116  Credits: 1 - 10
High School General Math
This course presents activities to help the student with basic arithmetic skills, real-life applications, and problem-solving techniques. The units of study include a review of whole number operations, and basic functions of fractions, decimals, percents, measurements, algebra and geometry. This course is offered for SCE high school diploma credit. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 117  Credits: 1 - 10
High School Vocational Math
This course develops mathematical problem solving skills for occupational areas and everyday situations. Problems are given for payroll, retail business, manufacturing, mechanics, construction, inventory, health, and personal finance. Topics include formulas, basic algebra, proportions, percents, basic geometry, and measurements. This course is offered for SCE High school diploma credit. (Apportionment)

IHSS 118  Credits: 1 - 10
High School Algebra 1
This course covers basic algebra concepts including an introduction to variables, equations, factoring, an introduction to variables, equations, factoring, formulas and the application of skills. This course is used for SCE high school diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 119  Credits: 1 - 10
High School Geometry
This course covers basic geometry concepts including key terms, geometric shapes and the application of skills. This course is used for SCE high school diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned towards the completion of this course. (Apportionment)

IHSS 120  Credits: 1 - 10
High School Life Science
This course is an individualized, self-paced study of Life Science. This course covers scientific methods, classification and body systems. This course is used for SCE High School Diploma credit. (Apportionment)

IHSS 121  Credits: 1 - 5
High School Earth Science
Earth Science deals with the earth and other heavenly bodies of the universe. Students learn the various characteristics that make Earth unique in the solar system. This course is offered for SCE high school diploma credit. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 122  Credits: 1 - 5
High School Physical Science
Physical Science explores matter and its properties, motion, heat, energy, sound and light, as well as electricity and magnetism. This course is used for SCE High School Diploma credit. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 123  Credits: 1 - 10
High School Biology
This biology course is an individualized, self-paced study of living things including classification, survival, reproduction, growth, and development. Other topics explore ecological cycles, behaviors and evolution. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 124  Credits: 1 - 10
High School Health
This class is designed to give students an understanding of various facets of physical, mental, and social well being. The student will gain knowledge to promote wellness, identify causes of health problems and ways to prevent them. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 127  Credits: 1 - 10
High School Computer Literacy
Students will learn the basics of Windows, Internet browsing, keyboarding, email, course management systems and the modern office environment. (Apportionment)

<td>Transitioning to College</td>
<td>This course is designed to help SCE High School Diploma Program and ESL Academic Success students successfully transition to a college campus. Topics presented will include identifying academic goals, designing an educational plan, utilizing the college processes (registration, financial aid, learning resources), and graduation. This course will include campus tours of several student resource centers. (Apportionment)</td>
</tr>
</tbody>
</table>
IHSS 500
High School Language Arts I
This is an integrative course consisting of an array of topics including reading, writing, grammar, and vocabulary. Emphasis will be placed on sentence construction, word choice, paragraph development, maintaining coherence, recognizing main ideas, drawing upon sources informatively, reading with accuracy, writing and revising. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 501
High School Language Arts II
This is an integrative course consisting of an array of topics including reading, writing, grammar, and vocabulary. Emphasis will be placed on sentence construction, word choice, paragraph development, maintaining coherence, recognizing main ideas, drawing upon sources informatively, reading with accuracy, writing and revising. The content of this course is delivered in a modular format using lecture-style instruction. (Apportionment)

IHSS 660
High School Psychology
This psychology course explores the connections of human thought, behavior and development. It emphasizes the importance of these relationships to learning, personality, health, and society. This course is offered for SCE high school diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 846
High School Algebra 1A
This course covers basic algebra including variables, equations, positive and negative integers, formulas, polynomials, and factoring. This course is offered for SCE high school diploma credits to satisfy graduation requirements. (Apportionment)

IHSS 847
High School Algebra 1B
This course covers basic algebra concepts including graphing, equations with two variables, fractions, decimals, percents, squares, square roots and quadratic equations. This course is offered for SCE high school diploma credits to satisfy graduation requirements. (Apportionment)

IHSS 990
High School Assessment
Orientation to the SCE High School Diploma Program and overview of educational options. Includes assessing skills for the program and review of students support services. (Orientation)

IHSS 991
High School Business Law
This course is an individualized, self-paced study of Business Law. Topics include contracts, insurance, and laws related to consumer and employment regulations. This course is used for SCE High School Diploma credit. (Apportionment)

IHSS 992
High School Art History - Artists and their Work
This course will explore art movements from the Italian Renaissance to American painters and sculptors of the twentieth century. Students will discover why some artists and their artwork retain prominence. They will be given the opportunity to expand their knowledge on a variety of art forms. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 993
High School Elements and Principles of Design
This course is an individualized, self-paced study of art and how people from other cultures and times have used a common visual language to express their own unique perspective. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 994
High School Academic Success
This study skills course provides reading and writing activities to help a student master the thinking, planning and basic skills necessary to achieve academic success in school and is available for credit for the SCE High School Diploma Program. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 995
High School American History 1
This course covers the lives of America's people and aspects of their cultures from early exploration through the late 1800's. This course is offered for SCE high school diploma credits to satisfy graduation requirements. (Apportionment)

IHSS 996
High School American History 2
This American history course covers the lives of America's people, their contributions and struggles from westward expansion in the mid 1800's, worldwide conflicts, America's social change, to the U.S. policies of the twenty-first century. This course is offered for SCE high school diploma credits to satisfy graduation requirements. (Apportionment)
IHSS 997
Credits: 1 - 5
**High School Reading Strategies 1**
This course provides practice exercises in reading development and reinforces concepts through writing activities. Strategies include understanding the main idea, making judgments, understanding characters, drawing conclusions, and making inferences. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 998
Credits: 1 - 5
**High School Reading Strategies 2**
This course provides practice exercises in reading development and reinforces concepts through writing activities. Strategies include recognizing tone, understanding literary forms, organization, significant details, and vocabulary. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*

IHSS 999
Credits: 1 - 5
**High School Business Writing**
This course provides individualized, self-paced modules in business correspondence, composition techniques and writing activities. Strategies include format, organization, and evaluation. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. *(Apportionment)*
## Course Descriptions

Note this publication must be prepared in advance of the time period it covers; therefore, changes in some programs and policies may occur. Courses as described are subject to change without notice, and some listed courses are not offered each year. In addition, some courses or programs that are offered may have to be canceled because of insufficient enrollment, elimination, or reduction in programs or for any other reason considered sufficient by the Provost or designee.

All courses meet the standards and criteria for noncredit courses and programs as set forth in the California Education Code Title V regulations, Section 55150 –55155

### Adult Basic Education (ABE)

**ABE 105**  
**SCE Learning Center**  
Designed for students from beginning levels of reading to those working toward a high school diploma. Through the use of small-group instruction, computer-aided instruction, audio books and workbooks, students will learn to become better readers, writers and thinkers. The skills attained can be used for personal growth, job advancement or for entry into other educational programs. A specific learning plan is developed for each student based on student goals, needs and learning style. *(Apportionment)*

**ABE 120**  
**Improving Individual Skills Lab**  
For students interested in improving general and specific academic subjects at the secondary level (grades 9-12) experiencing difficulty in curriculum ranging from basic academics to college preparatory. *(Apportionment)*

**ABE 240**  
**Creative Writing for Seniors**  
This course for older adults teaches both beginning and experienced writers how to create shape autobiographies, fiction and non-fiction writing, and poetry into readable and publishable forms. *(Apportionment)*

**ABE 405**  
**GED: Mathematics**  
GED mathematics prepares students to pass the math section of the GED test. The GED pre-test identifies needed areas of instruction for each student. Scope of instruction is basic instruction for each student. Scope of instruction is basic computation, analytical and reasoning skills, word problems and word problems with graphics. *(Apportionment)*

**ABE 410**  
**GED: Reading**  
GED reading prepares students to pass the reading section of the GED test. The GED pre-test identifies needed areas of instruction for each student. Scope of instruction includes comprehension, fiction, nonfiction, poetry, and drama. *(Apportionment)*

**ABE 415**  
**GED: Science**  
GED science prepares students to pass the science section of the GED test. Sciences covered are life, physical, earth and space. Students learn to analyze and apply science information. *(Apportionment)*

**ABE 420**  
**GED: Social Studies**  
GED social studies prepares students to pass the math section of the GED test. The GED pre-test identifies needed areas of instruction for each student. Scope of course covers U.S. history, world history, civics and government, geography and economics. *(Apportionment)*

**ABE 425**  
**GED: Language Arts and Writing**  
GED writing prepares students to pass the language arts and writing section of the GED test. The GED pre-test identifies needed areas of instruction for each student. This course covers the writing process, grammar usage and mechanics. *(Apportionment)*

**ABE 430**  
**Literacy - Beginning**  
Designed for students with very limited reading skills. The focus of this course is on decoding skills, fluency and workplace literacy. Sight words and essential word reading are covered. *(Apportionment)*

**ABE 432**  
**Literacy - Intermediate**  
Reading and writing preparation for the workplace or academic advancement. Emphasis on reading for information, vocabulary expansion and good communication skills. *(Apportionment)*

**ABE 435**  
**Literacy - Advanced**  
Reading for information and academic vocabulary. Writing skills necessary for higher education and the workplace such as essays, note taking, job applications, resumes, and business writing. *(Apportionment)*

**ABE 440**  
**Writing Your Life Story for Older Adults**  
This course teaches both beginning and experienced older adult writers how to write a life story in the form of memoirs—short stories that tell of life events, people, and major turning points, expressed in vivid ways to delight readers, offer important insights, and to provide a written legacy for family and friends. *(Apportionment)*

**ABE 445**  
**ASE Ed Planning**  
Assessment & orientation to and for students referred to Learning Centers. Basic skills level will be reviewed with individual student per referral to support services and to assist student in successfully completing educational goal. *(Grant-Funded)*

ARTC 136
Cartooning & Caricaturing Made Easy
Enter as a amateur - ....Leave as a Professional!..... Learn the easy step-by-step procedures of cartooning & caricaturing from a professional cartoonist with over 45 years experience in the field. Learn how to create people, small bodies for caricaturing, animals, backgrounds, and more including inking, lettering, use of pens, brushes, perspective, and creating professional comic strips. Let us show you how! Taught by Mel Schoenberger national & international cartoonist & caricaturist. Class is for all levels of experience. Please bring an 11x14 pad of tracing paper to the first class. A supply list will be provided. Class is for those 15 years and older. (Fee-Based)

ARTC 137
Caricaturing Made Easy
This class will tickle you from head to toe! It's easy, it's fun and rewarding. If you can draw, you can caricature. It's amazing how fast you will learn. You will learn inking, lettering, drawing small action bodies, use of equipment, creative ideas, shadowing, etc. Join in the fun and learn professional caricaturing. Taught by an international caricature cartoonist with over 45 years experience. Bring 11 x 14 tracing paper pad, pencil and eraser to first class. Additional supply list will be provided. All levels of experience are welcomed. You must be 14 years or older. (Fee-Based)

ARTC 140
Fashion Illustration for Adults
In this class, you will learn how to draw proportional figures, faces, gesture drawings, and flats of garments. Along with how to draw collars, blouses, skirts, pants, hats, and accessories. Students will learn to illustrate fashion figures using watercolors, colored pencils, markers, pen, etc. (Fee-Based)

ARTC 141
Fashion Illustration II for Adults
Advanced level of Fashion Illustration. Learn to complete group figures with a theme. Illustrate different textures of fabric. Also create accessory and shoe illustrations and flats of garments. Recommend Fashion Illustration I prior to this class. (Fee-Based)

ARTC 145
Costume Illustration and History of Fashion for Adults I
Learn the history of fashion then illustrate costumes and accessories using watercolors, markers, colored pencils and more. (same supplies as Fashion I and II) (Fee-Based)

ARTC 160
Painting
Students will develop the skills of painting using their selected media. Students will apply and practice a creative approach to achieve an understanding of color, space, form, and composition. Beginning students will have assignments in acrylic paint. Intermediate/advanced students work independently with individual instructor guidance. Critique held each week. (Fee-Based)

ARTC 165
Drawing: Basics and Beyond
Drawing is the foundation of all visual arts. Learn fundamentals of drawing in this exciting hands-on class. Acquire technical and perceptual skills while exploring properties of line, shape, value, perspective, and composition. All levels welcome. (Fee-Based)

ARTC 170
Essentials of Painting
Get creative and discover the joys of expressing yourself with paint and brush. Course covers basic color theory and principles of good composition. Students will learn basic technique through structured assignments. Intermediate/advanced students may work independently with instructor guidance. Voluntary, supportive critiques given at end of each class. Materials list provided at first class meeting. (Fee-Based)

ARTC 173
Drawing Fundamentals
Acquire the fundamental concepts and skills to visually express yourself through drawing. The course will cover drawing theory and basic skills development in contour drawing, shading and composition. Students will complete one to three drawings. Materials list given at first class meeting. All levels welcome. (Fee-Based)

ARTC 175
Drawing: Basics and Beyond
This course will emphasize the perceptual and technical skill of manipulating drawing materials using observational and drawing methodologies. Fundamental concepts in visual problem solving strategies will be emphasized. Each term will wrap around a theme such as landscape, portraiture, light and texture, etc. (Fee-Based)

ARTC 180
Drawing for Beginners
This drawing class covers the fundamental drawing techniques for beginning students. It also aims to inspire the more experienced students to experiment and develop their true potential of artistic talents with demonstrations and practical tips by the instructor. All levels welcome. (Fee-Based)

ARTC 185
Watercolor Painting
This watercolor class covers the fundamental watercolor techniques for beginning students. The instructor will offer intensive and practical instruction and step-by-step demonstration. In this supportive and friendly classroom environment will also inspire the more experienced students to experiment and develop their own unique form of expression. All levels welcome. (Fee-Based)

ARTC 190
Still-life Art Workshop for Teens and Adults (ages 15+)
This course will teach students how to draw and paint still-life in three different styles. Students will explore the artwork of three prominent artists: Vincent Van Gogh, Paul Cezanne, and Wayne Thiebaud. This course is designed to teach various art techniques, art movements, painting styles, and to strengthen observation skills. Painting subjects include: flowers, fruit and desserts. (Fee-Based)
ARTC 200
Nylon Fabric Flower Design I
This course teaches students how to create chiffon/nylon stocking flowers. The students will learn how to plan and create beautiful, artistic, realistic-looking flowers for all kinds of arrangements. The materials are provided and the tools will be available to students during the course. *(Fee-Based)*

ARTC 220
Origami 3-D Designs
This course provides training in three-dimensional origami design. Origami is the traditional art of paper folding from Japan. The goal of the class is to transform flat sheets of paper into finished three-dimensional sculptures through traditional folding and sculpting techniques. Students will create beautiful birds, animals, baskets, and containers. *(Fee-Based)*

ARTC 225
Pastels and More
This class teaches students to paint with pastels and charcoal. Content includes instruction regarding color, value and pastel techniques. Compositions are student-selected, composed, and created with instruction. Beginning to advanced students are welcomed. *(Fee-Based)*

**Adult Education Block Grant (AEBG)**

AEBG 100
Parenting with Love and Logic® - Pilot
This course assists parents and caregivers in developing practical skills for reinforcing the expectations their children experience at home and in school. Utilizing The Love and Logic approach, this course will teach six subsets of skills that encourage home environments that stimulate responsibility, prevent misbehavior, and encourage setting healthy limits. *(Grant-Funded)*

AEBG 101
9 Essential Skills for the Love & Logic Classroom® - Module 1
This workshop is the first of nine separate modules, each of which teaches a different subset of skills designed to help educators create classroom and school environments that stimulate responsible behavior and high levels of academic achievement. This workshop focuses on neutralizing student arguing. *(Grant-Funded)*

AEBG 102
9 Essential Skills for the Love & Logic Classroom® - Module 2
This workshop is the second of nine separate modules, each of which teaches a different subset of skills designed to help educators create classroom and school environments that stimulate responsible behavior and high levels of academic achievement. This workshop focuses on delayed consequences. *(Grant-Funded)*

AEBG 103
9 Essential Skills for the Love & Logic Classroom® - Module 3
This workshop is the third of nine separate modules, each of which teaches a different subset of skills designed to help educators create classroom and school environments that stimulate responsible behavior and high levels of academic achievement. This workshop focuses on the proper use of empathy. *(Grant-Funded)*

AEBG 104
9 Essential Skills for the Love & Logic Classroom® - Module 4
This workshop is the fourth of nine separate modules, each of which teaches a different subset of skills designed to help educators create classroom and school environments that stimulate responsible behavior and high levels of academic achievement. This workshop focuses on the recovery process. *(Grant-Funded)*

AEBG 105
9 Essential Skills for the Love & Logic Classroom® - Module 5
This workshop is the fifth of nine separate modules, each of which teaches a different subset of skills designed to help educators create classroom and school environments that stimulate responsible behavior and high levels of academic achievement. This workshop focuses on developing positive teacher/student relationships. *(Grant-Funded)*

AEBG 106
9 Essential Skills for the Love & Logic Classroom® - Module 6
This workshop is the sixth of nine separate modules, each of which teaches a different subset of skills designed to help educators create classroom and school environments that stimulate responsible behavior and high levels of academic achievement. This workshop focuses on setting limits with enforceable statements. *(Grant-Funded)*

AEBG 107
9 Essential Skills for the Love & Logic Classroom® - Module 7
This workshop is the seventh of nine separate modules, each of which teaches a different subset of skills designed to help educators create classroom and school environments that stimulate responsible behavior and high levels of academic achievement. This workshop focuses on using choices to prevent power struggles. *(Grant-Funded)*

AEBG 108
9 Essential Skills for the Love & Logic Classroom® - Module 8
This workshop is the eighth of nine separate modules, each of which teaches a different subset of skills designed to help educators create classroom and school environments that stimulate responsible behavior and high levels of academic achievement. This workshop focuses on quick and easy preventative interventions. *(Grant-Funded)*
AEBG 109
9 Essential Skills for the Love & Logic Classroom® - Module 9
This workshop is the ninth of nine separate modules, each of which teaches a different subset of skills designed to help educators create classroom and school environments that stimulate responsible behavior and high levels of academic achievement. This workshop focuses on guiding students to own and solve their problems. (Grant-Funded)

AEBG 110
Love and Logic Parenting Children with Special Needs
This course is designed to support adults parenting or working with youth having disabilities by developing practical skills for reinforcing the expectations their children experience at home and in school. Utilizing the Love and Logic approach, this course will teach four subsets of skills that encourage home environments that stimulate positive relationship development, empathetic listening, realistic goal setting and encourage independence. The information included is intended for those already having a strong understanding of the Love and Logic approach. (Grant-Funded)

AEBG 121
Medical Assistant Externship, Administrative
This course is designed to provide Medical Assistant students with field experience in an administrative medical environment. It requires weekly class meetings of two (2) hours a week plus 96 hours of field experience in an approved medical facility. Class topics include portfolio development, job search, professionalism, workforce skills, current issues in the medical assisting field, and work performance. (Grant-Funded)

AEBG 122
Medical Assistant Externship, Clinical
This course is designed to provide Medical Assistant students with field experience in a clinical medical environment. It requires weekly class meetings of two (2) hours a week plus 96 hours of field experience in an approved medical facility. Class topics include portfolio development, job search, professionalism, workforce skills, current issues in the medical assisting field, and work performance. (Grant-Funded)

Business Management (BMGR)

BMGR 410
Elements of Supervision
Provides instruction in communication, problem solving, team building and leadership. Designed for managers in both public and nonprofit organizations. (Apportionment)

**Fundamentals of GMP and QSR**  
Course covers the fundamentals of Good Manufacturing Practice (GMP) and Quality System Regulation (QSR). Topics include Food and Drug Administration (FDA) regulations in relation to quality systems and controls; employee safety in the design and construction of facilities; equipment and maintenance issues; and protection of products against contamination.  
*(Fee-Based)*

BMGR 645  
**Introduction to Medical Device Quality Assurance**  
This course introduces students to the medical device industry in preparation for an entry-level position as a Quality Assurance Specialist. Learn about the industry’s size and scope, current trends, and the wide range of products used in a variety of healthcare settings. Industry job resources are also covered.  
*(Apportionment)*

BMGR 648  
**Regulatory Affairs for Medical Devices**  
Course will provide students with an in-depth understanding the regulations and regulatory agencies that are specific to the medical devices industry. The course will cover U.S. and European Union (EU) regulations and related agencies. Includes laws governing the development, manufacturing and approval of medical devices.  
*(Apportionment)*

BMGR 651  
**Document and Database Management for Medical Devices**  
An overview of regulatory requirements for document control and database management for the medical device field. Covers the fundamentals of writing documents that meet regulatory compliance. Equips students for handling document management systems efficiently.  
*(Apportionment)*

BMGR 654  
**Quality Assurance for Medical Devices**  
This course provides students with an in-depth definition of quality assurance and its role with medical devices. The course covers the responsibilities of assurance during the manufacturing and production of a product. Topics will include management responsibilities, process controls, and other subjects providing an overall understanding of quality assurance.  
*(Apportionment)*

BMGR 657  
**Technical Writing for Bio-Medical Industries**  
This course will provide students with an overview and understanding of technical writing for the bio medical industry. The course will cover principle writing methodologies for quality assurance, engineering, manufacturing, and production of a medical device product. Topics will address documentation as related to FDA mandated requirements, ISO standards and for writing GMP procedures.  
*(Apportionment)*

BMGR 660  
**Quality Auditing for Medical Devices**  
This course presents the principles and techniques for assessing the adequacy of a quality system for a medical device manufacturer. Coverage includes evaluating the quality system as it conforms to FDA regulatory requirements, standards, review of standard audit terms and other audit concepts.  
*(Apportionment)*

BMGR 665  
**European Certification Requirements for Medical Devices**  
Course introduces students to the EU Medical Device Directive and its importance to medical device companies. The course provides step-by-step guidance to achieve and maintain EU requirements for the quality, safety, and performance of medical device products.  
*(Fee-Based)*

BMGR 670  
**Notary Public Seminar**  
State approved mandatory education for new and renewing notaries. Being a notary can mean a bigger income for you! Learn the notary laws and prepare for the State of California exam. Take a practice exam, receive your Certificate of Completion, and schedule and registration information for upcoming State exams. Bring ID and arrive early. Due to State regulations, no one admitted after 6 p.m.  
*(Fee-Based)*
BMGR 675
**Technical Writing 101 for the Medical Device Industry**
The course addresses writing effectively and complying with regulations in the medical device industry. Participants will learn how to meet the needs of the audience, research and organize information, write, edit, and deliver effective documents. The course includes an overview of requirements recommended by the FDA and other regulatory agencies. *(Fee-Based)*

BMGR 680
**Notary Loan Signing Certification**
Prerequisite: Successfully completed six hours of notary education or have notary commission. Become a certified notary loan signing agent. This course covers proper notarization of real estate documents and loan packages. It emphasizes the ethical and administrative role of the notary and the notary's sense of duty associated with being a loan document signing agent. **Machine Shorthand Speed Building 1**
This course promotes further development of speed and accuracy in taking dictation on the steno machine. Students will develop sufficient skills to take new material dictation at 160 words per minute (wpm) through 230 wpm for one minute at 98% accuracy. This class meets the state of California licensing requirements. (Fee-Based)

BUSN 492
**Machine Shorthand Speed Building 2**
Advisory: Completion of Machine Shorthand Speed Building 1. This course promotes further development of speed and accuracy in taking dictation on the steno machine. The student will develop sufficient skills to take new material dictation at 160 words per minute (wpm) through 200 wpm for five minutes with 98% accuracy. This class meets the requirements of the Court Reporter's Board and the National Court Reporter's Association for speed level on question and answer and trial testimony. (Fee-Based)

BUSN 494
**Machine Shorthand Speed Building 3**
Advisory: Completion of Machine Shorthand Speed Building 2. This course promotes further development of speed and accuracy in taking dictation on the steno machine. The student will develop sufficient skills to take new material dictation at 180 wpm to 200 wpm for ten minutes with 98 percent accuracy. This course meets the requirements of the Court Reporter's Board and the National Court Reporter's Association for speed level on question and answer and trial testimony. (Fee-Based)

BUSN 496
**Machine Shorthand Speed Building 4**
Advisory: Completion of Machine Shorthand Speed Building 1, 2, or 3. This course promotes further development of speed and accuracy in taking dictation on the steno machine. The student will develop sufficient skills to take new material from 160 words per minute (wpm) to 220 wpm sustained dictation with 98% accuracy. This course meets the requirements of the Court Reporter's Board and the National Court Reporter's Association for speed level on question and answer and trial testimony. (Fee-Based)
BUSN 500
Auto Wholesale Home-based Business
Supplement your income $3,000 to $5,000 with your DMV auto dealer license home-based business. Students will learn six to eight techniques to create profit and generate cash flow. Dealers obtain automobiles and parts at wholesale and are sales-tax exempt. They are not required to register inventory vehicles. List of 400+ dealer only auctions also included in course. DMV approved. (Fee-Based)

Customer Service
This course covers the key elements of outstanding customer service. The student will be introduced to the concepts of internal and external customers, customer satisfaction and retention. Topics will also include communicating with customers, developing a positive attitude, handling complaints and sales skills. (Apportionment)

Career Planning (CRPL)

CRPL 365
Work Experience
This course provides career technical education students with work experience in their program of study. It covers job readiness skills that will prepare students to be effective job seekers and workers. Students are introduced to the basics of resume writing, interviewing, workplace communication and job searching. 120 Hours of fieldwork required. (Grant-Funded)

CRPL 370
Job Readiness
This course covers basic job readiness skills that will prepare students to be effective job seekers and effective workers. Students will be introduced to the basics of resume writing, interviewing, workplace communications and job searching. Students will develop a personal skills inventory, create a resume, and prepare an employment portfolio. (Grant-Funded)

Clothing (CC)

CC 205
Sewing Techniques for Beginners
Students will learn new methods of sewing. Fundamental skills of understanding pattern directions, sewing machine use and making clothing alterations will be covered. (Fee-Based)

CC 206
Basic Sewing Techniques for Beginners
Students will learn new methods of sewing. Fundamental skills of understanding pattern directions, sewing machine use, hand stitching and making clothing alterations will be covered. (Fee-Based)

CC 215
Sew What You Wish
Using the newest sewing machine methods create garments or accessory items that fit your unique style. Projects include personal computer fashion analysis, alterations, sewing plaids and knits. (Fee-Based)

CC 220
Sewing Special Occasion Outfits
Through instructor demonstration and hands-on experience, students will be able to construct a variety of clothing items using couture techniques. The course includes wardrobe planning, a personal computer fashion analysis, alterations, fitting, and machine use. (Fee-Based)

CC 221
Couture Dressmaking I: Blouses
Through instructor demonstration and hands-on experience, students will be able to construct a classic fitted blouse using couture techniques. The course includes computer fashion analysis, alterations, fitting and sewing machine use. (Fee-Based)

CC 225
Exploring Knitting and Crocheting
Students will be introduced to hand-knit and crochet designs and techniques. Through hands-on experience they will improve their skills and learn to make attractive garments for family and friends. (Fee-Based)

CC 235
Contemporary & Traditional Quilting
This course will introduce basic steps of quilting and applique, including, fabric selection, design principles, assembly, borders and binding. Students will make projects using various quilting methods. (Fee-Based)

CC 236
Contemporary & Traditional Quilting I
Building on basic foundational skills of patchwork and applique, learning new techniques and working with tools of the trade, students will make a variety of projects. Instructions and demonstrations given in each session. (Fee-Based)
CC 240  
**Technical and Creative Use of Serger Machines**  
Learn how to thread and operate a serger while discovering creative applications for its use on various projects. Stitch formation and tension adjustments will be covered. Bring your machine or use ours. *(Fee-Based)*

CC 241  
**Technical and Creative Use of Serger Machine I: Knits**  
Learn how to thread and operate a serger while discovering techniques for serging with knit fabrics. Stitch formation and tension adjustments will be covered. Bring your machine or use ours. *(Fee-Based)*

CC 245  
**Sew Tailored Projects that are Runway Worthy**  
Enhance your image by creating garments that are sewn professionally and fit precisely. A personal computer fashion analysis, techniques for sewing faux fur, using specialty machines, proper interfacings, pressing and alterations will result in finished designer outfits at significant savings. May include men's tailoring. *(Fee-Based)*

CC 246  
**Sew a Tailored Wardrobe I: Unlined Jacket**  
Sew an unlined jacket that will enhance your image by creating garments that are sewn professionally and fit precisely. A personal computer fashion analysis, new techniques, proper interfacings, pressing and alterations will result in designer-like outfits and financial savings. *(Fee-Based)*

CC 250  
**Fashion Design: Patternmaking**  
Create and fit a personal basic pattern. Learn pattern manipulation processes to generate your own designs. One element of clothing will be emphasized each term, ex: bodices, pants, skirts, jackets. *(Fee-Based)*

CC 260  
**Needlework for Home and More I**  
Needlework techniques, such as cross stitch, embroidery and applique will be explored in depth. No previous needlework experience needed. *(Fee-Based)*

CC 263  
**Needlework for Home and More II**  
Needlework techniques, such as Brazilian and ribbon embroidery, and Swedish Weaving will be explored in depth. No previous needlework experience needed. *(Fee-Based)*

CC 265  
**Fashion Design: Patternmaking - I**  
Learn pattern manipulation processes to generate your own designs. Includes slash-spread, and pivot-transfer methods. One element of clothing will be emphasized each term, ex: bodices, pants, skirts, jackets. *(Fee-Based)*

CC 268  
**Fashion Design: Patternmaking - II**  
Create and fit a personal basic pattern. Learn pattern alterations and grain line fitting. One element of clothing will be emphasized each term, ex: bodices, pants, skirts, jackets. *(Fee-Based)*

CC 270  
**Basic Sewing Techniques**  
Students will learn new methods of sewing. Fundamental skills of understanding pattern directions. Sewing machine use and making clothing alterations will be covered. *(Fee-Based)*

CC 275  
**Sewing Machine Techniques - Beginning**  
Introduction or update basic sewing machine techniques including threading, stitch length/width adjustments. Basic seams and seam finishes demonstrated and practiced. Use of basic feet and machine maintenance included. Bring your own machine or use ours. *(Fee-Based)*

CC 280  
**Sewing Machine Techniques - Intermediate**  
Update intermediate sewing machine techniques. Twin needles and decorative stitches covered. Use of specialty feet and machine maintenance included. Bring your own machine or use ours. *(Fee-Based)*

CC 405  
**Fashion Design: Copy Ready-to-Wear Garments I**  
Create a pattern from your favorite Ready-to-Wear Garments without taking the garment apart. Bodices and dresses will be emphasized. *(Fee-Based)*

CC 406  
**Fashion Design: Copy Ready-to-Wear Garments II**  
Create a pattern from your favorite Ready-to-Wear Garments without taking the garment apart. Jacket, pants and skirts will be emphasized. *(Tuition)* *(Fee-Based)*

CC 410  
**Fashion Design: Sewing Lab**  
A sewing lab to allow completion of unfinished projects. Learn to use sewing notions and machine accessories to expedite completion of project. Garment fitting and alteration included. *(Fee-Based)*

CC 415  
**Fashion Design: Sewing Techniques for Intermediates**  
Sew a blouse or shirt. Learn to set-in sleeves, embellish fabric, sew collars, buttonholes and zippers. *(Fee-Based)*

CC 420  
**Fashion Design: Fitting and Alteration-Blouse**  
Custom fit and alter a basic blouse pattern. Alter a commercial pattern then fit the fabric blouse to your body curves. Learn to recognize wrinkles and folds and how to eliminate them to create a perfect fit. *(Fee-Based)*

CC 422  
**Fashion Design: Sweatshirt Makeover**  
This class will teach students to re-design the basic pullover sweatshirt, including re-sizing and custom-fitting. Students will also learn about restyling a cardigan, vest or jacket. Students will have the opportunity to add various design details such as new necklines, sleeve lengths, and ruffles or embroidery. *(Fee-Based)*
CC 425  
**Fashion Design: Fitting and Alterations: Pants, Part 1**  
This course will teach students to custom fit a commercial pants pattern. Student will complete alterations to the garments and practice pattern changes to create a variety of pant styles. (Fee-Based)

CC 426  
**Fashion Design: Fitting and Alterations: Pants, Part 2**  
This course will teach students to custom fit a commercial pants pattern. Students will also learn how to create a master pattern-sloper. They will complete alterations to the garments and practice pattern changes to create even more pant styles. (Fee-Based)

CC 430  
**Fashion Design: T-Shirt Makeover**  
This course teaches students to re-design a basic T-shirt. Resize and custom fit any purchased, commercial T-Shirt. Students will learn how to add various design details as a new neckline, adjust sleeve lengths, and adding ruffles and embroidery designs. (Fee-Based)

---

**Computer (COMP)**

COMP 100  
**Introduction to Computers**  
Designed for those who know nothing or very little about computers. Builds computer technology understanding, makes one a better consumer of computers and products, and explores operation systems, software and hardware. Provides foundation for other SCE computer classes. (Apportionment)

COMP 105  
**Discover the Internet**  
A hands-on overview of Internet concepts, Web browsing using Internet Explorer; email, newsgroups, FTP, netiquette, security issues, research, and more. Hands-on including online browsing. Recommended proficiency in: Introduction to Computers or equivalent. (Apportionment)

COMP 119  
**Adobe Photoshop Elements**  
Advisory: Knowledge of Windows. Utilize photo editing software to enhance graphic design capabilities. This class introduces tools used by professional designers in an easy to use, powerful, digital-image editing program. Textbook may be required. (Apportionment)

COMP 121  
**Digital Photo Albums for Beginners**  
Advisory: MS 104 Introduction to Windows Operating Systems and COMP 105 Discover the Internet. Learn how to import photos from various sources; organize and manage photos; perform basic editing functions of photos email photos and share albums; create slide shows and video CDs; and create cards, calendars, albums, and a photo book. Textbook may be required. (Apportionment)

COMP 350  
**Introduction to Visual Basic for Applications (VBA) for Excel**  
Advisory: MS 165 MS Excel - Power-User skills or Experience building Excel spreadsheet in response to data needs or externally delivered requirements. Learn how to create and edit Visual Basic for Applications (VBA) code without using the macro recorder. Learn how to write VBA projects using subroutines and functions. Understand how to utilize VBA's methods and properties to perform Excel work in a fast and flexible manner. (Apportionment)

COMP 510  
**Keyboarding Mastery I**  
Prerequisite: The student must be able to type 50+ words per minute (netwpm) timed typing or have completed COMP 511 Keyboarding Mastery II Keying with a pass grade. The second of two keyboarding courses designed to increase keying speed and accuracy to employment levels of 50+ net words per minute. (Apportionment)

COMP 511  
**Keyboarding Mastery II**  
Prerequisite: The student must have completed COMP 510 Keyboarding Mastery I with a pass grade. The second of two keyboarding courses designed to increase and maintain keying speed and accuracy to employment levels of 50+ net words per minute (nwpm). (Apportionment)

COMP 620  
**Securing Your PC For The Internet**  
Prerequisite: Prior Windows Experience. Learn preventive techniques to secure your Windows PC from Internet threats such as viruses, spyware, and hackers. Explore different tools available to remove these threats and prevent future occurrences. (Apportionment)

COMP 645  
**Integrated Computer Projects**  
Designed for those who want to apply the knowledge they have gained from previous computer classes. See how those skills can be put to work in real world simulations! Capstone course for students who have already learned the basics of computer usage. Recommended proficiency in: Introduction to Computers, Discover the Internet, MS Office Overview or equivalent. (Apportionment)

COMP 650  
**QuickBooks Fundamentals for the Financial Office Applications**  
Teaches students the basics of using the QuickBooks software to develop customized financial application for business. The course covers special techniques for reducing data entry time, eliminating errors and getting consistent results. Upon completion students will understand the basics of QuickBooks to simplify financial tasks. (Apportionment)

COMP 655  
**MS Word Fundamentals for the Financial Office Applications**  
This brief course covers the essentials to creating simple documents with Microsoft Word in a financial office environment. An excellent course for beginners or those who need to know the basic. In-class projects will include memos, lists, letters, resumes and signs. letters, resumes and signs. (Apportionment)
COMP 660
**MS Excel Fundamentals for the Financial Office Applications**
This brief course covers the essentials to creating simple spreadsheets with Microsoft Excel in a financial office environment. An excellent course for beginners or those who need to know the basics. In-class projects will include an address list, budget, and inventory tracking sheet. *(Apportionment)*

COMP 665
**MS Powerpoint Fundamentals for the Financial Office Applications**
This brief course covers the essentials to creating simple presentations with Microsoft PowerPoint in a financial office environment. An excellent course for beginners or those who need to know the basics. Topics will include animations, transitions and slide shows. Learn how to create a professional-looking slide show without designing each slide from scratch! *(Apportionment)*

COMP 670
**Create PDF’s with Adobe Acrobat**
Learn the standard for sharing documents online! Create PDF files using Adobe Acrobat. Protect documents, create forms, and combine multiple files with Adobe Acrobat. *(Apportionment)*

COMP 675
**Digital Scrapbooking**
Advisory: Knowledge of Windows and Photoshop or Photoshop Elements. Scrapbooking is a 2.5 billion dollar industry in the United States. Computerized graphic design is dramatically transforming the industry. Digital scrapbooking skills are important for anyone working in the graphic design field. Learn the design essentials of professional digital scrapbooks, hardware and software requirements, and the creation of graphic elements. *(Apportionment)*

COMP 685
**Beginning Keyboarding**
Stop hunting and pecking at the keyboard with this short course. Learn the keyboard layout to build speed and accuracy. Course covers proper technique at the computer keyboard as well as 10-key keyboarding. *(Apportionment)*

COMP 690
**Email Essentials**
Advisory: Introduction to Computers Students will create an email account, learn to send electronic messages, attachments, manage contacts, create distribution lists and organize messages in folders. Learn this critical business skill set in this 18 hour course. *(Apportionment)*

COMP 700
**Adobe Photoshop Elements Tools for Intermediate Users**
Advisory: Knowledge of Windows and Adobe Photoshop Elements For intermediate- or advanced-level photographers or scrapbookers. Covers tools and techniques for creating text with character, custom shapes and layer styles to add pizzazz, using and creating brushes for embellishments, adding blend modes and filters to give dimension, and automating pages using templates. *(Apportionment)*

COMP 705
**Digital Photo Restoration and Portrait Makeovers**
Advisory: COMP 119 Adobe Photoshop Elements and knowledge of Windows For photographers and scrapbookers who want to advance their skills to repair old photos and touch up portraits. Topics include repairing scratches and tears on old photos; fixing hair, teeth, skin, red eyes, and blemishes; enhancing photos; combining images; creating backgrounds and frames; and selecting photo papers. Textbook Required. *(Apportionment)*

COMP 715
**Introduction to Computer Components**
This course is designed to provide the fundamentals in computer servicing. It introduces individuals to the names and general characteristics of a variety of components of a computer system. You will experience a hands-on approach to learning installation, configuring, and upgrading computer components. *(Fee-Based)*

COMP 720
**Fundamental Principles of Printers, Scanners and Networks**
This course is designed to provide the fundamentals of using printers, scanners and networks and providing support for them. The course will cover elements of installation, configuration, and networking that are necessary to provide support. *(Fee-Based)*

COMP 725
**Introduction to Windows Security, Safety and Environmental Issues**
This course is designed to assist individuals in understanding personal computers on a technical level. You will receive hands-on experience managing Windows desktop security and internet security. You will also learn about safety and environmental computer issues. Essential elements of security are covered. *(Fee-Based)*

COMP 730
**Microsoft Windows for Help Desk Careers**
This course will give individuals fundamental knowledge of various Windows Operating Systems. The course includes the installation, configuration, and supporting of Windows Operating Systems. Customizing and configuring to meet a company's needs will also be covered. *(Fee-Based)*

COMP 735
**Communication and Professionalism for Help Desk Professionals**
This course is designed to provide the fundamentals of good communication and professionalism skills for working in a help desk environment. Topics include using good listening and diplomacy skills when communicating with customers and colleagues. *(Fee-Based)*

COMP 740
**A+ Essentials**
This course will prepare you for the CompTIA A+ Essentials certification exam (2006 Objectives). Students will obtain the skills and knowledge necessary to install, build, upgrade, repair, configure, troubleshoot, and perform preventative maintenance on personal computer hardware and operating systems. Textbook Required. *(Fee-Based)*
COMP 745
A+ Remote Support Technician (Practical Application)
Learn the skills necessary to work as a field service technician or support technician through hands-on activities. With a focus on A+ exam preparation, you will gain knowledge to install, configure, upgrade, and maintain PC workstations, the Windows OS and SOHO networks. Troubleshooting and computer security also covered. Textbook Required. (Fee-Based)

COMP 750
Network+ Certification
This course will prepare you for the CompTIA Network+ Certification. This hands-on class covers describing the features and functions of networking components. It also includes managing, maintaining, troubleshooting, installing, operating, and configuring basic network infrastructure. Textbook Required. (Fee-Based)

COMP 755
Blogging For Beginners
Learn to create your own blog. Topics include: name your blog, choose a blogging program, write creative posts, use tags, and add audience-building links to your text. Students will practice creating blogging and creating posts. (Fee-Based)

COMP 760
Using Facebook & LinkedIn for Business
Social networking applications such as Facebook and LinkedIn allow you to communicate and share information with your contacts through message walls, groups, and instant messages. This course teaches how to use social networking applications to communicate and share information. Learn how to give your business maximum exposure with networking applications. (Fee-Based)

COMP 765
Using Google Apps for Business
Google apps such as Gmail, Google Docs, and Google Calendar are used by millions of users. Learn how to use these apps in your personal life and to save your company time and money. (Fee-Based)

COMP 770
How To Use Microsoft Office Live
Microsoft Office Live is used for personal use and small business. Learn how to use Office Live to create a website, and store and share documents online. (Fee-Based)

COMP 775
Transitioning to Windows 7 for Beginners
This course provides an overview of important new features in Windows 7 to help users work easily and efficiently with computers. Topics include the new features and tools to organize, find, protect, and share information. Hands-on lab instruction will be provided. (Fee-Based)

COMP 780
Windows 7 Beta for IT Professionals
Advisory: Experience installing, configuring, and windows desktop operating systems. This course is designed for individuals with experience installing, configuring, and supporting Windows desktop operating systems. Students will be introduced to the new features in Windows 7 Beta. Topics include user productivity, security and control, PC management, and desktop optimization. Participants will receive hands-on lab instruction. (Fee-Based)

COMP 800
MS Overview for Help Desk
Learn the essential principles of Word, Excel, Access and PowerPoint. Topics include document formatting, working with graphics, basic formulas, queries and reports. Participants will receive hands-on instruction on all concepts. (Fee-Based)

COMP 805
What is GIS and How is it Used?
This class provides an overview of Geographic Information Systems (GIS) and career opportunities with GIS. Topics include what GIS is, how it can be used, fundamental concepts of GIS, how and where GIS data is obtained, and how to create basic maps. Activities use ESRI ArcGIS 9.2 software. (Fee-Based)

COMP 807
Introduction to Geographic Information Systems
This course will discuss Geographic Information Systems (GIS) and its applications to spatial data management. The course will cover how and where GIS data is obtained, using Global Positioning Systems (GPS), geo-coding, map projection, georeferencing, and coordinate systems. Spatial analysis and hands-on projects will also be included. (Fee-Based)

COMP 810
Introduction to Operating Systems
This course provides an introduction to computer operating systems such as Unix/Linux, DOS, and Microsoft Windows Operating Systems. Learn about system requirements, file systems management, protection and security, emerging technologies, and storage management through lectures and hands-on lab. (Fee-Based)

COMP 812
Microsoft Windows Client Administration
This class covers installing, configuring, and administering Microsoft Windows client operating systems. Topics include using administrative tools to create user and group accounts and accessing shared resources on a network. Learn how to manage user profiles, how clients can join and operate within a domain network environment. (Fee-Based)

COMP 814
Introduction to Microsoft Project Professional
This course is designed to teach you how to create, modify, update and implement project plans using Microsoft Project. You will learn the essentials for managing time, people, and budgets for projects large and small with Microsoft Project. (Fee-Based)
### COMP 815
**Help Desk Support & Troubleshooting**
This course covers help desk support skills for the computer and information systems field. Topics include delivering effective technical support, common user problems, identifying the problem, help desk support tools, and resolving user problems. Students will be prepared to provide technical assistance to computer users. *(Fee-Based)*

### Computer Lab (CCTR)
**CCTR 100**
**Business/Computer Skills Lab**
Enjoy free, flexible scheduling for a variety of courses: Office Keyboarding, Data Entry, 10-Key, Typing/Keyboarding for Speed and Accuracy, Windows XP, MS Office (Word, Excel, Access, Outlook, PowerPoint), Intro to Internet and World Wide Web, internet access and free email! *(Apportionment)*

### Construction (CONS)
**CONS 100**
**Electrical Wiring and Safety I**
Covers basic electrical theory, terms, residential wiring techniques, grounding, basic switching circuits, residential load calculations and services. Based on current National Electrical Code (NEC). *(Apportionment)*

**CONS 101**
**Electrical Wiring and Safety II**
Course covers commercial wiring, conduit systems, overcurrent protection, polyphase distribution, grounding, voltage-drop equations and lighting. Based on the current National Electrical Code (NEC). *(Apportionment)*

**CONS 121**
**Contracting License**
This course is designed for students interested in exploring career opportunities in general contracting and subcontracting, current contractors interested in enhancing their business and law skills, and students who want to prepare for the California Contracting License Examination by the Contractors State License Board (CSLB). *(Apportionment)*

**CONS 138**
**Room Addition Fundamentals**
This course covers the fundamentals of residential construction and the sequence of events that take place for a room addition. This includes preparing the required plans, obtaining city building permits and communicating with city building inspectors. The course will also cover project management and legal considerations. *(Apportionment)*

**CONS 142**
**Electrical Wiring and Safety III**
Course covers industrial wiring, conduit systems, overcurrent protection, transformer circuits, electrical motors, motor repairs, motor control circuit, and electrical installations. Based on Current "National Electrical Code" (NEC), trips to various electrical installations. *(Apportionment)*

**CONS 201**
**Electrician Certification - State Test Preparation**
This course covers the 16 areas of the 1999 National Electrical Code that the State of California has designed the State Certification test after. Ohm’s Law and electrical calculations will also be covered. Students must bring the 1999 National Electrical Code (NEC) book and a calculator to the first class. *(Fee-Based)*

**CONS 225**
**Construction Math**
A review of basic mathematics focusing on its application to common calculations used in the construction trades. Course covers arithmetic operators, word problems, fractions, angles, metric measuring systems and algebraic formulas. *(Fee-Based)*

**CONS 230**
**Introduction to Blueprint Reading**
An introduction to blueprint reading using a fundamental approach, this course will familiarize trainees with basic blueprint terms, components and symbols. Trainees will learn the different types of blue print drawings (civil, architectural, structural, mechanical, plumbing/piping, and electrical) and how to interpret and use drawing dimensions. *(Apportionment)*

### Consumer Education (CNED)
**CNED 114**
**Personal Journal Writing for Older Adults**
Personal journal writing is a literary art form and a skill that facilitates creativity and self discovery which results in a written record of the older adult student's life journey. Older Adults students will learn techniques for releasing the inner writer and developing the art of storytelling through concepts of myth, images and metaphors using the viewpoint and experience of older adults. *(Apportionment)*

**CNED 204**
**ABC's of Financial Planning for Older Adults**
This course is designed for older adult students from all walks of life who would like to create or improve their financial plan. This course covers typical questions older adults individuals have regarding financial security, assessing weaknesses in financial planning, and the differences between IRA's, 401K's, 457's, 403B's, and more. *(Apportionment)*
COOKING

FN 700
Cake Pop Master Class
Create luscious, gorgeous cake pops. You will learn to make and decorate your pops with swirling sprinkles, impressive marbling and tempting drizzled candy. Combine icing flowers and piping techniques to create gorgeous garden scenes on your pops or learn to pipe scrollwork for a sophisticated touch or animal prints for a playful look. Create fun, scrumptious treats for birthdays, showers, weddings and more. Please bring a container to take home your treats. All materials included in the cost of the class. (Fee-Based)

FN 701
Chocolate Show-Stopping Desserts!
Wow your guests with unique, decadent, and beautiful chocolate creations! We will learn the art and science of tempering chocolate, molding and pouring chocolate, and using chocolate designs. We will create a new exciting dish in each class. Bring a friend! Please bring a container to take home your creations. All materials are included. (Fee-Based)

CREATIVE ARTS (CRAE)

CRAE 100
Creative Arts for Older Adults
This class for older adults encourages art appreciation, self-expression, and creativity through a variety of art media. Projects are designed to expose older adult students to artistic design, and to give experience with different artistic methods, techniques, tools, and materials. (Apportionment)

CRAE 101
Ceramics for Older Adults
This course in basic ceramics for older adults includes lecture, demonstration and application of ceramic artwork. Student will learn mold selection, glazing, decorating techniques, and proper firing procedures. Will learn mold selection, glazing, decorating techniques, and proper fixing procedures. Individual artistic creativity is encouraged and completed art projects of the older adult student are often displayed publicly. (Apportionment)

CRAE 103
China Painting for Older Adults
Older adults will learn the fundamentals of china painting as presented to older adult students through demonstration and individual instruction. The older adult students will learn techniques such as brush strokes, blending, shading, grounding, and masking. Final class projects are heirloom quality artworks that may be displayed in a community art exhibit. exhibit. (Apportionment)

CRAE 104
Needlecrafts, Knitting, Crochet for Older Adults
Older adult students will learn the practical application, knowledge, and skills required to create knitted, crocheted, needlepoint, and cross-stitched hand-made items. A wide variety of items are created, by older adult students, including decorations for the home and clothing for babies, children and adults. (Apportionment)

CRAE 105
Painting for Older Adults
This class offers older adults an individualized approach to learning painting and artistic expression at their own pace and within their interest and style. Older adult will learn techniques in drawing, brush strokes, and color mixing and application. (Apportionment)

CRAE 106
Quilting for Older Adults
This course offers the essentials of quilting, for older adults students, which includes fabric selection, cutting, and sewing methods along with the history and vocabulary of the craft. Special techniques for older adults are covered such as patchwork, applique, hand and machine methods, and finishing techniques. (Apportionment)

CRAE 215
Scrapbooking Design and Techniques
Students will make personalized scrapbook pages. This is an introductory course for beginners who want to learn about design and several techniques. Projects include metal embellishments, paper flowers, and transfers. Learn how to incorporate the principles and elements of art and design to create captivating layouts for your memories. (Fee-Based)
CRAE 310
Intergenerational: Creative Arts Exchange for Older Adults
Older adults along with participants of multiple generations create artistic legacy keepsakes that reflect the individual histories of older adults, lifetime memories, and personal creative expression. Class projects are designed to encourage mutual appreciation and connections among older adult students and participants of varying age groups. (Apportionment)

CRAE 315
Beginning Drama for Older Adults
This course is designed to introduce older adult students to the world of drama and to the theatrical creative process. Students are encouraged to experiment and develop personal performance skills as well as gain an understanding of drama through participation and practice critiques. (Apportionment)

CRAE 320
Basic Drawing
This course will begin with basic skill development in contour drawing, shading, creating texture, basic composition and perspective. The drawing medium will include graphite, charcoal and ink. A short lecture/demonstration is followed by a related drawing assignment. (Fee-Based)

CRAE 325
Watercolor
This course is designed for beginning to intermediate watercolor. Lecture/demonstration is followed by guided lab session. Among the subjects covered will be materials, washes, glazes, color theory, etc. There are voluntary, supportive critiques at the end of each class. (Fee-Based)

CRAE 332
Tole Painting and Decorative Artwork Intermediate
The course offers students the opportunity to build on the basic skills learned in basic Tole and Decorative classes. The course includes the use of acrylic paint, discussion of strokes and techniques, and projects utilizing a variety of surfaces including tin, wood, porcelain and furniture. Some painting experience is necessary for this class. (Fee-Based)

CRAE 340
Silk Painting
This is a course to learn silk painting with the Serti technique where designs are outlined with gutta or resist on stretched white silk. (Fee-Based)

CRAE 345
Recycled Materials Become a Tote Bag
This course is designed to teach students basic sewing techniques and to create a reusable tote bag all while learning about recycling and reusing materials in our everyday lives. Students will make a functional reusable bag that can be used as a beach tote, grocery/shopping bag, and a diaper or book bag. (Fee-Based)

CRAE 350
Art Appreciation: Looking and Learning
This course takes students on an educational journey to the world of art and the artist. Students will learn about different periods of art, about the lives of the artists, and the world in which they lived that inspired their work. (Fee-Based)

CRAE 355
Paint Night Art Workshop
Come join us for fun with paint, snacks, and friends!! A professional Artist will lead our group to recreate the workshop’s featured painting while we enjoy music, snacks, and socialize with others. Each workshop is different and focuses on a different artist and famous painting. Easy to follow instructions. All supplies are included. Take home finished painting. No experience necessary! (Fee-Based)

CRAE 360
Combine Painting
In this fun, hands-on class, students will develop skills combining painting techniques with various three-dimensional objects, photographs, newspaper, fabric, etc., to create hybrids of painting and sculpture. Lecture and demonstration will be followed by assignments. (Fee-Based)

Dance (DAN)

DAN 102
Ballroom/Latin/Swing Dance
Learn the most popular dances. Includes traditional contemporary dances: cha cha, waltz, foxtrot, tango, East Coast swing samba, rumba, and country western. Have fun and make new friends! A partner is not required. You must wear soft-soled shoes. Last class meeting arranged for night out dancing (nominal fee). (Fee-Based)

DAN 103
West Coast Swing Dance
Learn only one dance West Coast Swing! Dance it fast or slow to your favorite music. The official state dance of California. This dance will be popular forever. A partner is not required. Wear soft soled shoes. Last class meeting arranged for night out dancing (nominal fee). (Fee-Based)

DAN 104
Salsa Dance
Learn the basics and fun variations of this hot dance. A partner is not required. (Fee-Based)

DAN 112
Adult Jazz Dance
Students will learn jazz dance techniques with strength and flexibility training along with simple dance combinations. (Fee-Based)

DAN 114
Adult Ballet, Beginning
This course will concentrate on the fundamental techniques of ballet. Each class will begin with the basic "barre" exercises, moving into the center for stretching and ballet combinations, followed by executing moves while traveling across the floor. (Fee-Based)

DAN 117
Waltz and Cha Cha Dance
Learn and dance some fun patterns of both Waltz and Cha Cha. Both dances are very popular. Learn the basics and techniques of both. Join us for some fun. Last class meeting arranged for night out dancing (nominal fee). (Fee-Based)
DAN 118  
**Fox Trot and Tango Dancing**  
Experience both the Fox Trot and American and Argentine styles of Tango dancing. Both dance styles are very popular. Learn the basics and techniques of both. Join us for some fun. Last class meeting arranged for night out dancing (nominal fee). *(Fee-Based)*

DAN 119  
**The Art of Belly Dancing**  
Exercise while exploring the dance and rhythms of the Near and Middle East through Belly Dancing. Learn arm, hand and body movements including belly rolls as well as techniques for finger cymbals and veil work. Class taught to accommodate beginners as well as those with experience. Bring finger cymbals or learn how to make them with bottle caps and 3 yards of flowing fabric approximately 45 inches wide for the veil session. *(Fee-Based)*

DAN 120  
**Hip Hop Dance**  
Learn new hip hop dance moves and fun, funky choreography! Stimulate your mind while learning choreography and strengthen your body with our fun stretches and exercises. *(Fee-Based)*

DAN 125  
**Irish Dance - Beginning**  
Ages 13-Adult  
Learn Irish dance from an instructor who has taught adults for 15 years! Students will learn the beginner steps of the Reel and Jig and a social dance. Class will be fun, informative, and a place to meet new friends. Also, a great way to prepare for St. Patrick’s Day! Music CD required. *(Fee-Based)*

DAN 130  
**Waltz, Cha Cha & Tango Dance**  
Learn the basics and have fun with American style dancing. A partner is not required. *(Fee-Based)*

DAN 135  
**Ballroom Dancing - Rhythm & Latin Style: Cha Cha, Swing, Rumba, Mambo, Samba**  
Learn the basic steps and variations of these rhythm and latin style dances. Join the class for a fun evening of dancing. *(Fee-Based)*

DAN 140  
**Latin Cardio Blast**  
Come dance to a variety of latin beats while learning the basic steps of salsa, merengue, samba and more. Have fun while burning calories. This is a cardio blast workout, so bring a towel and water. *(Fee-Based)*

DAN 145  
**Ballroom Dancing - Smooth Style: Fox Trot, Waltz, Tango**  
Learn the basic steps and variations of these smooth, elegant ballroom dances. Join the class for a fun evening of dancing. *(Fee-Based)*

DAN 150  
**Bellydancing Techniques for Performance**  
Learn everything necessary to perform a short belly dancing routine in 6 weeks. Good for parties or events and anyone interested in learning the proper technique and execution of this dance quickly. Learn finger cymbals and veil techniques as well. *(Fee-Based)*

DAN 160  
**Afro-Latin Dance Workout**  
In this low impact aerobics class, students will learn basic African and Caribbean dance moves to the beat of percussion music. *(Fee-Based)*

DAN 165  
**Belly Dance Workout**  
Students will experience the mystery and beauty of the dances of the Middle East including Belly dance, Dabke and fusion forms designed in an exercise/workout format. *(Fee-Based)*

DAN 170  
**Salsa Boot Camp**  
Students will learn eight count Salsa basics and how to lead and follow in this intensive class. Learn this popular dance, have fun and exercise. *(Fee-Based)*

DAN 175  
**Argentine Tango**  
Students will learn basic steps, coordination, and partnering skills, along with styling and more intricate footwork. Once you experience this dance form, you will want to continue your Tango journey forever! *(Fee-Based)*

DAN 177  
**Argentine Tango Workshop**  
Learn and practice the fabulous style of Tango from Argentina that continues to gain popularity. Get yourself prepared to attend a Milonga/dance and enjoy the energy. American and International derived from this beautiful Tango. Learn Caminadas, Ochos, Ganchos and more. *(Fee-Based)*

DAN 180  
**East Coast Swing Dance**  
Students will learn various Swing dance styles such as: Jitterbug, East Coast Triple Step, Charleston, Lindy, and Balboa. The course will focus on learning the steps, body mechanics, and partnering skills to get you Swingin’ with style! *(Fee-Based)*

DAN 185  
**Latin Social Dance**  
Classes will cover Merengue. By the end of these six weeks, you will have developed lots of partnering and styling skills, and you’ll know what to do when you hear some fabulous Latin music! *(Fee-Based)*

DAN 190  
**West Coast Swing Boot Camp**  
Students will learn six and eight count basics and how to lead and follow in this intensive class. Learn this popular smooth style swing, have fun and exercise. *(Fee-Based)*
DIG 100 Adobe After Effects
Students will get an overview of the features, techniques and effects used in Adobe After Effects. This is a good place to start using professional tools such as color correction, multiple layers, and effects. Bring Flash Drive. (Fee-Based)

DIG 101 Adobe Premiere Pro
Prerequisite: Computer Literacy. Edit in real-time and enjoy an elegant interface. Create productions that stand-out using new professional tools such as color correction, multiple timelines, keyframing and effects. Bring Flash Drive. PC lab only. (Fee-Based)

DIG 102 Adobe Photoshop, Beginning
Adobe Photoshop is the world’s leading image editing software, and the tool of choice for computer graphic artists and web designers. Learn the basics of digital imagining, and how to use Photoshop’s common tools, palettes, and commands for manipulating images and compressing them for the fastest downloads. Exercises include color corrections, image retouching, photo montaging and other uses. Discover how to alter photographs, create digital collages, and scan images. Need to know basic computer and typing skills. (Fee-Based)

DIG 103 Adobe Illustrator, Beginning
Advisory: COMP 100 Introduction to Computers and MS 160 MS Office - Overview The Adobe Illustrator beginning course covers the basic concepts and techniques of computer graphics. The principles of art and design are taught in a studio setting emphasizing hands-on experience. Students create original illustrations using vector-based graphics software. (Fee-Based)

DIG 104 Illustrator - Advanced
Prerequisite: Beginning Illustrator or equivalent experience. Review the basics of Illustrator and then go on to create elaborate graphics for web pages, commercial design and desktop publishing. Learn the essentials of pre-press printing technique (color separation and trapping), professional page layout tips, fundamental digital color theory and design concepts. Illustrator is a graphic artist's essential tool along with Adobe Photoshop. Bring Flash Drive. (Fee-Based)

DIG 105 Adobe Dreamweaver, Beginning
Prerequisite: Knowledge of internet, operating system navigation, basic computer skills, opening/saving documents. Learn the principles of web design and how to edit HTML documents. Integrate web graphics find resources on the Web and survey advanced techniques related to E-commerce websites. Create your own site and demo your work in last class. Bring Flash Drive. PC lab only. Textbook Required. (Fee-Based)

DIG 106 Adobe Flash Pro, Beginning
Prerequisite: Knowledge of internet, operating system navigation, basic computer skills, opening/saving documents. Students will learn how to use Flash to do web animations, interactivity and will build complete websites using only Flash. Learn basic animation, key frames, tweens, movie clips, basic action script, preparing images for web/multimedia and more! Bring Flash Drive. PC lab only. Textbook required. (Fee-Based)

DIG 109 Photoshop - Introduction
Students will learn how to use Photoshop to do a variety of image correction, coloring, compositing, and special effects techniques for print, web and multimedia. Questions regarding visual aesthetics and design, importing digital files and output will be discussed. Students will have the opportunity to produce finished projects according to their needs and aspirations. (Fee-based) (Fee-Based)

DIG 111 Adobe Photoshop - Intermediate
Prerequisite: Beginning Photoshop or equivalent experience. Explore more professional features: working with complex masks, filters and advanced layers, professional photo editing and restoration, 3D-like rendering with gradients, and much more. Learn fundamental digital color schemes and design concepts. Bring Flash Drive. Textbook required. PC lab only. (Fee-Based)

DIG 112 Website Design HTML 5
Prerequisite: Knowledge of Internet, operating system navigation, basic computer skills, opening/saving documents. Learn the basic principles of web page construction; edit and format HTML documents. Make hyperlinks to other pages, make tables, build forms, embed and optimize images. Learn about JPG, GIF formats, create frames; learn to use Java and JavaScript, review professional web-authoring tools like Dreamweaver and Fireworks. Bring Flash Drive. PC lab only. Textbook Required. (Fee-Based)
DIG 113  
**Adobe After Effects - Intro**
Advisory: Adobe Premiere or editing experience and Familiar with Photoshop. Express your creative ideas using After Effects CS6. Employ innovative 2D, 3D, text, and vector graphic composing and animation tools; choose from an extensive selection of effects; and add high-quality audio. Explore a large library of creative building blocks to get you started, and take advantage of command line automation and scripting for advanced applications. Combine layers into new, visually rich alternate realities. Mask, key, motion track, color correct, paint, and perform a variety of visual effects magic with powerful, efficient, and precise tools. *(Fee-Based)*

DIG 114  
**Adobe After Effects**
Prerequisite: Adobe Photoshop and Premiere Pro. Learn the Adobe After Effects work area; integrating video and graphic motion, creative mattes, animation, filtering, and multimedia animation. Bring DVD/Flash Drive. PC lab only. *(Fee-Based)*

DIG 115  
**After Effects - Advanced**
Learn advanced graphics motion and modification. Advanced key frame techniques and special effects. Students will have a choice of either a PC or MAC computer system as available. Prerequisite: Intro to After Effects. *(Fee-Based)*

DIG 116  
**Apple Final Cut Pro**
Prerequisite: Knowledge of MAC OS X.2; familiar with graphics and editing. Learn basic and advanced editing techniques. Work with clips in the viewer: trimming, adjusting and controlling numerous characteristics in video, audio, filters and motion settings. Use various methods of sequencing your videos in the Canvas/Timeline with “drag and drop” and automatic methods such as insert, overwrite, replace, fit to fill, and superimpose. Become familiar with key framing for effects, applying transitions for creative moments. Learn how to capture/create, edit and place still images and audio files. *(Fee-Based)*

DIG 135  
**Adobe Flash Pro - Intermediate**
Prerequisite: Adobe Flash Pro (Beginning). Students must have a complete understanding of Flash basics: tweening, motion paths, the library, movie clips and basic action script. Learn to use Flash for complex web animations, special effects, and sophisticated interactivity. Learn intermediate action scripting which includes working with objects, classes, methods, properties, functions and event handlers. Controlling multiple timelines, sound effects and text will be taught as well as adding dynamic interactivity to the movie and clip. Bring Flash Drive. PC lab only. Textbook required. *(Fee-Based)*

DIG 151  
**Adobe InDesign, Beginning**
Advisory: Computer Literacy. This course combines basic desktop publishing skills with the specifics of how to use Adobe InDesign to create visual communications. You will learn page layout tools as you are introduced to the software interface. This course teaches the fundamentals, basic commands and procedures used to create professional documents. *(Fee-Based)*

DIG 162  
**Adobe Dreamweaver, Intermediate**
Prerequisite: Beginning Dreamweaver and/or HTML skills to learn how to develop more interactive and sophisticated websites. Special emphasis will be placed on developing and linking to databases using Dreamweaver. Bring Flash Drive. PC lab only. *( Fee-Based)*

DIG 164  
**SolidWorks for the Designer - Beginning**
Prerequisite: Computer Literacy. Class will consist of hands-on exercises to develop 3D CAD design skills with state-of-the-art intuitive, parametric 3D CAD system. This course is designed for students with no prior knowledge of 2D or 3D CAD. The beginning course will focus on an introduction to SolidWorks and learning the basic tools to perform product design exercises for manufacturing. Bring Flash Drive. PC lab only. *(Fee-Based)*

DIG 165  
**Solid Works for the Designer**
Intermediate  
Prerequisite: Beginning Solidworks. Class will consist of hands-on exercises to develop 3D CAD design skills with state-of-the-art intuitive, parametric 3D CAD system. This course is designed for students who have completed SolidWorks (Beginning). The intermediate course will focus on achieving a more in-depth understanding of SolidWorks by implementing more advanced operations. Bring Flash Drive. *(Fee-Based)*

DIG 166  
**Adobe Encore and Adobe Audition**
Prerequisite: Computer literacy and knowledge of Photoshop and/or Premiere Pro. Learn to author DVDs and output your project to all recordable DVD formats with Adobe Encore file editing software and Adobe Audition software for mixing and editing audio. Use Adobe Photoshop to create and edit menus. Output your project to all recordable DVD formats. Bring DVD/Flash Drive. PC lab only. *(Fee-Based)*

DIG 167  
**Digital Camera Workshop**
Learn how to use your digital camera. This is a one time only, four hour workshop to learn the basic operation of your digital camera and how to transfer your digital images to your computer. Bring camera, cable, memory card and instructions. *(Fee-Based)*

DIG 168  
**Scanner Workshop**
Learn how to use a scanner. This is a one time only, 4 hour workshop to learn how to use a scanner to copy photos, slides, negatives or drawings and store them on your computer. Bring material to copy including old photos and small 3-dimensional objects. *(Fee-Based)*

DIG 169  
**Photoshop for Web Workshop**
Advisory: Any Website Design course or Photoshop course. For the more advanced Photoshop/WEB student. Learn how to manipulate photos for minimum download time with maximum resolution. This workshop consists of two, 4 hour classes over two consecutive Saturdays. *(Fee-Based)*
DIG 170
Computer Monitoring with Spector Pro for Home Or Office
Learn how to easily monitor your children's or employees' computer activities with the highly ranked sleuth software program Spector Pro 5.0 by Spectorsoft. See what they are doing on MySpace, the internet or e-mail correspondence. The most impressive feature is the "Play" function. It allows you to perform a fast slide show of the previous activities on their computer. Keystrokes are also recorded so you can learn their passwords. This is a 3 hour workshop held in our state of the art computer lab at our Anaheim Campus. (Fee-Based)

DIG 175
Silk - Illustrator
Prior experience with Illustrator required. Intermediate to advanced techniques of illustration using the pen tool, clipping masks, gradients, blends, and gradient meshes to create watercolor and silk painting effects. Printing to various medias, including silk will be explored. (Fee-Based)

DIG 180
Mobile Device Game Development
An introduction of game theory and game design as it pertains to websites and mobile devices. The class will focus on action script 3 programming language with emphasis on user interaction. Course includes hands-on exercises for art asset generation, game play mechanics and audio. Textbook required. (Fee-Based)

DIG 185
Website Development Workflow - Methods and Techniques
An introduction to modern workflow methods and techniques used in professional content creation pipelines. The class will focus on integrating multi format assets such as video, audio, vector, 3D and image sequences into a production pipeline. Overview of content management tools, and meta data tracking with an emphasis on reusable/flexible asset generation. (Fee-Based)

DIG 190
Print on Fabric
Printing on fabric with a basic color printer and scanner using Photoshop and illustrator texture filters to create watercolor and silk painting effects will be explored and demonstrated. Students will print from their own drawings or photos on to various media such as silk and cotton to create a scarf or quilt block. (Fee-Based)

DIG 195
Flash Intermediate Workshop
If you already know how to animate in Flash but want to take it to the next level this workshop is for you. We will cover intermediate to advanced tools and techniques in CS4. What makes the difference between amateurish Flash sites and professional level Flash come and find out. (Fee-Based)

DIG 200
Photoshop Workshop
An in-depth journey into professional Photoshop techniques and workflows with an emphasis on creative techniques. (Fee-Based)

DIG 210
Adobe Lightroom
Advisory: Knowledge of windows operating systems and experience with digital cameras and Photoshop. Adobe Photoshop Lightroom helps bring out the best in your photographs, whether you're perfecting one image, searching for ten, processing hundreds, or organizing thousands. Create images, edit with state-of-the-art nondestructive editing tools. Manage all your images. Showcase your work in elegant print layouts, slide shows, and web galleries. (Fee-Based)

DIG 215
Adobe Illustrator ,Intermediate
Advisory: Current working knowledge of beginning Adobe Illustrator or have used Adobe Illustrator in the past. Use pen tool. This course explores more advanced vector artwork; font manipulation; isometrics; shadows and shading; and other 3-dimensional effects. (Fee-Based)

DIG 220
Adobe Dreamweaver with PHP and MySQL, Beginning
Advisory: Basic computer class and keyboarding class or equivalent. Adobe Dreamweaver CS6 is an application for web designers and developers used to create websites and applications for use across multiple targets including browsers, devices, and tablets. In this students will create a development environment for building PHP web applications with Adobe Dreamweaver and a MySQL database server. (Fee-Based)

DIG 225
Introduction to Animation
Adobe Edge
Advisory: Basic computer, Internet, and computer graphics skills or equivalent. This course introduces graphic animation tools that use web standards for incorporating smooth animations and interactivity into projects. The generated content can be displayed across multiple platforms such as mobile phones, tablets and desktops computers and browsers without the need for additional plugins. You will learn to create motion content in the application's timeline-based interface. This course also covers importing and keyframing web graphics and adding interactivity to projects. (Fee-Based)

DIG 230
PHP and MySQL, Introduction
Advisory: Basic computer and keyboarding skills and basic HTML and CSS knowledge. MySQL (TM) and PHP are two of the most popular open source technologies to emerge during the past decade. PHP is a powerful language for writing server-side Web applications. MySQL is the world's most popular open source database. Together, these two technologies provide you with a powerful platform for building database-driven Web applications. This hands-on MySQL and PHP course teaches everything you need to successfully build data-driven Web sites using MySQL and PHP. (Fee-Based)
DIG 232
**PHP and MySQL, Intermediate**
Advisory: HTML 5 and CSS and DIG 230 - PHP and MySQL, Introduction. This intermediate hands-on MySQL and PHP course teaches everything you need to successfully build data-driven Web sites using MySQL and PHP. Should know HTML and CSS. (Fee-Based)

DIG 240
**JavaScript Programming, Introduction**
Advisory: Basic computer skills and knowledge of HTML and CSS fundamentals. This course explores the fundamentals of JavaScript programming, one of the leading web development languages. Learn how to incorporate JavaScript code into HTML documents to produce stunning interactive Web pages. Students will be introduced to basic computer programming concepts including variables, operators, arrays, conditional statements, loops and functions. Hands-on exercises are performed each day to demonstrate key concepts and make web development with JavaScript fun and exciting. Bring USB Flash Drive. (Fee-Based)

DIG 242
**JavaScript Program, Intermediate**
Advisory: JavaScript Programming basics, HTML and CSS fundamentals. This course is designed for students who have a solid foundation in the basics of using and writing JavaScript (either through completion of the Intro to JavaScript course or with instructor approval). This course is an intermediate level JavaScript course, which focuses on JavaScript’s object-based features, and creating practical JavaScript applications. (Fee-Based)

DIG 245
**Introduction to Programming**
Designed for non-computer science students interested in programming, or developing useful problem solving skills. This course explores the relationship between programming and problem solving using programming languages. Programming using scripting languages such as JavaScript and PHP, and a compiled, object-oriented language such as Java will be introduced. No prior programming experience is assumed. (Fee-Based)

DIG 255
**WordPress, Beginning**
This course is designed for anyone looking to learn how to use the WordPress platform for either personal or business website use. The course covers the basics on how to use the WordPress platform including installation, content management, and configuration. The course also covers WordPress themes, plugins, and settings. Prior web publishing experience not required. Familiarity with web browsers and email is highly recommended. (Fee-Based)

**Disability Support Services (DPS)**

**DPS 106**
**Braille Transcribing**
This course is designed to familiarize the student with the Braille system and its usage. Students will be expected to learn to read, write and proofread Braille and submit a manuscript to the Library of Congress for certification in Braille Transcription. (Apportionment)

**DPS 111**
**Exploratory Arts for Visually Impaired**
A course designed for students with visual impairments, which provides experience using various art media. (Apportionment)

**DPS 114**
**Relationships and Sexuality Training**
A class geared for students with developmental or learning disabilities that is designed to provide a comprehensive and meaningful overview. The course strives to build healthy, safe sexual attitudes, behaviors, and relationships consistent with personal values. (Apportionment)

**DPS 115**
**Music for Communication for Students with Disabilities**
This course is designed for students with developmental or learning disabilities to teach verbal and nonverbal language skills and increase ones attention span and decision-making skills with the use of music. (Apportionment)

**DPS 116**
**Nutrition & Exercise**
Geared for students with developmental or learning disabilities that is designed to teach the benefits of healthy eating and proper exercise. (Apportionment)

**DPS 119**
**Kinesthetic PE For Visually Impaired**
A class designed for students with visual impairments to improve body awareness, stamina, cardiovascular fitness and muscle tone. Instruction will be characterized by specialized techniques relying on tactile input to the students. (Apportionment)

**DPS 120**
**Career Preparation and Life Management**
A course designed for students with developmental or learning disabilities to prepare for employment and and independent living. (Apportionment)

**DPS 121**
**Computer-Assisted Instructional Lab**
Designed for students with disabilities to provide instruction in computer operation, word processing and the use of adaptive computer equipment. (Apportionment)

**DPS 122**
**Adaptive PE Weight Training**
Increases physical endurance, stresses body condition/muscle development. Prerequisite: entry into this class based on physician’s release. (Fee-Based)

**DPS 124**
**Independent Living Skills**
A comprehensive program for adults with developmental disabilities to improve the social, academic, personal, prevocational and avocational capabilities. (Apportionment)

**DPS 125**
**Daily Living Skills: for Students with Disabilities**
A class geared for students with disabilities that is designed to enhance their ability to live more independently. (Apportionment)
North Orange Continuing Education 2018/19

DSPS 126
Basic Reading for the Disabled
Designed to enhance reading skills by providing a strong foundation to increase vocabulary and reading comprehension.  
(Apportionment)

DSPS 128
Improving Individual Skills for Student with Disabilities
Geared for students with developmental, psychiatric or learning disabilities, designed to improve academic and personal skills through social interactions, healthy living, and academic success.  
(Apportionment)

DSPS 129
Community Resources
A class geared for students with developmental or learning disabilities designed to teach skills necessary to independently take part in typical community activities by traveling to various locations in the area. Lessons learned in the classroom will be practiced in the community.  
(Apportionment)

DSPS 130
Bill Paying and Banking
This class is designed for adults with developmental disabilities and learning disabilities who want to learn how to maintain a checking account. This is an introductory class that teaches banking vocabulary and step by step on how to open and manage a checking account. Students will be required to use the Quicken software program for balancing their checking account.  
(Apportionment)

DSPS 131
Basic Cooking
Designed for students with developmental or learning disabilities to have them acquire skill in safely preparing and storing foods for independent living. Also includes nutrition, appropriate manners and kitchen organization.  
(Apportionment)

DSPS 132
Communication Skills
A course geared for students with developmental or learning disabilities to provide instruction on the different forms of effective communication including body language, gestures, and non-verbal cues. Students actively participate in role playing real-life situations, discussing current events, and practicing listening exercise to improve their communication skills. 
(Apportionment)

DSPS 133
Self-Advocacy
Instruction designed for students with developmental or learning disabilities to enhance advocating for self in everyday life situations. 
(Apportionment)
DSPS 150
**Critical Thinking**
Designed to assist adults with disabilities in acquiring or improving critical thinking skills necessary to function independently in a variety of activities, situations, and environments. Emphasis on problem solving and decision making through understanding and evaluating situations, utilizing knowledge of cause and effect relationships, exploring options, and planning and implementing strategies. (Apportionment)

DSPS 155
**Mobility Skills**
A class designed for students with disabilities to enhance independence by introducing safe practices and knowledge for using public transportation. (Apportionment)

DSPS 160
**Adaptive PE Activity**
This course is designed for the disabled student. The class modified individual and team sport activities. (Fee-Based)

DSPS 165
**Wheelchair Basketball**
Weekly practice or a minimum of four hours per week is required. The most qualified student athletes will be selected to represent the college during the season. (Fee-Based)

DSPS 170
**Wheelchair Athletics**
This course includes instruction and participation in the fundamentals of the spectrum of wheelchair athletics. (Fee-Based)

DSPS 175
**Personal Safety**
This course is designed to introduce students with developmental disabilities to personal safety awareness. Students with disabilities will be presented with proactive steps to take to avoid dangerous situations in the community and at home. Students with disabilities will also be presented with basic techniques for self defense and first aid. (Apportionment)

DSPS 180
**Beginning Banking**
This class is for students with disabilities who want to learn how to spell money amounts, fill out an check, make a deposit, record checks and deposits in a check register, and record ATM transactions in a register. This class would beneficial for students: who want to learn the basics of banking, who need practice with the basics of banking, or who are new and would like to take the Banking for Apartment Living class. (Apportionment)

DSPS 185
**Social Opportunities for Students with Disabilities**
Geared for students with disabilities to learn how to create a social life for themselves by discussing how to meet people and making friends, identifying low cost activities, learning age appropriate games to play with guest, practicing social manners, and planning a social event and carrying it out. (Apportionment)

DSPS 190
**Beginning Computers / Open Lab for Adults with Disabilities**
This course is designed to provide students who have developmental disabilities with the knowledge to develop or maintain skills in basic computer applications such as, but not limited to: Windows, word processing, data entry, Internet navigation, keyboarding, and remedial academic software. (Apportionment)

DSPS 195
**Have Internet; Will Travel**
This course is designed to provide students who have developmental disabilities with the knowledge to develop the skills needed for travel planning while building computer and researching skills by use of the Internet. Students will plan 3 trips: a day trip, a weekend get-away, and a week vacation. (Apportionment)

DSPS 200
**Rules of the Road**
This course is designed to provide students who have developmental disabilities with the knowledge to increase awareness as a pedestrian/bicyclist or future licensed driver about the laws and rules of the road. (Apportionment)

DSPS 205
**Money Skills for Students with Disabilities**
This course is designed for students with developmental learning disabilities to learn the skills necessary for performing accurate money exchanges. Students will learn to count money, and to solve real life shopping problems using money. (Apportionment)

DSPS 210
**Photoshop for Students with Disabilities**
Through class and individual instruction students with developmental or learning disabilities will acquire basic knowledge and skills in digital photography and manipulation of photographs utilizing the Adobe Photoshop Elements program. Students will also develop their creativity through personalized PhotoShop projects. (Apportionment)

DSPS 215
**Get in Shape: Healthy Eating and Exercise**
Students with disabilities will learn the benefits of healthy eating and proper exercise. Students will prepare Students should consult with a physician before four healthy snacks and participate in exercise activities. starting an exercise program. (Apportionment)

DSPS 220
**Summer Cooking**
This course is designed to provide students that have developmental disabilities with the knowledge and skills needed to cook simple, nutritious meals. We will plan our meal, walk to the grocery store, shop for food, prepare the meal together, and clean up. (Apportionment)

DSPS 225
**Actor's Workshop**
This course is designed to expose students with disabilities to basic acting techniques. Additionally, the acting, focused on everyday social dilemmas, will enhance the student's ability to interpret and then deal with these everyday life situations on a regular basis. (Apportionment)
DPS 235  
**Improving Daily Living Skills for Students with Disabilities**  
A quick-paced course designed to provide students with disabilities with basic banking skills including writing checks and depositing paychecks. *(Apportionment)*

DPS 245  
**Exercise for the Disabled Student**  
Geared for students with developmental or learning disabilities that is designed to lead students in a variety of exercises to improve mobility, increase blood circulation, flexibility, and coordination and boost one's energy levels. *(Apportionment)*

DPS 250  
**Healthy Living with Exercise for Students with Disabilities**  
Geared for students with developmental or learning disabilities that is designed to teach nutrition, healthy eating habits while reinforcing proper exercise. *(Apportionment)*

DPS 255  
**Movement Through Music for Students with Disabilities**  
Geared for students with developmental or learning disabilities that is designed to get them moving according to their own individual abilities, while encouraging through music and stress management exercises. *(Apportionment)*

DPS 260  
**Introduction to Checking Accounts**  
A quick-paced course designed to provide students with disabilities with basic banking skills including writing checks and depositing paychecks. *(Apportionment)*

DPS 265  
**Exploring Your Occupational Path**  
This course is intended to assist adults with disabilities in establishing a clear and realistic occupational goal. Students will assess their interests and abilities in order to establish attainable objectives to achieve their goal. Students will also explore resources for seeking employment in their chosen occupational field. *(Apportionment)*

DPS 270  
**Work Attitudes and Employer Expectations**  
This course is intended to prepare students for successful employment by introducing them to appropriate on-the-job behavior, communication, attitude and work ethic. Students will also be introduced to the importance of workplace safety and customer service. *(Apportionment)*

DPS 275  
**Paying Bills**  
A quick-paced course designed to provide students with disabilities with basic money management skills including use of an ATM and bill paying. *(Apportionment)*

DPS 280  
**Landing a Job**  
This course is designed to introduce students with disabilities to filling-out and submitting both written and online job applications. This course will also introduce students to effective job interview preparation, technique and attire. *(Apportionment)*

DPS 285  
**Budgeting for Apartment Living**  
A quick-paced course designed to provide money-management skills for employed students with developmental or learning disabilities living in their own apartment. *(Apportionment)*

DPS 290  
**Computer Assisted Instruction Lab: Beginning Level**  
Designed for individuals with developmental or learning disabilities, this course teaches basic computer skills including use of a keyboard and word processing. *(Apportionment)*

DPS 295  
**Computer Assisted Instruction Lab: Intermediate Level**  
Designed for individuals with developmental or learning disabilities, this course provides training in word processing, use of the Internet and operation of e-mail accounts. *(Apportionment)*

DPS 305  
**Fitness & Nutrition for Students with Disabilities**  
Geared for students with developmental or learning disabilities that is designed to teach the benefits of healthy eating and proper exercise. *(Apportionment)*

DPS 310  
**Mobility Training for Students with Disabilities**  
The mobility training class is designed for adult students with developmental disabilities. In a small group the student learns all the skills necessary to use the OCTA public transportation services. This class stresses self-reliance and basic skill building. *(Grant-Funded)*

DPS 315  
**Relationships: for Students with Disabilities**  
This is a class for students with developmental disabilities or learning disabilities that is designed to provide them with a meaningful overview of adult relationships, primarily friendships and romantic/intimate relationships. Students will learn basic information and skills in order to build healthy and safe relationships. *(Apportionment)*

DPS 320  
**Human Sexuality for Students with Disabilities**  
This is a class for students with developmental disabilities or learning disabilities that is designed to provide them with a comprehensive and meaningful overview of human sexuality. Students will learn current appropriate information in order to build healthy, safe sexual attitudes, behaviors, and relationships consistent with personal values. *(Apportionment)*

DPS 325  
**Workplace Skills Training for Student with Disabilities**  
Workplace Skills Training is a lecture and lab course designed to provide students with developmental disabilities with hands-on training in basic janitorial tasks that may be expected of them in an entry-level position. Lecture topics include work safety and on-the-job behavior and attitude. *(Apportionment)*
**DSPS 327**  
**Workplace Safety and Janitorial Skills for Students with Disabilities**  
This course will provide students who have disabilities with hands-on training in basic cleaning tasks that may be expected of them in an entry-level job. Topics include appropriate dress, hygiene, on-the-job safety and safety equipment related to janitorial tasks. *(Apportionment)*

**DSPS 329**  
**Workplace Training: Exceptional Employee for Students with Disabilities**  
This is a lecture and lab course designed to provide students who have disabilities with hands-on training in basic janitorial tasks that may be expected of them in entry-level employment. Lecture topics include on-the-job behavior and attitude for potential pay raise and/or promotion. *(Apportionment)*

**DSPS 330**  
**Options for Independent Living for Students with Disabilities**  
This course is an overview of living options for students with disabilities who are considering living independent of their family homes. The advantages and disadvantages of various living options will be presented. Students will also explore the process of choosing and renting an apartment. *(Apportionment)*

**DSPS 332**  
**Living More Independently: Apartment Living**  
Students with disabilities will explore moving into their first apartment and responsibilities of maintaining a home. Topics will include identifying needed furnishings and supplies, basic house cleaning, and safe use and storage of cleaning products. Students will also be required to practice house cleaning tasks. *(Apportionment)*

**DSPS 334**  
**Living More Independently: Health, Safety and Living With Your Roommate**  
Students with disabilities will learn about choosing and living with a roommate. Students will be presented with strategies for cooperative living and problem solving. Students will also learn about health and safety in the home. *(Apportionment)*

**DSPS 335**  
**Balance and Mobility Skills for Students with Visual Impairments**  
This course is designed to provide students who are legally blind with the techniques needed to improve balance, strategies needed to reduce falls and skills needed to safely get up after a fall. Students will use sensory cues to identify environmental risks, learn exercises that increase strength and balance, and create a personal fall-prevention plan. *(Apportionment)*

**DSPS 340**  
**Music for Communication: Social Skills for Students with Disabilities**  
This course uses music to enhance communication skills and cultural awareness for students with intellectual and developmental disabilities. *(Apportionment)*

**DSPS 345**  
**Community Volunteering for Vocational Skills Enhancement**  
Students with developmental disabilities participate in weekly field trips. Trips will include resources in the community that can provide opportunities for volunteer service. Curriculum includes instruction for use of public transportation to get to and return from field trip destinations. *(Apportionment)*

**DSPS 350**  
**Job Skills Field Work for Students with Disabilities**  
Students with developmental or learning disabilities participate in weekly field trips to destinations that provide them with first hand observation of workplaces and/or introduce them to agencies that can assist them in attaining and maintaining employment. Curriculum also includes instruction in the use of public transportation. *(Apportionment)*

**DSPS 355**  
**Accessing the Community Through Mobility Skills for Students with Disabilities**  
A class designed for students with disabilities to enhance independence by introducing knowledge and safe practices for using public transportation. The course will include route preparation, and will help students learn to travel in the community to access services, community resources, vocational agencies, work sites, and student homes or apartments. *(Grant-Funded)*

**DSPS 360**  
**Making a Plan for Self-Advocacy**  
Students will examine personal strengths and skills as well as areas that need improvement in order to be successful in advocating for their chosen life or vocational goal. Students will also research resources pertaining to their goal in order to prepare a plan for advocating for their life or vocational goal. *(Apportionment)*

**DSPS 362**  
**Advocating for Life and Vocational Goals**  
This course provides students with disabilities with knowledge, skills and resources to make decisions and communicate needs for determining their own life and vocational path. Students will learn about disabilities and adaptive skills to mitigate personal disabilities. Students will learn and practice effective communication techniques. *(Apportionment)*

**DSPS 364**  
**Interacting with Authority and Emergency Personnel**  
This course will prepare students with disabilities for interaction with police and emergency personnel. Topics include an overview of the criminal justice system, rights of individuals if taken into custody and reporting victimization. This course also prepares students for interaction with fire, medical, and emergency medical personnel. *(Apportionment)*

**DSPS 370**  
**ILS: US Civics**  
This class is designed for adults with developmental disabilities and learning disabilities who want to become better citizens by gaining knowledge about the civics of the United States of America. *(Apportionment)*
DSPS 372
**ILS: US Geography**
This class is designed for adults with developmental disabilities and learning disabilities who want to learn United States geography. Students will learn about states, state capitals, and major United States landmarks. (Apportionment)

DSPS 374
**ILS: US National Symbols and History**
This class is designed for adults with developmental disabilities and learning disabilities who want to become better American citizens by gaining knowledge of American national monuments, American heroes, and national patriotic symbols. (Apportionment)

DSPS 380
**Survival Vocabulary and Basic Reading and Writing**
This course is the first in a series of three courses designed for adults with disabilities to learn survival vocabulary and basic reading and writing skills. (Apportionment)

DSPS 382
**Basic Reading Comprehension & Writing for Students with Disabilities**
This course is the second in a series of three courses designed for adult students with disabilities to increase their reading comprehension and writing skills. (Apportionment)

DSPS 384
**Using Reading in Real Life Situations for Students with Disabilities**
This course is the third in a series of three courses designed for adult students with disabilities to increase their reading comprehension and writing skills found in real life situations. (Apportionment)

DSPS 390
**Daily Living Skills: Reading Skills in the Kitchen for Students with Disabilities**
This is an introductory cooking course for students with intellectual and developmental disabilities to practice reading and vocabulary in the kitchen so they can prepare a simple and nutritious meal. (Apportionment)

DSPS 392
**Daily Living Skills: Basic Math with Money for Students with Disabilities**
This is an introductory course for students with intellectual and developmental disabilities to practice money skills to learn money exchanging concepts. (Apportionment)

DSPS 394
**Daily Living Skills: Basic Math with Time for Students with Disabilities**
This is an introductory course for students with intellectual and developmental disabilities to practice math skills to learn time concepts. (Apportionment)

DSPS 396
**Daily Living Skills: Basic Math with Calendars for Students with Disabilities**
This is an introductory course for students with intellectual and developmental disabilities to practice math skills to learn calendar concepts. (Apportionment)

DSPS 400
**Applied Academics: Communication Skills**
This course is geared for students with developmental, psychiatric or learning disabilities, designed to improve reading, writing and speaking skills. (Apportionment)

DSPS 402
**Applied Academics: Math Skills for Everyday Living**
This course is designed to improve everyday math skills for students with developmental, psychiatric or learning disabilities. (Apportionment)

DSPS 404
**Applied Academics: Reading and Writing for Employment**
This course is designed to improve reading and writing skills as they relate to employment for students with developmental, psychiatric or learning disabilities. (Apportionment)

DSPS 410
**Introduction to Computers**
Designed for individuals with disabilities, this course provides a basic introduction to computers. (Apportionment)

DSPS 412
**Introduction to Basic Word Processing**
Designed for individuals with disabilities, this course teaches the basic introduction to word processing. (Apportionment)

DSPS 414
**Introduction to Basic Word Processing Editing for Students with Disabilities**
Designed for individuals with disabilities, this course teaches basic word processing editing. (Apportionment)

DSPS 420
**Intermediate Word Processing**
Designed for individuals with disabilities wanting to increase their basic knowledge of word processing (Apportionment)

DSPS 422
**Intermediate Electronic Mail**
Designed for individuals with disabilities, this course provides training in the use of the Internet and operation of e-mail accounts. (Apportionment)

DSPS 424
**Intermediate PowerPoint Slide Presentation & Basic Formatting**
Designed for individuals with disabilities, this course provides training in the use of PowerPoint slide presentation software and basic spreadsheet software. (Apportionment)

DSPS 430
**Beginning Money**
A course designed for students with developmental or learning disabilities to learn the skills necessary for accurate money exchanges. Students will learn how to count money, give appropriate amounts of money for purchases, make change, and how to calculate a tip. (Apportionment)

</table>
DSPS 484  
**Human Sexuality: Children, Personal Safety, & Healthy Relationships**  
This course is designed to give students with disabilities an overview of the basic human sexuality concepts of having children, sexual abuse safety, and healthy relationships, in order to build safe, healthy sexual behaviors and attitudes, consistent with personal values, using a variety of basic skills. *(Apportionment)*

---

DSPS 490  
**Affectively Dealing With Work- Related Problems**  
A class designed for students with developmental or learning disabilities who want to learn how to improve their communication skills in relationship to employment. Course will include activities to enhance written and verbal skills. *(Apportionment)*

---

DSPS 492  
**First Impressions On The Job**  
A class designed for students with developmental or learning disabilities who want to learn how to improve their communication skills in relationship to employment. Course will focus on making good first impressions and will include activities to enhance written and verbal skills. *(Apportionment)*

---

DSPS 494  
**Interviewing & Professional Communication**  
A class designed for students with developmental or learning disabilities who want to learn how to improve their communication skills in relationship to employment. Course will focus on interviewing skills and will include activities to enhance written and verbal skills. *(Apportionment)*

---

DSPS 500  
**Keyboarding & Basic Word Processing**  
This course is the first in a series of three courses designed for adults with developmental disabilities. The course teaches keyboarding and basic word processing. The skills learned in the first course will carry over into the subsequent two courses. *(Apportionment)*

---

DSPS 502  
**Exploring the Internet and Email**  
This course is the second in a series of three courses designed for adults with developmental disabilities. The course teaches the student how to use email and how to do research on the Internet using common search engines. The skills learned in this course will carry over into the last course in this series. Students will use keyboarding and word processing skills learned in prior course. *(Apportionment)*

---

DSPS 504  
**Creating PowerPoint Presentations**  
This course is the third in a series of three courses designed for adults with developmental disabilities. The course teaches the student how to create PowerPoint presentations. Students will use keyboarding, word processing, and internet research skills learned in prior courses. *(Apportionment)*

---

DSPS 514  
**Job Skills Fieldwork: Working in Food Service for Students with Disabilities**  
Students with disabilities participate in field trips to childcare facilities, educational programs and vocational agencies that can assist them in attaining and maintaining employment. Curriculum includes instruction in using public transportation, using Internet resources for planning bus trips to field trip destinations and creating a written day schedule. *(Apportionment)*

---

DSPS 516  
**Job Skills Field Work: Working in Childcare & Vocational Assistance for Students with Disabilities**  
Students with disabilities participate in field trips to childcare facilities, educational programs and vocational agencies that can assist them in attaining and maintaining employment. Curriculum includes instruction in using public transportation, using Internet resources for planning bus trips to field trip destinations and creating a written day schedule. *(Apportionment)*

---

DSPS 520  
**Relationships and Boundaries for Students with Disabilities**  
This course is designed to provide students with developmental disabilities with the knowledge and skills they need to have safe and healthy interpersonal relationships. Topics covered include personal boundaries, dealing with strangers, and appropriate types of relationships. *(Apportionment)*

---

DSPS 522  
**Interpersonal Relationships for Students with Disabilities**  
This course provides students with developmental disabilities with the knowledge and skills to have safe and healthy interpersonal relationships. Topics in the course include personal values, making choices, dating and sexual relationships. *(Apportionment)*

---

DSPS 524  
**Personal Development and Safety In Relationships for Students with Disabilities**  
This course is designed to provide students with developmental disabilities with the knowledge and skills they need to have safe and healthy interpersonal relationships. Topics covered include human development, sexual activity, birth control, and pregnancy. *(Apportionment)*

---

DSPS 530  
**College to Career Open Lab for Adults with Disabilities**  
This course is designed to provide students who have developmental or learning disabilities with the knowledge to develop vocational and educational skills. *(Grant-Funded)*

---

DSPS 531  
**Educational Support and Employment Prep Lab**  
This course is designed to provide students who have disabilities with the knowledge to develop vocational and educational skills. *(Apportionment)*
DSPS 533  
**Community Resources: Employment Options**  
Students will participate in weekly field trips to destinations that provide them with tours and first-hand observation of appropriate workplaces for entry level employment. Curriculum includes instruction in the use of public transportation. *(Apportionment)*

DSPS 535  
**Photoshop: Digital Camera Operation for Students with Disabilities**  
Designed for individuals with developmental or learning disabilities wanting to increase their basic knowledge of operating a digital camera. *(Apportionment)*

DSPS 537  
**Photoshop Elements: Introduction for Students with Disabilities**  
Designed for individuals with developmental or learning disabilities wanting to increase their basic knowledge of Photoshop Elements. *(Apportionment)*

DSPS 539  
**Photoshop Elements: Layering and Special Effects**  
Designed for individuals with developmental or learning disabilities wanting to increase their basic knowledge of Photoshop Elements. *(Apportionment)*

DSPS 540  
**Exploring Career Options for Students with Disabilities**  
This course is intended to assist adults with disabilities in establishing a clear and realistic occupational goal. Students will assess their interests and abilities in order to establish attainable objectives to achieve their goal. Students will also explore resources for seeking employment in their chosen occupational field. *(Apportionment)*

DSPS 542  
**Workplace Attitudes and Standards for Students with Disabilities**  
This course is intended to prepare students with disabilities for successful employment by introducing them to appropriate on-the-job behavior, communication, attitude and work ethics. Students will also be introduced to the importance of workplace safety and customer service. *(Apportionment)*

DSPS 544  
**Getting a Job for Students with Disabilities**  
This course is designed to introduce students with disabilities to filling out and submitting both written and online job applications. This course will also introduce students to effective job interview preparation, technique and attire. *(Apportionment)*

DSPS 550  
**Independent Living Skills: Exploring Employment**  
This is the first of three sequential courses designed for adults with disabilities to succeed at a workplace. This course covers job-seeking skills. *(Apportionment)*

DSPS 552  
**Independent Living Skills: Pre-Vocational Skills Practice**  
This course is designed for adults with developmental disabilities and intellectual disabilities who want to learn basic vocational skills. Students will practice different vocational work skills in various settings. *(Apportionment)*

DSPS 554  
**Independent Living Skills: Social Skills on the Job**  
This course is designed for students with developmental disabilities and intellectually disabilities who want to learn how to be a good employee. Students will learn about traits that employees need to succeed in a job. *(Apportionment)*

DSPS 560  
**Independent Living Skills: Budgeting Skills**  
This class is designed to teach students with developmental and intellectual disabilities how to budget and save their money. *(Apportionment)*

DSPS 562  
**Independent Living Skills: Money Skills**  
This class is designed to teach adults with developmental and intellectual disabilities how to count money and pay bills safely and correctly. *(Apportionment)*

DSPS 564  
**Independent Living Skills: Consumer Skills**  
The class is designed to teach adults with developmental and intellectual disabilities to increase their skills and knowledge to be better consumers. *(Apportionment)*

DSPS 570  
**Independent Living Skills: Health Skills**  
This class is designed to teach adults with developmental and intellectual disabilities to improve their health and physical well-being. *(Apportionment)*

DSPS 572  
**Independent Living Skills: Safety Skills**  
This class is designed to teach adults with developmental and intellectual disabilities to improve their personal safety at home. *(Apportionment)*

DSPS 574  
**Independent Living Skills: Nutrition**  
This class is designed to teach adults with developmental and intellectual disabilities the benefits of achieving good health through nutrition, exercise, and lifestyle choices. *(Apportionment)*

DSPS 580  
**Independent Living Skills: Practical Living Skills**  
This class is designed to teach adults with developmental and intellectual disabilities how to apply practical living skills in order to live more independently in the community. *(Apportionment)*

DSPS 582  
**Independent Living Skills: Accessing Community Resources**  
This course is designed to teach adults with developmental and intellectual disabilities how to access public transportation and integrate into their community more independently. *(Apportionment)*
DSPS 584
Independent Living Skills: Kitchen Skills
This course is designed to teach adults with developmental and intellectual disabilities how to plan and safely cook a simple meal. (Apportionment)

DSPS 600
Community Inclusion and Transition Resources
Students with disabilities participate in weekly field trips. Trips include resources in the community that can provide opportunities for community inclusion and organizations that provide community transition assistance. Curriculum includes instruction for use of public transportation to get to and return from field trip destinations. (Apportionment)

DSPS 605
Social Media and Online Safety
This course is designed to equip students with disabilities with the knowledge to increase personal online safety while creating and maintaining social media accounts. (Apportionment)

DSPS 610
Public Speaking
This course is designed to provide students with disabilities the knowledge and skills to create and deliver presentations in the classroom. Students will learn how to reduce anxiety and deliver presentations to their classmates through public speaking activities and speeches. (Apportionment)

Early Childhood Education (ECE)

ECE 100
Child Health and Safety
For teachers and directors of pre-schools, this course will focus on the skills and knowledge needed for developing emergency plans and responding to health and safety issues in the classroom. (Apportionment)

ECE 108
ECE Program Principles and Practice
Course examines the history, basic principles, and philosophies of various types of early childhood programs, emphasizing the role of the adult and characteristics of quality programs. This course is part of a program approved by the California Department of Social Services, Community Care Licensing, for employment in private facilities only. (Apportionment)

ECE 110
Program Principles II
Prerequisite: ECE 108 Program Principles I. Bring original certificate to first class! Students explore major contributors in early childhood education and the development of their personal growth in the field of teaching. (Apportionment)

ECE 112
Language Arts and Literacy in Early Childhood
This course examines the teacher's role in promoting and facilitating children's emerging literacy and language development through the use of storytelling, books, songs, flannel board stories and puppetry. This course is part of a program approved by the California Department of Social Services, for employment in a private facility. (Apportionment)

ECE 116
Program Music & Movement
Explores areas of music and movement appropriate to child's development through participating and experimenting. (Apportionment)

ECE 124
Infant Care I
Methods of sanitation, illness and Title 22 regulations will be discussed. (Apportionment)

ECE 126
Infant Care II
Theory and appropriate caregiver methods applied in daily curriculum activities for infants and toddlers. (Apportionment)

ECE 130
Program Science & Math
Plan, organize and implement activities that help children develop skills, appreciation and enthusiasm for science and math. (Apportionment)

ECE 132
Program Creative Experience
Student awareness and application of materials appropriate for preschool art activities. (Apportionment)

ECE 134
Developmental Readiness: Preschool
Prerequisite: ECE 140 Early Childhood Development. Bring original certificate to first class! Explore how children learn. Develop the ability to plan developmentally-appropriate activities to ensure children's success. Learn how to detect and prevent learning difficulties. (Apportionment)

ECE 136
Family Community Relationships
Examination of the sociological relationships between family and society; institutional, racial, social, and economic factors affecting the family and the child. (Apportionment)

ECE 140
Early Childhood Development
Intro to age-related child growth, development, learning characteristics, self-concept, mechanics and techniques of positive learning. (Apportionment)

ECE 141
Early Childhood Educational Planning
Orientation and Assessment to and for the SCE Early Childhood Education Certificate program, overview of occupational options. Evaluate reading comprehension, writing abilities, English language acquisition via student self-assessment. Provide advisory referrals to basic skills support as needed per individual student. Provide overview of general SCE programs and student support services. (Orientation)
ECE 142
Supervision & Administration
(Offered Spring Term Only) Prerequisites: ECE 170 Introduction to Curriculum for ECE, and ECE 108 ECE Program Principles and Practice, and ECE 140 Early Childhood Development, and ECE 136 FamilyCommunity Relationships, and ECE 100 Child Health and Safety. In depth study of the essentials of daily school supervision and operation as mandated by State regulations. (Apportionment)

ECE 165
Children with Special Needs
This course offers a broad study of children with special needs and early childhood education as it relates to inclusion. This course covers federal and state laws and regulations, terminology and definitions, appropriate practices and intervention. This course is part of a program approved by Department of Social Services, Community Care Licensing. (Apportionment)

ECE 170
Introduction to Curriculum for Early Childhood Education
Prerequisite: ECE 140 Early Childhood Development. This course provides the foundation for curriculum planning, implementation, observation, assessment and evaluation. Emphasis includes modalities, learning styles, environments, activities, schedules, routines and adaptations to facilitate learning for all children. This course is part of a program approved by the California Department of Social Services for employment in private facilities. (Apportionment)

ECE 175
Infant-Toddler Care
This course explores the theories, principles and practices of an infant/toddler program. Content includes respectful, responsive care giving, licensing and regulation issues, and enriching, safe, healthy, developmentally appropriate environments. This course is part of a program approved by the California Department of Social Services for employment in private facilities. (Apportionment)

EDEN 600
Intergenerational: Learning Connection for Older Adults
This class provides older adults and participants of multiple generations the opportunity to gain understanding and appreciation for themselves and others through various interactive class activities and projects. Older adults students are encouraged to explore different perspectives by comparing and contrasting the past, present, and future from different generational viewpoints. (Apportionment)

EDEN 640
Genealogy 101 - First Steps to Family Heritage
This course is designed for participants to develop a plan to document their family history through genealogy. (Fee-Based)

Electrical (ELET)

ELET 100
Basic Electronics for Video, Audio and Computer
This course offers the fundamentals of basic electronics, including electronics theory with a focus on analog electronics. Students receive practical lab experience to understand and troubleshoot circuits. This course is a starting point for students preparing for a career as an electronic technician. (Apportionment)

ELET 102
Basic Electricity
Course starts with basic electricity and progresses into residential wiring in accordance with the National Electrical Code. Students learn how to obtain an electrical contractor's license. Supplies purchase required as specified by instructor. (Apportionment)

ELET 112
Electronic Service Technology
Prerequisite: Basic electronic knowledge. Course reviews AC/DC theory and basic electronic circuits. Learn to use electronic test equipment and hook up home entertainment equipment. Proceed with testing, troubleshooting and preventive maintenance or radio, TV, VCR, microwave and DVD/CD player. Purchase of small electronic kit as specified by instructor required. Basic knowledge of electronics recommended. (Apportionment)

EDEN 100
Senior Topics for Older Adults
This course presents older adults with various topics for discussion and class activities based on the students' individual interest, backgrounds, physical and mental abilities. Older adults are encouraged to share and compare life experiences, and learn about international, national and local events and issues from a current and historical viewpoint. (Apportionment)

EDEN 550
Intergenerational: Life Review for Older Adults
This course for older adults and participants of multiple generations will explore, celebrate, and share their life histories with other class participants through personal interviews, with the older adult students, completing a family tree chart, and participating in a life-layers activity. Relationships across generations are encouraged through interactive class projects and activities. (Apportionment)
ELET 145
Electricity Fundamentals
Prerequisite: ELET 140 Introduction to Electrical Trainee. Course covers basic electrical concepts, including electrical measurements, basic electrical theory, and an understanding of how common electrical components work. Course provides a basis for understanding electrical safety concepts. (Apportionment)

ELET 150
Wiring Fundamentals: Residential
Prerequisite: ELET 145 Electricity Fundamentals. Course provides an overview of the National Electrical Code (NEC) and its application to residential wiring. Topics include electrical standards, residential wiring techniques, grounding, basic switching circuits, residential load calculations, and electrical services in accordance with the NEC. (Apportionment)

ELET 160
Wiring Fundamentals: Commercial
Prerequisite: ELET 145 Electricity Fundamentals. Course provides an overview of the National Electrical Code (NEC) and its application to commercial wiring. Topics include commercial wiring, conduit systems, conductor types and applications, over-current protection, polyphase distribution, system and equipment grounding, and voltage-drop equations and lighting sources in accordance with the NEC. (Apportionment)

ELET 170
Wiring Fundamentals: Industrial
Prerequisite: ELET 145 Electricity Fundamentals. Course provides an overview of the National Electrical Code (NEC) and its application to industrial wiring. Topics include industrial wiring, conduit systems, conductor types and applications, over-current protection, polyphase distribution, system and equipment grounding, electrical motors, motor circuit conductors, motor control circuits, and electrical power installations in accordance to the NEC. (Apportionment)

ELET 175
Electrical Trades Mathematics I
A study of mathematics used in the electrical and construction trades including topics such as arithmetic, fractions, decimals, percent's, graphing, measurement, and an introduction to algebra. (Apportionment)

ELET 176
Electrical Trades Mathematics II
Prerequisite: ELET 175 Electrical Trades Mathematics I. This course will present basic algebra and trigonometry and their application to the solution of practical problems in the electrical construction field with an emphasis on trigonometric solutions to alternating current electrical theory. (Apportionment)

ELET 178
OSHA Standards for Construction
This course covers Occupational Safety and Health Administration (OSHA) policies, procedures, and standards, as well as construction safety and health principles. Topics include scope and application of the OSHA construction standards. Special emphasis is placed on those areas that are the most hazardous, using OSHA standards as a guide. Upon successful course completion, the student will receive an OSHA 30 Hour Construction Outreach Training Completion Card. (Apportionment)

ELET 180
Electrical Conduit Bending
This course is a study of how to properly calculate, layout, and bend Electrical Metallic Tubing (EMT) and Rigid Metal Conduit (RMC) per industry and National Electrical Code standards. This course utilizes both hand bending tools and the use of mechanical and machine type bending equipment. (Apportionment)

ELET 205
Electrical Fundamentals I – Residential
Prerequisite: ELET 175 Electrical Trades Mathematics I; Co-requisite: Must be taken concurrently with ELET 210 Electrical Laboratory Practices I. This course introduces the student to the elements of basic direct current circuits and residential type construction with an emphasis on wiring principles and basic residential design. The student will perform a "hands on" design of a basic residential blueprint with all components in strict accordance with the requirements of the National Electrical Code. (Apportionment)

ELET 206
Electrical Fundamentals II – Commercial
Prerequisite: ELET 205 Electrical Fundamentals I - Residential and ELET 176 Electrical Trades Mathematics II; Must be taken concurrently with ELET 211 Electrical Laboratory Practices II. Course provides an overview of the National Electrical Code (NEC) and its application to commercial wiring. Topics include commercial wiring, conduit systems, conductor types and applications, over-current protection, single and three distribution systems and equipment, grounding, and lighting sources in accordance with the NEC. (Apportionment)

ELET 207
Electrical Fundamentals III – Industrial
Prerequisite: ELET 205 Electrical Fundamentals I - Residential and ELET 206 Electrical Fundamentals II – Commercial; Must be taken concurrently with ELET 212 - Electrical Laboratory Practices III Course provides an overview of the National Electrical Code (NEC) and its application to industrial wiring. Topics include industrial wiring, conduit systems, conductor types and applications, over-current protection, electrical motors, motor circuit conductors, motor control circuits, and industrial electrical power installations in accordance to the National Electrical Code. (Apportionment)

ELET 210
Electrical Laboratory Practices I
Must be taken concurrently with ELET 205 - Electrical Fundamentals I – Residential. This course covers laboratory work associated with the fundamentals of DC electricity, electromagnetism, series, parallel and combination circuits, wiring practices, and hand tools. (Apportionment)

ELET 211
Electrical Laboratory Practices II
Prerequisite: ELET 210 Electrical Laboratory Practices I; Must be taken concurrently with ELET 206 - Electrical Fundamentals II – Commercial. This course includes lab work associated with the fundamentals of alternating current electricity. Alternating current principles, practices, and safe wiring with hand tools and instrumentation are included. (Apportionment)
ENCO 110
Communication With The Deaf (Beginning)
This course is suitable for beginners, beneficial for parents, teachers, instructional personnel and individuals interested in communicating with deaf or hard-of-hearing children and young adults. (Apportionment)

ENCO 125
Senior Choir: Signs of the Holidays
This class for older adults provides training in American Sign Language vocabulary and grammatical expression as it applies to seasonal music. Students will engage in community performances of tradition and ceremony for their community, both Deaf and Hearing. (Apportionment)

ENCO 180
Books Come Alive for Older Adults
"Books Come Alive" is an intellectually and socially rewarding activity designed for older adults in which outstanding works of fiction/non-fiction are read and discussed. Through the method of shared inquiry, along with thought-provoking questions, older adult students are offered exciting opportunities for self-discovery and personal growth. (Apportionment)

ENCO 181
Oral Histories for Older Adults
Older adult students will participate in group activities that encourage interactive discussion, sharing, and relating life stories as they relate to the older adult perspective. Older adults students will explore a lifetime of memories and experiences. Learn to recognize the importance of remembered experiences and personal uniqueness associated with aging. (Apportionment)

ENCO 183
Great Literature for Seniors
"Great Literature for Seniors" is an intellectually and socially rewarding class designed for older adults in which outstanding short stories are read and discussed. Through the method of shared inquiry, along with thought-provoking questions, students are offered exciting opportunities for self-discovery and personal growth. (Apportionment)

ENCO 452
Public Speaking Workshop - Mastering Your Fear
in front of a group in a non-threatening workshop Effective communications is essential for success, yet many are too fearful or lack the confidence to speak in front of a group of people. In this workshop, you will have the opportunity to master your fear by understanding the root causes of fear, realizing that fear is a positive emotion, and learning how to turn your fear into a world of excitement and enthusiasm. In fact, you may realize that public speaking can be enjoyable for both you and the audience. (Fee-Based)

ENCO 501
Journey Back Into Time for Older Adults
This class offers older adults students the opportunity to explore and share their personal histories, cultures, and values among older adult students through group discussion. Shared experiences, memories and linking the past with the present, encourage self-awareness, positive self-esteem, mental stimulation, and enjoyment. (Apportionment)

ENCO 515
Be an Effective Presenter and Speaker
Are you giving presentations but you're not getting the results you expect? Learn from the published author of "31 Tips to Becoming an Effective Presenter." The author will guide you through a series of exercises, assignments and demonstrations to improve your effectiveness in giving presentations. You will learn how to use your voice; how to use proper and appropriate gestures; and what to do before, during and after your presentations, and much more. (Fee-Based)

ENCO 520
Public Speaking: Speaking with Confidence
Many of us are required or asked to give presentations in class, at work, or at social events, yet we are too fearful or lack the knowledge to give a presentation effectively and confidently. By understanding the fear and by offering exercises in a safe and positive growth environment, the published author of "31 Tips to Becoming an Effective Presenter," will gently guide you in transcending your presentation fears and becoming confident in presenting to others. You may even learn to enjoy giving presentations. (Fee-Based)

ENCO 530
Networking - Basics of Building Relationships
Building relationships is a great way to add to your network. This class will teach you the skills to initiate a relationship. How to shake hands, introduce yourself, join a group, work the room and keep a conversation going. With confidence, you will be successful! (Fee-Based)

ENCO 535
Braille Transcribing: Basic Rules
This class is designed for sighted and visually impaired persons to learn the basic skills of transcribing print into braille. (Apportionment)

ENCO 537
Braille Transcribing: Reading and Writing Contractions
This class is geared for sighted and visually impaired persons to learn the art of transcribing print into braille at the intermediate level. (Apportionment)
ENCO 539  
**Braille Transcribing: Advanced Symbols and Formatting Manuscripts**  
This class is geared for sighted and visually impaired persons to learn the art of transcribing print into braille at the advanced level. *(Apportionment)*

ENCO 550  
**Be a Productive PowerPoint Presenter**  
This class emphasizes organizing and delivering effective presentations while using PowerPoint slides. PowerPoint must enrich a presentation to be effective, yet many presenters underuse, misuse or overuse PowerPoint. Learn how to optimize PowerPoint presentations to ensure each individual slide improves the presentation. Some knowledge of PowerPoint necessary for students enrolling in this class *(Fee-Based)*

---

**English as a Second Language (ESLA)**

ESLA 001  
**ESL Learning Center**  
The ESL Learning Center offers an opportunity to practice English through various instructional media. Students learn through ESL software and/or receive individual and group tutoring to improve their speaking, listening, reading and writing skills. Special interest areas such as Vocational ESL and EL Civics are also part of the instruction. *(Apportionment)*

ESLA 100  
**ESL Beginning Literacy**  
This course is designed to meet the student's needs as determined by assessment of the student's language proficiencies, goals, and interests. ESL instruction integrates language components, vocabulary, grammatical structures, language functions, and pronunciation in units and topics that are important to the students. *(Apportionment)*

ESLA 110  
**ESL Multilevel**  
The course focuses on preparing students to use English to achieve tasks within a variety of real-life situations such as a doctor's office or a department store. Students are instructed to be able to listen, speak, read, and write in English in context-specific environments. *(Apportionment)*

ESLA 120  
**Family Literacy**  
The course focuses on incorporating reading and literacy as a fundamental component of a healthy, well-functioning family. The family-oriented assignments integrate school and home. *(Apportionment)*

ESLA 130  
**ESL and Computers**  
This course provides English language instruction through the medium of English-as-a-Second-Language (ESL) computer programs. The primary focus is situated vocabulary development through the use of the Oxford Picture Dictionary program and supplementary software. *(Apportionment)*

ESLA 160  
**ESL Fundamentals, Beginning Low**  
This integrated-skills course focuses on developing beginning-level receptive and productive language skills; the course also emphasizes life skills. *(Apportionment)*

ESLA 161  
**ESL Fundamentals, Beginning High**  
The course focuses on developing receptive and productive language skills. Students will acquire grammar, vocabulary and language functions to improve proficiency. The course also emphasizes beginning level life skills. *(Apportionment)*

ESLA 162  
**ESL Fundamentals, Intermediate Low**  
The course focuses on developing intermediate level receptive and productive language skills. Students will acquire grammar, vocabulary and language functions to improve proficiency. The course also emphasizes life skills. *(Apportionment)*

ESLA 163  
**ESL Fundamentals, Intermediate High**  
This is a four-skill language course using topics and information sources related to student need. Students will increase their proficiency in reading, writing, listening and speaking by acquiring new vocabulary and applying appropriate grammatical structures. Building language fluency is the focus of the course. *(Apportionment)*

ESLA 164  
**ESL Fundamentals, Advanced**  
This is a four-skill language course where students will improve their fluency in speaking, listening, reading and writing based on topics relevant to students’ lives, experiences and goals. Grammatical structures will be integrated into language practice activities. Improving accuracy is a focus of the course. *(Apportionment)*

ESLA 170  
**ESL and Civics Education, Beginning Low**  
This competency-based course focuses on both basic language development and life skills. Integrated language skills will help students access community resources, prepare them for the workplace and introduce them to life learning opportunities. *(Apportionment)*

ESLA 171  
**ESL and Civics Education, Beginning High**  
This competency-based course focuses on both language development and life skills. Integrated language skills will help students access community resources, prepare them for the workplace and introduce them to life learning opportunities. *(Apportionment)*

ESLA 172  
**ESL and Civics Education, Intermediate Low**  
This competency-based course focuses on both language development and life skills. Integrated language skills will help students access community resources, prepare them for the workplace and introduce them to life learning opportunities. Students will also develop critical thinking skills. *(Apportionment)*
ESLA 173
ESL and Civics Education, Intermediate High
This course partners with ESL Fundamentals to complete the Intermediate High level of ESL. In this course, students will apply learned language skills to accessing community resources and being an active community participant. Language acquisition and practice is focused on helping students navigate the many ins and outs of their communities. Civics topics will be chosen each term based on the needs of the students. (Apportionment)

ESLA 174
ESL and Civics Education, Advanced
This course partners with ESL Fundamentals to complete the Advanced level of ESL. In this course, students will apply learned language skills to accessing community resources and being an active community participant. Language fluency development is focused on helping students navigate the many ins and outs of their communities. Civics topics will be chosen each term based on the needs of the students. (Apportionment)

ESLA 200
ESL Beginning Low
The course content integrates language functions and forms with informational sources, skills, and topics. Topics may be general or vocational, as follows: Personal Identification, weather, Money, job titles, following simple instructions. Among informational sources the topics may include: lists, signs, schedules, calendars, and ads. Among the skills: scanning. (Apportionment)

ESLA 300
ESL Beginning High
The course content is relevant to the life’s of the students. It integrates language functions and language forms with informational sources, skills, and topics. Topics are chosen in accordance with students’ goals: general or vocational. Samples of information sources are: Telephone directory and indexes, among the skills: Alphabetizing, General topics should include: Housing, transportation, Emergencies, General Health. Vocational Topics includes: Job Skills, Classified Adds, Job Safety. (Apportionment)

ESLA 400
ESL Intermediate Low
The course content is relevant to the lives of the student. It integrates language functions and language forms wit informational sources, skills and topics. Topics are chosen in accordance with student goals: general or vocational. Samples of informational sources are: Telephone Directory and indexes. Among the skills: alphabetizing. General topics should include: Housing, Transportation, Emergencies, General health. Vocational topics include: Job skills, Classified Ads, Job Safety. (Apportionment)

ESLA 500
ESL Intermediate High
The course content is relevant to the lives of the students. It integrates language functions and language forms with informational sources, skills and topics. Topics are chosen in accordance with student’s goals: general vocational, or academic. The vocational topics should include: Social Security, preparedness for job interviews, wages and deductions, benefits. Academic topics could include: Major historical events, current events, stories/fables. Familiarization with U.S. culture should include topics such as taboos and politics. (Apportionment)

ESLA 600
ESL Advanced
Course content is relevant to the lives of the students. It integrates language function and language forms with informational, sources, skills and topics. Topics are chosen in accordance with students’ goals: general, vocational, or academic. Samples of informational sources include but are not limited to: Almanacs, newspapers, paragraph organization, consumer protection procedures, Health facilities, work manual, customer relation, work ethics, education system, and immigration patterns. (Apportionment)

ESLA 700
ESL Advanced High
Course content is relevant to the lives of the students. It integrates language function and language forms with informational sources, skills and topics. Topics are chosen in accordance with students’ goals: general, vocational, or academic. (Apportionment)

ESLA 801
Computer Skills for ESL, Beginning
The course introduces ESL students to hands-on exploration and use of current Microsoft Windows programs. Students will learn basic computer parts, keyboarding, and the basics of MS Word, PowerPoint, Print Shop, and Excel. Emphasis is on building confidence in computer use to improve English skills in grammar, vocabulary, writing, speaking, pronunciation, and reading. (Apportionment)

ESLA 802
ESL Pronunciation/Conversation Skills
This course is designed for intermediate to advanced ESL learners to improve conversation and pronunciation skills in English. It is recommended that participants have English language skills at a Beginning High level. (Apportionment)

ESLA 803
Citizenship Preparation
The course is designed to prepare prospective candidates for the US citizenship process. Students will learn how to complete all required immigration forms and practice the USCIS Citizenship Test by becoming familiar with US history. Students will acquire an understanding of the rights and responsibilities of being a US citizen. (Apportionment)
ESLA 804
**ESL and the Arts**
This course builds students' reading comprehension, writing, and speaking skills in the context of thematic and aesthetic exploration of arts. Students will identify common artistic themes while comparing and contrasting a variety of aesthetic forms, styles, and periods. This interactive course includes visiting museums, watching performances, and listening to guest speakers. (Apportionment)

ESLA 805
**Drama for Communication**
This ESL course builds students' reading, speaking, and pronunciation skills in the context of theatrical performances. Students will examine human experiences and cultural norms through imagined roles and expand creative thinking. Students will learn history and terminology of the performing arts and build social skills and confidence necessary for public speaking. (Apportionment)

ESLA 808
**ESL Intermediate/Advanced Work Skills**
This ESL course covers basic job-search and workplace survival language skills while building necessary computer and critical thinking skills for students who are at an intermediate level or higher. Emphasis is on understanding basic principles of getting a job as well as wages, benefits and concepts of employee organizations. Students will practice work-related safety standards and procedures and demonstrate effective use of common workplace technology and systems. Students will acquire skills of how to communicate effectively and manage workplace resources. (Apportionment)

ESLA 809
**American Idioms**
Students will become familiar with common American English idioms, their meanings and uses and demonstrate the application of idioms to everyday situations. In addition, students will learn the skills of deducing the meaning of the new vocabulary from context and become more comfortable sharing their opinions and experiences while practicing the target idioms. (Apportionment)

ESLA 810
**Writing/Reading**
This ESL course emphasizes reading comprehension skills while building vocabulary and critical thinking skills for students who are at an intermediate level or high. In addition, the writing component is designed to acquaint students with writing skills required to develop college-level writing techniques by focusing on prewriting, outlining, drafting, revising and editing. (Apportionment)

ESLA 812
**Spanish Literacy**
The Spanish Literacy course is designed for native Spanish-speaking students at the beginning literacy level. Students will acquire basic Spanish reading comprehensive and writing skills as well as improved their Spanish vocabulary and speaking. Students will acquire English literacy skills by immersing into the English language toward acquisition of the second language. The skills attained will give students a strong foundation for success in the basic skills or ESL Programs. (Apportionment)

ESLA 813
**Intermediate Grammar Review**
Students will learn to understand grammar structures in various contexts and practice using them in both oral and written communication. This class supplements core ESL courses or works as a stand-alone course. This course is designed for the ESL students placed in the Intermediate Low, Intermediate High, and Advanced levels. (Apportionment)

ESLA 814
**Intermediate Vocabulary Review**
Students will review, expand, and retain vocabulary words and phrases organized by commonly used topics. Students will work on using approximately twenty-five practical target words per class in oral and written exercises. This course is designed for the ESL students placed in the Intermediate Low, Intermediate High, and Advanced levels. (Apportionment)

ESLA 815
**Computer Skills for ESL, Advanced**
Students will enhance their English language skills through challenging computer application tasks using MS Word, PowerPoint, Print Shop, Excel, the Internet, and MS Publisher. Emphasis is on building confidence in independent projects to improve English skills in grammar, vocabulary, writing, and reading. Students will be actively involved in computer projects linking the academic environment with their communities. (Apportionment)

ESLA 990
**Oral Interpretation (Reading Out Loud)**
Literature and communication are integrated in the art of oral interpretation. This course emphasizes the study and analysis of relevant printed materials. Students learn to select and communicate the material orally and effectively to an audience through public presentation/performance. (Apportionment)

ESLA 995
**Vocational English as a Second Language: Electricity and Construction**
The course focuses on improving communicative competence within real-life situations related to working with electricity and general construction. Students will gain confidence as they improve their ability to communicate effectively while on the job. (Apportionment)

ESLA 1020
**Vocational English as a Second Language: Early Childhood Education**
This ESL course provides students with necessary language skills to succeed in early childhood education (ECE) programs, thereby bridging the gap between standard ESL coursework and ECE coursework. The course also focuses on preparing students to interact in the real world in ECE situations (e.g. parent-teacher conferences). (Apportionment)

ESLA 1025
**Vocational English as a Second Language: Pharmacy Technician**
This ESL course covers basic English communication skills in a pharmacy setting for students who are at an intermediate ESL level or higher. Students will practice typical in-person and phone conversations with pharmacy customers and coworkers. (Apportionment)
ESLA 1030  
**Vocational English as a Second Language: Administrative Assistant**  
This ESL course provides students with necessary language skills to succeed in the vocational administrative assistant programs, thereby bridging the gap between standard ESL and VESL coursework. The course also focuses on preparing students to interact in real-life office situations. *(Apportionment)*

ESLA 1035  
**Public Speaking for ESL**  
This ESL course builds students' public speaking skills with direct focus on the preparation, practice, presentation and evaluation of formal speaking. Students will learn the elements and organization of a speech, the most common types of speeches, the use of verbal and nonverbal techniques in formal speaking, and the evaluation standards of speeches. *(Apportionment)*

ESLA 1040  
**Listening/Speaking for Academic Success**  
Learn how to listen to and take lecture notes; participate in classroom discussions; give presentations; and take exams in college, career technical education, high school, and GED programs. Acquire technological skills necessary for academic success. Experience campus life through field trips to local colleges. For Intermediate High thru Advanced level students. *(Apportionment)*

ESLA 1045  
**Reading/Writing for Academic Success**  
Acquire reading, writing, note-taking, test-taking, critical thinking, and computer skills necessary for academic success in college, high school, GED, or career technical education programs. Learn American cultural norms in the classroom. Participate in campus life through field trips to local colleges. For Intermediate High through Advanced level students. *(Apportionment)*

ESLA 1050  
**ESL Workplace Advancement Skills, Basic**  
This course focuses on introducing ESL students to the workplace discourse system and culture. By improving their communication skills and understanding the United States culture within the workplace, students will become successful employees. *(Apportionment)*

ESLA 1052  
**ESL Workforce Readiness Skills, Basic**  
This course covers basic work skills as well as language skills necessary for intermediate level students to gain employment. Students will identify various job opportunities available in their respective communities and will learn to communicate with employers. In addition, students will gain basic knowledge of basic technology. *(Apportionment)*

ESLA 1054  
**ESL Workplace Advancement Skills, Advanced**  
*Prerequisite: ESLA 400 ESL Intermediate Low.* This course prepares ESL students at an advanced level for the American workplace. Students will learn American workplace expectations, practice effective business communication including giving presentations and participating in meetings, and identify professional development needs. In addition, students will enhance their computer applications skills by gaining additional experience with Microsoft Office. *(Apportionment)*

ESLA 1056  
**ESL Workforce Readiness Skills, Advanced**  
*Prerequisite: ESLA 400 ESL Intermediate Low.* This course prepares ESL students at an advanced level for the American workplace. Students will plan a career path based on skills and interests. They will also practice all aspects of conducting a job search, perform business communication tasks, and use computers for word processing and internet searches. In addition, students will learn about American workplace values and expectations. *(Apportionment)*

ESLA 1060  
**ESL for Academic Success: Reading and Writing I**  
Acquire reading and writing skills for academic success in higher level academic ESL courses, college, high school, GED, or career technical education programs. Students will participate in a variety of writing and reading activities on high-interest academic topics. Skills covered include reading for main ideas/details, sentence patterns and the writing process. *(Apportionment)*

ESLA 1062  
**ESL for Academic Success: Listening and Speaking I**  
Acquire listening and speaking skills necessary for academic success in higher level academic ESL courses, college, high school, GED, or career technical education programs. Students will participate in a variety of listening and speaking activities on high-interest academic topics. Skills covered include listening to lectures, note taking, presentation skills and critical thinking. *(Apportionment)*

ESLA 1067  
**ESL for Academic Success: Listening and Speaking II**  
*Prerequisite: ESLA 500 ESL Intermediate High or ESLA 1062 ESL for Academic Success: Listening and Speaking I.* ESL students will practice the listening and speaking skills needed in a post-secondary academic setting, including listening to academic lectures, taking notes, participating in class discussions, giving presentations, and taking exams. Students will practice the technological skills needed for academic success and experience campus life through field trips to local colleges. For advanced level ESL students.
ESLA 1070
ESL Academic Distance Learning
Advisory: ESLA 801 Computer Skills for ESL, Beginning or ESLA 300 ESL Beginning High or ESLA 400 ESL Intermediate Low level or higher. The course content is relevant to the lives of students. It integrates language functions and language forms with informational sources, skills and topics. Course topics will include the process and skills needed to seek employment as well as norms in the American workforce. The course will also cover planning, traveling and finances as skills needed to function in society. Students will use the above topics to build on reading comprehension, vocabulary, listening, speaking, writing and technology skills in an online environment. (Apportionment)

ESL Education Planning (ESLW)

ESLW 100
ESL Ed Planning - Anaheim
Orientation to the English-as-a-Second Language program and overview of educational options. Includes assessing skills for the program and review of student support services. (Orientation)

ESLW 110
ESL Ed Planning - Cypress
Orientation to the English-as-a-Second Language program and overview of educational options. Includes assessing skills for the program and review of student support services. (Orientation)

ESLW 120
ESL Ed Planning - Wilshire
Orientation to the English-as-a-Second Language program and overview of educational options. Includes assessing skills for the program and review of student support services. (Orientation)

Financial (FINC)

FINC 301
Bookkeeping and Accounting - Level I
Begin with the basic study of Accounting/Bookkeeping Theory, Procedures and Terminology. The Accounting cycle for a business is presented in a logical sequence demonstrating accounting activities that include analysis and recording of business transactions using general journal, general ledger, and financial statements. (Fee-Based)

FINC 302
Bookkeeping and Accounting - Level II
Prerequisite: Accounting (Beginner) or equivalent. Continue with Intermediate Accounting/Bookkeeping Theory, Procedures and Terminology leading to specialized journals, general and subsidiary ledgers, and financial statements. Further study of accounting procedures includes Accounts Receivable/Payable, Payroll, Uncollectible Procedures, Plant Assets, Depreciation, Inventory, Notes and Interest. (Fee-Based)

FINC 322
Investment Strategies To Protect Your Nest Egg
Course covers the basics of major investment areas, including stocks, bonds, mutual funds, annuities and long-term care. Students will learn how to properly invest in these areas and build an investment plan for retirement. Course will also cover unit investment trusts, IRAs, college planning for children and estate planning. (Fee-Based)

FINC 338
Retirement Planning Today
Learn how to make your retirement comfortable and free of money worries through this information packed seminar. Learn about basic investment products and strategies which can maximize return, lower taxes and provide financial security. Topics: Retirement and Financial Planning, Tax Planning, Investments, Health, Life, Medicare and Long Term Care Insurance. (Fee-Based)

IHSS 106  
**High School US History**
This United States history course covers the lives of America's people and aspects of their cultures from early exploration through the beginning of the twenty-first century. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course.  
(Apportionment)

IHSS 107  
**High School US Government**
This course is an individualized, self-paced study of U.S. government. It will cover the Constitution, the roles of the federal, state and local government, and modern economic and political systems. This course is offered for SCE High School Diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course.  
(Apportionment)

IHSS 109  
**High School World History**
This course presents the history of the world's people and major cultures from early times to the present. This course is offered for the SCE high school diploma and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course.  
(Apportionment)

IHSS 110  
**High School World Geography**
This geography course surveys all the major regions of the world, explores processes that shape the Earth and relationships between people and environments. This course is offered for SCE diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course.  
(Apportionment)

IHSS 111  
**High School Economics**
This course explores the changing economic climate in the United States and globally. Economic systems, development and problems that affect daily life are covered. This course is offered for SCE high school diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course.  
(Apportionment)

IHSS 113  
**High School Mass Media**
This mass media course covers various forms of communications including television, advertising, print materials, and electronic media. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course.  
(Apportionment)

IHSS 114  
**High School Film Appreciation**
This course is an individualized, self-paced study of film appreciation. Topics covered include film genres, directing and critique. This course is used for SCE High School Diploma credit.  
(Apportionment)

IHSS 116  
**High School General Math**
This course presents activities to help the student with basic arithmetic skills, real-life applications, and problem-solving techniques. The units of study include a review of whole number operations, and basic functions of fractions, decimals, percents, measurements, algebra and geometry. This course is offered for SCE high school diploma credit. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course.  
(Apportionment)

IHSS 117  
**High School Vocational Math**
This course develops mathematical problem solving skills for occupational areas and everyday situations. Problems are given for payroll, retail business, manufacturing, mechanics, construction, inventory, health, and personal finance. Topics include formulas, basic algebra, proportions, percents, basic geometry, and measurements. This course is offered for SCE high school diploma credit.  
(Apportionment)

IHSS 118  
**High School Algebra 1**
This course covers basic algebra concepts including an introduction to variables, equations, factoring, an introduction to variables, equations, factoring, formulas and the application of skills. This course is used for SCE high school diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course.

**High School Geometry**

This course covers basic geometry concepts including key terms, geometric shapes and the application of skills. This course is used for SCE high school diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

**High School Life Science**

This course is an individualized, self-paced study of Life Science. This course covers scientific methods, classification and body systems. This course is used for SCE High School Diploma credit. (Apportionment)

**High School Earth Science**

Earth Science deals with the earth and other heavenly bodies of the universe. Students learn the various characteristics that make Earth unique in the solar system. This course is offered for SCE high school diploma credit. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

**High School Physical Science**

Physical Science explores matter and its properties, motion, heat, energy, sound and light, as well as electricity and magnetism. This course is used for SCE High School Diploma credit. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

**High School Biology**

This biology course is an individualized, self-paced study of living things including classification, survival, reproduction, growth, and development. Other topics explore ecological cycles, behaviors and evolution. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

**High School Health**

This class is designed to give students an understanding of various facets of physical, mental, and social well being. The student will gain knowledge to promote wellness, identify causes of health problems and ways to prevent them. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

**High School Computer Literacy**

Students will learn the basics of Windows, Internet browsing, keyboarding, email, course management systems and the modern office environment. (Apportionment)

**High School General Science**

General Science covers physical, Earth, and life science. This course is used for SCE High School Diploma credit. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

**High School Composition**

This course provides writing strategies that include basic sentence structure, a review of grammar and mechanics, paragraph formation and essay composition skills. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

**High School English Basic Skills**

Basic English skills are presented in this self-paced course. This introductory course includes workbook activities to improve skills in spelling, capitalization, punctuation, and reading. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

**High School Grammar**

This course covers a variety of English language skills in a flexible format suitable for individualized, self-paced coursework. The topics covered include grammar, usage, writing mechanics and composition strategies. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

**High School Novels**

This literature course offers a variety of literary works in a flexible format suitable for individualized self-paced coursework. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)
IHSS 174
High School Literature
This literature course offers a variety of literary works in a flexible format suitable for individualized self-paced coursework. Literary options include poetry, short stories, essays and complete novels. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 300
Transitioning to College
This course is designed to help SCE High School Diploma Program, ESL Academic Success, and all other SCE students successfully transition to college. Topics presented will include identifying academic goals, designing an educational plan, utilizing the college processes (registration, financial aid, learning resources), and graduation. This course will include campus tours of several student resource centers. (Apportionment)

IHSS 177
High School Reading
This developmental reading course represents many options to build skills in reading comprehension, vocabulary, and critical thinking. This course is offered for SCE high school diploma credit and partial credits are available to satisfy graduation requirements. (Apportionment)

IHSS 500
High School Language Arts I
This is an integrative course consisting of an array of topics including reading, writing, grammar, and vocabulary. Emphasis will be placed on sentence construction, word choice, paragraph development, maintaining coherence, recognizing main ideas, drawing upon sources informatively, reading with accuracy, writing and revising. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 181
High School Short Stories
This course introduces a variety of short stories through self-paced reading activities. Through guided reading activities, students explore character development, plot and author's purpose. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned for the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 501
High School Language Arts II
This is an integrative course consisting of an array of topics including reading, writing, grammar, and vocabulary. Emphasis will be placed on sentence construction, word choice, paragraph development, maintaining coherence, recognizing main ideas, drawing upon sources informatively, reading with accuracy, writing and revising. The content of this course is delivered in a modular format using lecture-style instruction. (Apportionment)

IHSS 183
High School Vocabulary
This course covers grade-level vocabulary development and is offered for the SCE high school diploma credit. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 660
High School Psychology
This psychology course explores the connections of human thought, behavior and development. It emphasizes the importance of these relationships to learning, personality, health, and society. This course is offered for SCE high school diploma credit and partial credits are available to satisfy graduation requirements. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 190
High School Literacy Skills I
This course is designed to develop vocabulary, decoding, reading comprehension and critical thinking skills. This course will be used for High School Diploma Credits. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title 5, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 846
High School Algebra 1A
This course covers basic algebra including variables, equations, positive and negative integers, formulas, polynomials, and factoring. This course is offered for SCE high school diploma credits to satisfy graduation requirements. (Apportionment)

IHSS 191
High School Literacy Skills II
This course is designed to advance vocabulary, decoding, reading comprehension and critical thinking skills. This course will be used for High School Diploma credits. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title 5, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 847
High School Algebra 1B
This course covers basic algebra concepts including graphing, equations with two variables, fractions, decimals, percents, squares, square roots and quadratic equations. This course is offered for SCE high school diploma credits to satisfy graduation requirements. (Apportionment)
IHSS 990  Credits: 1 - 10
**High School Assessment**  
Orientation to the NOCE High School Diploma Program and overview of educational options. Includes assessing skills for the program and review of students support services. (Orientation)

IHSS 991  Credits: 1 - 10
**High School Business Law**  
This course is an individualized, self-paced study of Business Law. Topics include contracts, insurance, and laws related to consumer and employment regulations. This course is used for SCE High School Diploma credit. (Apportionment)

IHSS 992  Credits: 1 - 5
**High School Art History - Artists and their Work**  
This course will explore art movements from the Italian Renaissance to American painters and sculptors of the twentieth century. Students will discover why some artists and their artwork retain prominence. They will be given the opportunity to expand their knowledge on a variety of art forms. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 993  Credits: 1 - 5
**High School Elements and Principles of Design**  
This course is an individualized, self-paced study of art and how people from other cultures and times have used a common visual language to express their own unique perspective. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 994  Credits: 1 - 10
**High School Academic Success**  
This study skills course provides reading and writing activities to help a student master the thinking, planning and basic skills necessary to achieve academic success in school and is available for credit for the SCE High School Diploma Program. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 995  Credits: 1 - 10
**High School American History 1**  
This course covers the lives of America's people and aspects of their cultures from early exploration through the late 1800's. This course is offered for SCE high school diploma credits to satisfy graduation requirements. (Apportionment)

IHSS 996  Credits: 1 - 10
**High School American History 2**  
This American history course covers the lives of America's people, their contributions and struggles from westward expansion in the mid 1800's, worldwide conflicts, America's social change, to the U.S. policies of the twenty-first century. This course is offered for SCE high school diploma credits to satisfy graduation requirements. (Apportionment)

IHSS 997  Credits: 1 - 5
**High School Reading Strategies 1**  
This course provides practice exercises in reading development and reinforces concepts through writing activities. Strategies include understanding the main idea, making judgments, understanding characters, drawing conclusions, and making inferences. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 998  Credits: 1 - 5
**High School Reading Strategies 2**  
This course provides practice exercises in reading development and reinforces concepts through writing activities. Strategies include recognizing tone, understanding literary forms, organization, significant details, and vocabulary. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

IHSS 999  Credits: 1 - 5
**High School Business Writing**  
This course provides individualized, self-paced modules in business correspondence, composition techniques and writing activities. Strategies include format, organization, and evaluation. The content of this course is delivered in a modular format and in a lab environment. In compliance with Title V, high school credits previously earned in the same subject will be evaluated and counted towards the completion of this course. (Apportionment)

**Kids' College (KIDS)**

**KIDS 98**  
**Let's Learn Spanish Camp**  
Ages 5-7  
This camp will introduce children to Spanish as a communication skills. They will learn pronunciation, greetings, numbers, music, customs and songs! *(Fee-Based)*

**KIDS 99**  
**Let's Learn Spanish Camp**  
**Age 8-12**  
This camp will introduce students to Spanish as a communication skill. They will learn pronunciation, greetings, numbers, music, customs and songs! *(Fee-Based)*

**KIDS 101**  
**Kindergarten Readiness and Review**  
**Ages 4-6**  
For children entering kindergarten within the next year or students needing review of current kindergarten skills. Have your child be at the top of his class and join us for fun and learning. Children will be exposed to math, reading readiness and other school experiences. Each session uses different work. *(Fee-Based)*
KIDS 102
**Readiness for First Grade**
For children who will be entering first grade within this year. Children will learn phonics, touch math, reading, and other school-related activities. *(Fee-Based)*

KIDS 104
**Fun with Storytelling**
Ages 3-5
Stories are told through dramatization, puppetry, finger plays and songs. Sparks the imagination! *(Fee-Based)*

KIDS 107
**Spanish for Kids**
Ages 5-6
Children have fun with Spanish by doing activities, playing games and singing songs. Introduces basic communication about school, family, food, clothing, the body and a cultural holiday. *(Fee-Based)*

KIDS 108
**Spanish for Kids**
Ages 7+
Children have fun with Spanish by doing activities, playing games and singing songs. Introduces basic communication about school, family, food, clothing, the body and a cultural holiday. *(Fee-Based)*

KIDS 108A
**Rock 'N Learn Spanish**
Ages 5-7
This course is a fun way to learn beginning Spanish. Students with little or no previous Spanish will experience the thrill of learning a second language. Children will learn pronunciation, greetings, colors and other basic concepts through songs, games, dances and other activities. *(Fee-Based)*

KIDS 108B
**A Touch of Spanish**
Ages 8-12
This class offers an introductory program that makes Spanish acquisition a natural, personalized, enjoyable and rewarding experience. Students will learn to read and write basic Spanish and will be introduced to speaking first level Spanish. *(Fee-Based)*

KIDS 113
**English Rocks**
Ages 5-7
This course is a fun way to learn English. Class will include colors, shapes, numbers, phonics, alphabet, spelling, songs, poems, and simple stories. *(Fee-Based)*

KIDS 115
**Fun With Phonics**
Grades 1-2
For children just learning to read or having difficulty reading. Sounds are taught in a fun but learning atmosphere through stories and writing. *(Fee-Based)*

KIDS 117
**Tutorial: Reading and Comprehension**
Grades 3-4
Students will learn to read more effectively, enhance their reading comprehension, interpretation and vocabulary skills. *(Fee-Based)*

KIDS 117A
**Reading & Comprehension**
Grades 3-4
Students will enhance their reading comprehension, learn to read more effectively, and improve interpretation and vocabulary skills. *(Fee-Based)*

KIDS 118
**Basic Phonics (Ages 5-6)**
For the young reader needing help in phonics. Children will be encouraged to be creative using sounds and simple writing and reading drills. *(Fee-Based)*

KIDS 124
**Writing Better Reports**
Grades 3-6
Learn to select important material, organize your thoughts, rewrite creatively in your own words in order to write good papers and reports. Face your fears and feel confident through preparation to give oral reports with visual aids. Class size is limited. *(Fee-Based)*

KIDS 126
**Memory Power For Kids**
Grades 3-6
Help your child be more productive and open new doors to learning - they will receive many different opportunities to increase the capability to remember. You'll see grades go up and self-confidence will grow too. *(Fee-Based)*

KIDS 130
**How To Study, Take Tests and Organize Yourself**
Grades 3-6
Children will learn about their individual learning styles, modalities, and the ways in which they organize themselves. They will gain confidence as they learn new study, testing, and self-organizing techniques for both in and out of the school setting. *(Fee-Based)*

KIDS 138
**Creative Writing**
Grades 3-6
Students will work from "The Writer's Toolbox", engaging in creative writing games and exercises for inspiring the "write" side of their brains. The toolbox includes: cue cards, four spinners, specialized learning sticks and more. Great emphasis will be placed on creativity, grammar, punctuation, and vocabulary skills, hosted in a fun and relaxed learning environment. *(Fee-Based)*

KIDS 139
**Creative Writing**
Grades 1-2
Students will use their imaginations to write short stories. Emphasis is on the creative expression of ideas. *(Fee-Based)*

KIDS 148
**Tutorial: Reading and Writing Review**
Grade 1-2
Students will enrich reading and writing skills by practicing language arts through writing, capitalization, using proper punctuation, spelling, correcting sentences, reading, and more through the use of ability leveled study packets. Each term uses different work. Limited to 8 students. *(Fee-Based)*
KIDS 148A
Tutorial: Reading and Writing Review
Grades 3-4
Students will enrich reading and writing skills by practicing language arts through writing, capitalization, using proper punctuation, spelling, correcting sentences, reading and more through the use of ability leveled study packets. Limited to 6 students. (Fee-Based)

KIDS 150.
Please Pass The Manners
Ages 5-7
This class will cover the basics of introductions, as well as how to handle silverware, napkins and the ABC's of table manners. (Fee-Based)

KIDS 150A
Please Pass The Manners
Ages 9+
This class will cover the basics of introductions, as well as how to handle silverware, napkins and the ABC's of table manners. (Fee-Based)

KIDS 151
Reading & Comprehension
Grades 5-6
This course will focus on what students like to read for fun. Learn tricks and techniques for better comprehension and how to become a reading "whiz". (Fee-Based)

KIDS 152
Please Pass The Manners
Ages 9+
Good manners are a good first impression! Your children will learn American etiquette for all occasions. This is a fun class where we act out all sorts of situations and how to respond appropriately. We fine tune our special skills and then sit down to a pasta dinner to learn good table manners, and how to eat those foods that commonly end up on our chins and loaps! One day workshop! (Fee-Based)

KIDS 166
Reading, Writing, and Math Review Camp
Grade 1
Students will sharpen their reading, writing and basic math skills in a fun and relaxed workshop! Games, worksheets and a "hands-on project" will be used to review 1st Grade skills before starting 2nd Grade. (Fee-Based)

KIDS 180
Around the World
Ages 6+
Children will learn geography and discover interesting facts about Mexico, Central and South America, the United States, Europe, the Orient, Egypt, Saudi Arabia, Israel and many others. Artifacts, dolls and pictures will be displayed. (Fee-Based)

KIDS 181
Reading, Writing, and Math Review Camp
Grades 2 and 3
Students will sharpen their reading, writing and basic math skills in a fun and relaxed workshop! Games, worksheets and a "hands on project" will be used to review 2nd grade or 3rd grade skills before starting the next grade. (Fee-Based)

KIDS 191
Improve Your Reading and Writing
Grades 7-10
Students will become more effective readers by learning strategies to read different types of writing. By responding in writing to what they read, students will increase comprehension and improve written communication skills. Techniques such as analyzing, summarizing, comparing, critiquing, and interpreting will be applied to in-class reading and writing projects. (Fee-Based)

KIDS 194
Basic Reading Skills
Ages 4-5
Children will participate in a variety of meaningful, interactive, and stimulating games and activities to build phonemic awareness and phonics skills. Activities include developing skills in decoding, beginning to read word families, print practice and beginning sentence writing. This class is for students preparing to enter Kindergarten. This class develops a strong reading foundation for success in school. (Fee-Based)

KIDS 195
Reading Camp for Kindergarten
Children will participate in a variety of meaningful, interactive, and stimulating games and activities to build phonemic awareness and phonics. These activities are based on the new Common Core standards and include decoding, beginning to read word families, printing practice, and beginning sentence writing. This camp is for students entering kindergarten. The camp also develops a strong reading foundation for success in school. Enrollment is limited. (Fee-Based)

KIDS 202
Pre-Algebra Concepts
Grades 6
Increase your skills in pre-algebra and acquaint yourself with calculating activities. Also fractions, decimals, integers and solving equations. (Fee-Based)

KIDS 214
Tutorial: Ready, Set, Read!
Grades 1-2
This is a tutorial-based class that is developed to assist the emergent reader. There will be a strong focus on phonics and mastery of basic sight words. Limited to 8 students. (Fee-Based)

KIDS 217
Algebra
Grades 7+
Learn how to solve equations, multiplying polynomials, work word problems, graph functions, solve inequalities without stress. (Fee-Based)

KIDS 224
Tutorial: Pre-Algebra
Grades 6+
This class will prepare the student for Algebra. Topics include: Order of operation, integers, rational numbers, GCF, LCM, exponents, fractions, decimals, variables, simple one or two step equations, and functions. Educational materials provided. Class limited to 8 students. (Fee-Based)
KIDS 226
Tutorial: Algebra 1
Grades 7+
This course is designed to enhance equation solving skills. It will also cover integers, rational numbers, square roots, fractions, decimals, percent, and solving equations with variables on both sides. Educational materials provided. Class limited to 8 students. (Fee-Based)

KIDS 227
Algebra II
Grades 8+
Topics include Rational Algebraic Expressions, Quadratic Equations, Radicals, Function Notation, Composite, Inverse and Even Functions, Distance Formula, Midpoints, and Transformations. (Fee-Based)

KIDS 234
Phonics and Printing
Ages 5-6
This hands-on course introduces proper letter formation and develops student's ability to sound out words. Through fun games and printing activities students become better printers and spellers. Students will also learn beginning sentence writing. Each term has different activities. (Fee-Based)

KIDS 236
Comprehensive Pre-Algebra
Grades 6+
This course reinforces the school curriculum using strong algebra skills. Topics include: whole numbers, decimals, integers and their operations, algebraic and numerical expressions, order of operations, powers and exponents, rational numbers, GCF, LCM, solving equations and inequalities, ratio, proportions and percent, finding the area and volume, square roots and Pythagorean theorem. Materials provided. Homework assignments. (Fee-Based)

KIDS 244
Tutorial: Algebra 2
Grades 8+
This course is designed to further strengthen and develop a student's Algebra skills. It will quickly review basic Algebra knowledge, and subsequently delve into more complex Algebra materials, such as: 2nd and 3rd degree polynomials, radicals, exponents, logarithms, intermediate geometry, and analyzing and graphing various functions. (Fee-Based)

KIDS 315
Musical Theatre
Ages 7+
Enjoy this introduction to the exciting world of musical theatre! Participants will learn choreography and vocals to a musical theatre song. Family and friends are invited to a performance on the last day of class. (Fee-Based)

KIDS 319
Creative Drama for Teens
Ages 12+
Students will explore the nature of drama fiction, movies, plays and real life experiences. Students will do exercises and role playing to create their own drama. No prior experience is necessary! (Fee-Based)

KIDS 325
Vocal for Kids
Ages 7-10
This class is designed to help children develop good ear-training to sing in groups or solos. It will help build confidence as well as strengthen their individual style. (Fee-Based)

KIDS 326
Vocal for Kids
Ages 11+
This class is designed to help children develop good ear-training to sing in groups or solos. It will help build confidence as well as strengthen their individual style. (Fee-Based)

KIDS 351
Violin I
Ages 4+
Learn the violin using the successful Suzuki method. Develop your child's concentration, motor skills, memory powers and self-confidence. Students learn to play easily and musically. Class is limited to 6 students. Beginners: Pick up handout at registration. NOTE: Parents are required to learn and play along with their child! (Fee-Based)

KIDS 352
Violin II
Ages 4+
Prerequisite: Must have completed Violin I. Learn songs using beginner finger and melodic patterns. (Fee-Based)

KIDS 353
Violin IV
Ages 4+
Prerequisite: Must have completed Violin I - III or have instructor's approval. Develop for playing primary level songs on all 4 strings and begin reading music. (Fee-Based)

KIDS 355
Violin III
Ages 4+
Prerequisite: Must have completed Violin I and II or have instructor's approval. Develop technique for playing primary level songs. (Fee-Based)

KIDS 368
Piano Keyboarding - Beginning I
Ages 7+
Students will learn the basics of the keyboard and music theory. Students: bring your own keyboard (40-key minimum) every week. A recital will be held on the last day. Books will be suggested to buy at first class. (Fee-Based)

KIDS 368B
Piano Keyboard: Beginning
Ages 11+
Students will learn the basics of piano and keyboard theory. Bring your own keyboard (40-key minimum) to class each week. A recital will be held on the last day of class. Pick up book list at registration. (Fee-Based)

KIDS 369
Piano Keyboarding - Intermediate
Ages 7+
For students who have completed Beginning II; or have at least 6 months keyboard/piano experience. Pick up book list at registration. (Fee-Based)
KIDS 370.
**Guitar For Kids - Beginning**
Ages 6-8
Learn to play the guitar in a fun way! Play simple chords, read chord bar charts, and strumming patterns. Bring your nylon-string or acoustic steel-string guitar and medium guitar pick to class. Parents, please accompany children to class. *(Fee-Based)*

KIDS 370A
**Guitar For Kids - Beginning**
Ages 9+
Young beginners develop confidence and enjoyment for music. Learn parts of the guitar, strokes and strumming, chords and melodies in order to play FUN exercises and songs! Bring your nylon-string or acoustic steel-string guitar and medium guitar pick to class. *(Fee-Based)*

KIDS 371
**Guitar For Kids - Intermediate**
Ages 9+
Learn to play the guitar in a fun way! Play simple chords, read chord bar charts, and strumming patterns. Bring your nylon-string or acoustic steel-string guitar and medium guitar pick to class. *(Fee-Based)*

KIDS 372
**Guitar For Kids - Advanced**
Ages 9+
Learn to play the guitar in a fun way! Play simple chords, read chord bar charts, and strumming patterns. Bring your nylon-string or acoustic steel-string guitar and medium guitar pick to class. *(Fee-Based)*

KIDS 375
**Playing the Cello - Beginner I**
Ages 7+
Learn to play the cello! Develop good technique, musicality, and have fun at the same time. Develop self-confidence, good listening and motor skills, memory, and concentration. Prior playing experience is not required. Teacher will assist with instrument rental. Class is limited to 6 students. *(Fee-Based)*

KIDS 375A
**Playing the Cello - Beginner II**
Ages 7+
Prerequisite: Must have completed Beginner I or have instructor's approval. Learn to play and read simple one position songs. Chamber music for Cello ensemble. *(Fee-Based)*

KIDS 376
**Piano Keyboarding - Beginning II**
Ages 7+
For students who have completed Beginning I; pick up book list at registration. *(Fee-Based)*

KIDS 377
**Summer Band**
Grades 5-8
This course is open to those students who already play a band instrument and read music. This class is perfect for students wanting to have fun while practicing their instrument over the summer in preparation for the next school year. Bring instrument to class or receive information about rental in class. A concert will be presented on the last day of class. *(Fee-Based)*

KIDS 378
**Jazz Improvisation**
Grades 5-8
This class is for young musicians who want to explore the exciting world of jazz improvisation. You will learn music theory and skills needed to improvise on the blues and 32-bar song form. Students must read music and have one year experience on a band instrument. A concert will be presented on the last day of class. *(Fee-Based)*

KIDS 383
**Playing the Cello - Intermediate I**
Learn higher level of sound productions and 1st through 4th positions. Chamber music for Cello ensemble. *(Fee-Based)*

KIDS 384
**Playing the Cello - Intermediate II**
Learn higher level of sound and bow techniques including vibratos. Chamber music for cello ensemble. *(Fee-Based)*

KIDS 403
**Cartoon Drawing**
Ages 8+
Introduces drawing/thinking techniques. Offers in-class drills and drawings with demonstrations and reviews; receive supplemental handout to help support a long-term interest. Parents and adults may enroll. *(Fee-Based)*

KIDS 404
**Creative Art for the Preschool Child**
Ages 3-4
A wonderful opportunity for the parent and child to "work together." With your help, your child will create exciting, simple projects using a variety of materials. Improves fine motor skills and launches their imaginations! *(Fee-Based)*

KIDS 408
**Wonderful Watercolors**
Ages 8+
Come have fun learning basic watercolor painting techniques. No experience is necessary! Please bring a "set of 8" dry watercolor paints, a pad of inexpensive watercolor paper and two watercolor brushes: one 1/4" round and one 1/4" flat. *(Fee-Based)*

KIDS 410
**Young Artist Workshop**
Ages 7+
Learn to draw animals, natural objects, landscapes, and people. Covers basic theory of color, value, perspective and spatial relationships. Your child will learn to draw better! *(Fee-Based)*
The "Arts" Extravaganza
Ages 7+
Children are encouraged to express themselves, emphasizing creativity and experimentation through age-appropriate art projects. Classes will include a variety of art techniques, which may include drawing, sketching, painting, clay and various other art media.  *(Fee-Based)*

KIDS 414
Art is for You
(Ages 5-8)
Calling young artists bold and shy! Come use different art materials each day to learn how to "draw what you see" and what you imagine.  *(Fee-Based)*

Pencils & Paintbrushes
Ages 4-10
An art class that will encourage your child's imagination to soar! Designed to build self-esteem through individual expression while interacting creatively with other students. Children will learn basic drawing skills and fun techniques of watercolor painting. Instruction at age- and ability-appropriate levels. Each session explores different themes. Repeat students will experience more advanced levels of previous sessions. Pick up a minimal materials list at the first class meeting.  *(Fee-Based)*

KIDS 415A
Pencils & Paintbrushes
Ages 8+
An art class that will encourage your child's imagination to soar! Designed to build self-esteem through individual expression while interacting creatively with other students. Children will learn basic drawing skills and the application of colors using pencils and watercolors. Instruction at age and ability appropriate levels. Repeat students experience different projects. Pickup material list when you register.  *(Fee-Based)*

KIDS 418
Origami For Fun
Ages 7+
Origami is Japanese and comes from the word ori (to fold) and kami or gami (paper). You'll become familiar with the basic technique or art of paper folding step by step from a single sheet of paper into an animal, bird, boat, butterfly, crane, and more. Parents are welcome to enroll too!  *(Fee-Based)*

KIDS 428
Photography For Kids
Ages 7-10
Children will learn basics techniques of photographic process, conventional to digital. Material/equipment needs will be given first day of class. Bring a 35mm (digital, conventional, or disposable) to class. There will be additional fees for film developing/printing. Children will take a photo shoot tour of the campus.  *(Fee-Based)*

KIDS 429
Photography for Kids
Age 10+
Children will learn basics techniques of photographic process, conventional to digital. Material/equipment needs will be given first day of class. Bring a 35mm (digital, conventional, or disposable) to class. There will be additional fees for film developing/printing. Children will take a photo shoot tour of the campus.  *(Fee-Based)*

KIDS 435
Basic Knitting for Kids
Ages 9+
Learn basic knitting techniques including casting on, knit stitch, purl stitch, increase, decrease, and binding off. Knit some basic projects such as book marks, scarves, purses and more. Learn about different yarns and become aware of the fulfillment of making your own creations.  *(Fee-Based)*

KIDS 438
Wonderful Arts and Crafts
Ages 5-7
Come and create art and craft projects using different media and surfaces.  *(Fee-Based)*

KIDS 438A
Wonderful Arts & Crafts
Ages 8+
Come and create art and craft projects using different media and surfaces.  *(Fee-Based)*

KIDS 441
Drawing and Acrylic Painting
Ages 9+
Students will learn about abstract shapes and forms, faces, fruits, veggies, and landscapes and still life!  *(Fee-Based)*

KIDS 442
Creative Art for the Young Child
Ages 3-5
This is an arts and crafts class for children 3-5 years and a parent to spend quality time together developing motor skills and artistic abilities through drawing and painting with watercolors and making arts and crafts items.  *(Fee-Based)*

KIDS 443
Drawing and Watercolors
Ages 5+
Students will learn the basics of drawing and painting shapes, cartoons, landscapes, underwater scenes, animals, cars and use watercolors to enhance their projects.  *(Fee-Based)*

KIDS 445
Fashion Illustration I
Ages 12+
Calling all aspiring fashion illustrators. In this class you will complete a fashion figure with collars, blouses, skirts, pants, hats and accessories by the end of the course. Students will learn how to draw proportional figures and faces, as well as gesture drawings. Fashion figures will be created using watercolors, colored pencils, markers, and pens. Special supplies required, pick up list in office.  *(Fee-Based)*
KIDS 451
Create Art from Around the World Camp!
Ages 8+
Come join our adventure as we explore art from around the world! We will create fun and unique art with influences from Mexico, Africa, Europe, Asia, and the Mediterranean. Learn how to do paper mache, mosaics, painting and more! *(Fee-Based)*

KIDS 452
Art Techniques for Kids Camp
Ages 8+
Have fun while learning great art techniques! Learn to do pencil drawing, acrylic painting, pastels, still-life creation, mixing your own paints, and more! We will create our own works of art using the techniques we learn! *(Fee-Based)*

KIDS 453
Fashion Illustration II
Ages 12+
Advanced level of Fashion Illustration. Learn to complete group figures (3-5) with a theme. Illustrate different textures of fabrics. Also create accessory and shoe illustrations and flats of garments. *(Fee-Based)*

KIDS 475
Piano Keyboarding - Advanced
Ages 7+
Students will continue learning the basics of the keyboard and music theory. In addition, students will be introduced to major scales and arpeggios, and sight-reading. Students must bring their own keyboard (40 key minimum) every week and headphones. Books may be suggested to buy during the session. *(Fee-Based)*

KIDS 500
Introduction To Dance
Ages 3-4
Come and learn the fundamentals of movement and dance. This class incorporates many styles of dance using a fun approach to learning through repetition, games and props. Students will develop self-confidence in a creative environment. *(Fee-Based)*

KIDS 507
Toe Tapping Feet
Ages 6+
This is a beginning Tap class that will introduce beginning level tap steps, center work and simple progressions across the floor. Children will develop coordination and self-esteem and have fun learning one of America's original art form. Parents are not allowed in the dance studio during class. The children will learn and perform a short dance that will be performed on the last day of classes during the fall, winter and spring sessions only. Tap shoes are required. *(Fee-Based)*

KIDS 508
Beginning Tap (Ages 10+)
Ages 10+
This course will be an introduction into the simple beginning steps of tap dance. The class will consist of the basic steps of tap and gradually being able to put them together into simple routines. *(Fee-Based)*

KIDS 510
Youth Ballet
Age 3-4
This is a beginning class that incorporates basic ballet technique with fun motor skill exercises that focus on rhythm and strength building. Parents not allowed in the dance studio during class. The children will perform a dance learned throughout the session on the last day of class, during the fall, winter and spring sessions only. *(Fee-Based)*

KIDS 510A
Youth Ballet
Ages 5-7
Beginning class that teaches basic ballet technique and coordination skills in a fun environment. There will be a performance on the last day of class during the fall, winter, and spring sessions only. Parents are not allowed in the dance studio during class. *(Fee-Based)*

KIDS 516
Jazz Hip-Hop Dance
Ages 5-6
Jazz dance techniques with a hip hop flair, style and rhythm emphasized. Students will gain self-esteem and confidence in an upbeat atmosphere. *(Fee-Based)*

KIDS 516A
Jazz Hip-Hop Dance
Ages 7+
Jazz dance techniques with a hip hop flair, style and rhythm emphasized. Students will gain self-esteem and confidence in an upbeat atmosphere. *(Fee-Based)*

KIDS 553
Musical Theatre Summer Camp
Ages 9+

Ages 8+  
Cheerleading students will learn all the basic fundamental cheer movements as well as sideline cheers, fight song cheers and performance cheers. Students will learn proper warm-up and stretching techniques to improve flexibility. This class is designed to build self-confidence. Show performance on the last day of class. Wear tennis shoes. Wear comfortable clothing and bring water. *(Fee-Based)*

KIDS 575  
**Basketball Clinic**  
Ages 4-6  
Learn the fundamentals of basketball through instruction and practice. Includes these basic skills: footwork, passing, dribbling, shooting and running. Kids can improve their knowledge of the game and coordination. *(Fee-Based)*

KIDS 576  
**Basketball Clinic**  
Ages 7-9  
Learn the fundamentals of basketball through instruction and practice. Includes these basic skills: footwork, passing, dribbling, shooting and running. Kids can improve their knowledge of the game! *(Fee-Based)*

KIDS 577  
**Basketball Clinic**  
Ages 10+  
Learn the fundamentals of basketball through instruction and practice. Includes these basic skills: footwork, passing, dribbling, shooting and running. Kids can improve their knowledge of the game! *(Fee-Based)*

KIDS 607  
**Pee Wee Baseball**  
Ages 6+  
Students will learn the fundamentals of batting, throwing, catching and running bases in a non-competitive environment. Bring baseball mitts to class. *(Fee-Based)*

KIDS 607A  
**Pee Wee Baseball**  
Ages 4-5  
Students learn the fundamentals of batting, throwing, catching, and running bases in a non-competitive environment. Bring baseball mitts to class. *(Fee-Based)*

KIDS 609  
**Jr Summer Sports Camp**  
Ages 5-7  
Learn to play team sports and games in a fun non-competitive environment! Play a different sport every day while teamwork and sportsmanship is stressed. Get ready for lots of fun. Bring a water bottle and wear your sunscreen. *(Fee-Based)*

KIDS 609A  
**Jr Summer Sports Camp**  
Ages 8-10  
Learn to play team sports and games in a fun non-competitive environment! Play a different sport every day while teamwork and sportsmanship is stressed. Get ready for lots of fun. Bring a water bottle and wear your sunscreen. *(Fee-Based)*
KIDS 610
Pee Wee Soccer
Grades 1-3
During our soccer classes, our goal is to stimulate a love for the game in young athletes by showing them how to accelerate their own progress and success. We combine training methods to form a schedule that applies challenging drills and new techniques into game situations. (Fee-Based)

KIDS 610
Pee Wee Soccer
Ages 6-9
This is an introductory, non-competitive, skills based soccer class. Our goal is to stimulate a love for the game in very young athletes by showing them how to accelerate their own progress and success. We combine training methods to form a schedule that applies challenging drills and new techniques into game situations. (Fee-Based)

KIDS 611
Pee Wee Soccer
Grades 4-6
This is an introductory, non-competitive, skills based soccer class. Our goal is to stimulate a love for the game in very young athletes by showing them how to accelerate their own progress and success. We combine training methods to form a schedule that applies challenging drills and new techniques into game situations. (Fee-Based)

KIDS 614
Pee Wee Soccer Camp
Grades 4-6
This camp will introduce your child to the very basic skills of soccer. Students will learn and develop skills such as dribbling, passing, trapping and goalkeeping by participating in fun drills, exciting games. By the end of the course, students will not only have learned to play a new sport, but they'll experience being a part of a team! (Fee-Based)

KIDS 614A
Pee Wee Soccer Camp
Grades 6-8
This camp will introduce your child to the very basic skills of soccer. Students will learn and develop skills such as dribbling, passing, trapping and goalkeeping by participating in fun drills, exciting games. By the end of the camp, students will not only have learned to play a new sport, but they'll experience being a part of a team! (Fee-Based)

KIDS 615
Soccer Summer Camp
Grades 8-10
Come join us for an intensive week of soccer skill improvement. The camp will develop soccer drills such as kicking, passing, trapping, receiving, and ball control. Campers will be divided by age and skill level. Experience being part of a team. (Fee-Based)

KIDS 626
Tennis For Kids - Beginning
Ages 6-9
Instruction in basic skills. Students will learn forehand, backhand, serve, volley, approach shot and footwork. Bring racquet and one can of new tennis balls. Makeup classes in case of rain. (Fee-Based)

KIDS 627
Tennis for Kids - Advanced Beginning
Permission needed from Instructor! (Fee-Based)

KIDS 654
Judo/Jujitsu for Kids
Ages 6-13
This program is designed for children, with a focus on improving coordination, quick reflexes, stamina, speed, strength and sportsmanship. The three main categories of Judo are taught, which include throwing techniques, striking techniques, and grappling techniques on the mat. Techniques for free practice are used, and children may participate in competition. (Fee-Based)

This class is designed to provide basic instruction in the Olympic sport of Water Polo to students ages 9-14. Boys and girls will learn passing, dribbling, shooting, alternating frog kick, rules of the sport and aspects of team play. Class sessions will be in the pool. Practice games will occur after skills are learned. Must wear a suit and have some basic swimming skills. Goggles are encouraged. For additional information please read chapters found at http://fcwaterpolo.fullcoll.edu (Fee-Based)

KIDS 705
Chemistry for Young Scientists
Grades 1-3
Children will interact with the world of science using hand-on techniques and observation. They will probe life science, physical science and chemistry. Students will formulate slime plus much more! Materials included. (Fee-Based)

KIDS 714
Childcare & Babysitting Safety Camp
Ages 12+
This class will provide basic skills and information that is necessary in caring for infants and children. Students will learn the importance of responsibility, recognizing an emergency, emergency action steps, personal safety, fire safety, water safety, infant care and basic first aid and choking management. This class is designed for young adults, 12 years and older, who will be babysitting or providing childcare. Certificate will be issued at the end of the course; textbook provided. (Fee-Based)
KIDS 725
Discover Dinosaurs
Ages 3+
Children will learn about extinct reptiles, the geologic time, life on earth before, during, and after dinosaurs. Includes slide shows, handling of fossils, arts and crafts. (Fee-Based)

KIDS 741
Hands-on Science Camp
Grades 3-6
In this course, you will DESIGN and BUILD your own devices and contraptions. Given a challenge or task, you and your teammate(s) will work together, applying and exploring math and science. Come experience the fun of energy, motion, velocity, acceleration and more! Curriculum based on the Tech Museum of Innovation. (Fee-Based)

KIDS 748
Wonders of Science Camp
Grades 3-6
Children will explore the wonders of physical science. They will learn about electricity, magnetism, sound, light and chemistry. Students will create an electro-magnet, learn how telephones work, and how rainbows are formed. (Fee-Based)

KIDS 807
Summertime Fun Foods
Have fun making some delicious summertime foods! We'll make a mexican Spaghetti Pie, Special Pretzels, Vegetable Bouquets with Dreamy Dip, Homemade Soda Pop Punch and Sherlock Cale. PARENTS COME BACK FOR THE LAST HALF HOUR to share the foods that the children have prepared and to cheer them on for cleanup. Remember to bring a towel and take-home container - you won't want to miss a crumb! Clean up is part of the class. (Fee-Based)

KIDS 830A
Kids Fun Cooking
Ages 6-10
Are you read to be a junior chef? This class is for you. We'll make main dishes such as Lasagna Rolls, Chinese Chicken Salad, fresh steamed vegetables, breads and fun desserts, including chocolate of course. You'll learn preparation techniques, including chopping, slivering, mixing, blending and even making a sauce for one of the main dishes. You'll take home samples of foods prepared in class and will have a cookbook to try a recipe during each week. Bring a towel for clean up. (Fee-Based)

KIDS 830B
Kids Fun Cooking
Ages 11-16
Are you ready to be a chef for your family? This class is for you. We'll make main dishes such as stuffed chicken breast, stir fry with vegetables and sauce, your own pizza, fresh steamed vegetables, breads and fun desserts, including chocolate of course. You'll learn preparation techniques, including chopping, slivering, mixing, blending and even making a sauce for one of the main dishes. You can try out new recipes and some that have been tested over time in other classes. You'll take home samples of foods prepared in class and will have a cookbook to try a recipe during the week. Bring a towel for clean up. (Fee-Based)

KIDS 830
Kids Fun Cooking
Ages 3-5
Come join with your 3-5 year old and watch them discover new skills in the kitchen. They'll discover new and exciting foods and you will marvel at their cooking skills. We'll make a salad, appetizer, main dish and dessert. Bring a towel for clean up. New recipes each term. (Fee-Based)

KIDS 855
Junior Chef Camp
Ages 8-12
Future chefs will spend a week with our professional chefs as they explore the finer points of food preparation, sanitation, safety, recipes and measurements as they create nutritious foods while gaining a sense of culinary adventure. The day concludes at the chef's table as they discuss and enjoy their daily creations. Bring two dish towels, white apron and a container for leftover food to take home and share. Students must wear black cotton pants, white t-shirts, and closed-toe black sneakers to class. (Fee-Based)

KIDS 863
Mommy and Me Cooking Class
Ages 3-5
Come join with your 3-5 year old and watch them discover new skills in the kitchen. They'll discover new and exciting foods while gaining a sense of culinary adventure. The day concludes at the chef's table as they discuss and enjoy their daily creations. Bring two dish towels, white apron and a container for leftover food to take home and share. KIDS 1145
Tutorial: Trigonometry
Grades 9+
The course is to introduce and study the properties of trigonometric functions. Students will learn the fundamental laws that govern relationships between sides and angles of triangles, various techniques in taking measurements of triangles, graphing trigonometric functions, and using identities in preparation for Calculus. (Fee-Based)

KIDS 1150
Pre-Calculus
Grades 10+
This course is designed for preparation into Calculus. Topics range from relations and functions, linear and quadratic functions, polynomials, rational functions, radicals and roots, exponentials and logarithms, conic sections, systems of equations, and sequences/series. (Fee-Based)

KIDS 1155
Calculus I
Grades 10+
This course is the first of a three part series of Calculus that is designed as a quick review of the Pre-Calculus functions. Topics covered will include understanding of properties of limits, techniques of finding limits, asymptote, continuity and one-sided limits, and infinite limits. These skills are an excellent preparation for the AP Calculus exam given in May. (Fee-Based)

KIDS 1165
English Rules (English as-Second Language)
Ages 8+
This course is a fun way to learn English. Students will practice English basic grammar, parts of speech, and frequent word vocabulary lists. Emphasis will be on reading and writing concepts through songs, poems, reading, storytelling and student journal writing. (Fee-Based)

KIDS 1185
Spelling and Writing Enrichment
Ages 6-8
If your child has a foundation in basic phonics, then this is the class for him. This class will take students to the next level of spelling words and better writing habits. Students will learn to read and spell words through various spelling patterns. This class will develop skills in writing correct sentences and paragraphs. (Fee-Based)

KIDS 1190
Dining and Party Etiquette
Ages 8-12
This fun and informative class provides an overview of good manners and leadership skills. Students will learn social courtesies, introductions, dining and party etiquette. (Fee-Based)

KIDS 1200
Teen Etiquette
Ages 13-17
This class will provide a foundation of good manners and leadership skills. Topics include: introductions and handshaking, dining skills, thank you notes, getting up in front of a group and listening skills (Fee-Based)

KIDS 1225
Singing, Dancing and Storytelling
Ages 2-4
Parent and child will enjoy self-esteem building activities together; singing and dancing, storytelling and art. (Fee-Based)

KIDS 1230
Storytelling, Singing and Dancing
Ages 3-5
Your child will enjoy age appropriate self-esteem building activities; storytelling, singing, dancing, and art. (Fee-Based)

KIDS 1260
Writing from A to Z
Grades 4-6
Course will provide individual assessments at the beginning and focus on strengthening writing skills through the use of adjectives, adverbs, and introductory adverbial phrases. Paragraph writing skills are developed as well as expository and narrative writing skills. Class size limited. (Fee-Based)

KIDS 1265
Tutorial: Geometry - Basics of Geometry
Grades 7+
Geometry-Part I includes basic concepts such as points, lines, planes, and angles. A significant part of the course deals with logic and reasoning, which is an important foundation in constructing proofs. Students will also learn about congruent triangles, quadrilaterals, and inequalities. Class is limited to 8 students. (Fee-Based)

KIDS 1270
Solving Word Problems
Grades 3-4
Students will learn 6-10 strategies such as Guess and Check, Make an Organized List, Act it Out, and Work Backwards, to solve different types of math word problems. Enrollment limited to 10 students. (Fee-Based)
KIDS 1300
SAT/ACT Prep - Math
This course is designed for students taking the SAT (Scholastic Aptitude Test) for College Admission purposes. The focus in this course includes review with Numbers/Operations and Algebra/Functions, Geometry, Data Analysis, Statistics, and Probability. (Fee-Based)

KIDS 1330
Tiny Tots Tumbling
Ages 18m - 3yrs
This class will introduce your child to stretching, locomotor and basic gymnastic skills in a fun and safe environment. Parent/guardian participation required to assist the child through age appropriate progressive gymnastic instruction each week. (Fee-Based)

KIDS 1335
Basic Reading Skills
Ages 4-5
This class focuses on developing your child's ability to rhyme and blend sounds in words to become better readers and spellers. We will use "phonemic awareness" techniques that allow children to practice manipulating sounds in words thru fun songs and activities. A student assessment and parent packet will be given. Each term has different activities. (Fee-Based)

KIDS 1390
Computer Keyboarding I
Ages 12+
Multimedia software teaches your child the layout of the computer keyboard. Integrated music and puzzle activities make learning the keyboard fun! Enrollment is limited! (Fee-Based)

KIDS 1392
Intermediate Water Polo for Kids
Ages 12-14
This course is open to boys and girls age 12-14 who are at an intermediate playing level. This course will feature instruction in ball handling, shooting, passing and conditioning, and team play. (Fee-Based)

KIDS 1393
Advanced Water Polo for Kids
Ages 14-17
This course open to boys and girls, will focus on water polo techniques, skills, and conditioning with an emphasis on competition. Optional opportunity to participate in competitions for an additional fee for US Water Polo registration. (Fee-Based)

KIDS 1394
Computer Keyboarding II
Ages 8+
This class is for students who can already type but wish to improve their speed and accuracy. Be ready for school projects and research papers. Learn keyboarding through writing exercises including poetry and stories. On the last day of class students will share a creation from class. (Fee-Based)

KIDS 1398
Computer Keyboarding II
Ages 12+
This class is for students who can already type but wish to improve their speed and accuracy. Be ready for school projects and research papers. Learn keyboarding through writing exercises including poetry and stories. On the last day of class student will share a creation from class. (Fee-Based)

KIDS 1400
Creating Memories
Ages 10+
Using the computer and your own photographs from a special event learn how to create a variety of personalized items from storybooks to cards, calendars and more! Bring scannable photos and a USB flash drive or photos uploaded to a USB flash drive to class. Parents have the option of purchasing a variety of personalized items. Information sheet will be provided in class. (Fee-Based)

KIDS 1403
Fun with Digital Education for Kids
Ages 5-7
This class uses online education that combines instruction with fun learning games for children creating interactive learning and fun. Learning games can help students concentrate on language arts, math, science, and social studies through an entertaining online curriculum. Fun with Digital Education motivates the student and offers a balance between educational activities and online learning games for kids. The students have freedom to explore in a safe and motivating environment. (Fee-Based)

KIDS 1427
Tutorial: Probability and Statistics
Grades 7-8
This course is designed for middle school students to learn the basics of probability and statistics. Topics include probability of dependent or independent events, the counting principles, permutations, combinations, and graphing data. Class is limited to 8 students. (Fee-Based)

KIDS 1435
Can U Dig It? Volleyball Camp for Beginners
Ages 8-16
This class is geared toward the beginner level youth who is interested in learning the basic fundamentals of volleyball. Conditioning, as well as drills that focus on the necessary skills to play the game, will also be introduced. Students should wear tennis shoes and bring a small towel and water to class. Knee pads are optional. (Fee-Based)

KIDS 1438
Can U Dig It? Volleyball Camp for Beginners
Ages 14-16
This class geared toward the beginner level youth who is interested in learning the basic fundamentals of volleyball. Conditioning, as well as drills that focus on the necessary skills to play the game, will also be introduced. Students should wear tennis shoes and bring a small towel and water to class. Knee pads are optional. (Fee-Based)
KIDS 1475
**Getting Ready for Third Grade**
Summer is very long! Keep your child at the top of the class and ready for fall. This camp will review Common Core 2nd grade skills including reading, math, and writing through learning centers and fun activities. Students will also be introduced to beginning 3rd grade skills using the Common Core standards. *(Fee-Based)*

KIDS 1510
**Baking Basics!**
**Ages 8-11**
Have fun learning the basics of baking. Register for a single class or the entire series. Students will learn about and use basic kitchen tools. Safety, cleanliness and working with others will be emphasized. Bring an apron to class and a towel for clean-up and a container for leftovers. Check if there are additional supplies required each week. *(Fee-Based)*

KIDS 1512
**Baking Basics!**
**Ages 12+**
Have fun learning the basics of baking. Register for a single class or the entire series. Students will learn about and use basic kitchen tools. Safety, cleanliness and working with others will be emphasized. Bring an apron to class and a towel for clean-up and a container for leftovers. Check if there are additional supplies required. *(Fee-Based)*

KIDS 1515

**Parent and Me Swimming**
**6 mo to Age 4**
This course is intended to introduce pool water to our young students. Each student must be supervised by a parent or guardian who will be instructed in the water by our swim staff instructor. The same parent or guardian must attend each week. Skills introduced at this level are: backyard pool safety, bubble blowing, submerged face, front supported kicking, supported back floating, underwater exploration and arm reaching to the side of the pool. *(Fee-Based)*

KIDS 1545
**Summer Swim**
**Ages 5-17**
The Summer Swim Program is designed for students ages 5-17. Primary emphasis will be on the safety of students and staff while creating a fun learning atmosphere. Students will be evaluated on the first day of class and placed in a class for their age and appropriate skill level. Pool safety, student and parent/guardian responsibility is introduced on the first day of instruction. Levels of swim included in these classes will be: Beginner, Advanced Beginner, Intermediate Swimmer and Swimmer. *(Fee-Based)*

KIDS 1550
**Beginning Water Polo**
**Ages 7+**
Water polo is a fun game for both girls and boys. Students will learn the basic skills and rules of the game and team work. Water polo is a team game that includes swimming, passing and shooting, team offensive and defensive strategy. *(Fee-Based)*

KIDS 1555
**Junior Life Guards**
**Ages 11-14**
The Junior Guard Program is a Red Cross approved program. Give your youth a jump start into a Lifeguarding job. Completion of this course sets a foundation for life guarding and life skills. Students will focus on improving swim strength, endurance, and prevention of aquatic accidents, response in an emergency, leadership skills and professionalism of a life guard. *(Fee-Based)*

KIDS 1560
**Pre-Competitive Swim**
This class is designed to train and fine tune all competitive swim strokes, turns and competitive racing. Students will work on the starting blocks, increase endurance and strength. With the completion of this course the student will master the skills needed to compete on a swim team. Students must have completed the intermediate swim level to register for this class. *(Fee-Based)*

KIDS 1565
**Beginning Spring Board Diving**
Skills presented in this class: land drills on frontal three step approach, three step approaches on spring board, front dive, back dive and pool and diving safety. Students must have completed the advanced beginning swim level to register for this class. *(Fee-Based)*

KIDS 1572
**Draw and Paint Animals**
**Ages 8+**
Students will learn how to draw and paint different animals using various art materials such as oil pastels, watercolors, colored pencils, markers and crayons to capture textures of animals. *(Fee-Based)*

KIDS 1600
**Basic Hand Sewing for Kids**
**Grades 4-6**
Come learn the basic tools and techniques in hand sewing! Great skills needed for everyone! Boys are welcome. We will complete three projects utilizing skills from threading a needle to completing a project with embellishments. Supply sheet available the first day of class. *(Fee-Based)*

KIDS 1615
**Beginning Band Instruments**
**Grades 5-8**
Beginning Instruments class is open to anyone wanting to learn to play a wind or percussion instrument. No experience necessary. Learn proper care, sound production and music reading. A concert will be presented on the last day of class. *(Fee-Based)*
KIDS 1627
Computer Game Design
Grades 5-8
This course will allow students to design their own computer game. Students will learn, in depth, how to use variables, conditional statements and other controls to create a game that accepts user input and presents a challenge. This class is for those who have completed the "Introduction to Computer Animation & Games" or "Introduction to Computer Animation." (Fee-Based)

KIDS 1657
Exploring My World Through Science: Parent and Me
Ages 3-4
Naturally, children love to explore, observe and play with the world around them. In this class, parents and their children will engage in songs, dance, storytelling, hands-on play and crafts that emphasize science concepts such as: the five senses, mixing colors, caring for nature, recycling, gravity, solids and liquids. Each class, children will leave with crafts to take home and further enhance the learning. (Fee-Based)

KIDS 1670
Art Experiences for Children
Ages 4-10
This class encourages small muscle development, independence, creativity and fun! The "process not product" is emphasized. All artistic endeavors have merit. All artists are unique. Each session has different materials. Please have children wear old clothes. No supplies needed. (Fee-Based)

KIDS 1680
Digital Art for Kids
Grades 4-8
Learn easy techniques for creating digital art using the computer. The course will cover digital painting, drawing cartoons with basic shapes, and turning photographs into art. This class is a fun way for students to improve their concentration and technology skills for Smarter Balance testing. USBC flash drive required. (Fee-Based)

KIDS 1725
Tutorial: Algebra 2 - Conic Sections
Grades 8+
This section of Algebra II covers the conic sections (parabolas, circles, ellipses, and hyperbolas). Students will learn how to use the quadratic formula and complete the square. Class is limited to 8 students. (Fee-Based)

KIDS 1727
Tutorial: Algebra 2 - Matrices and Determinants
Grades 8+
This course focuses on solving systems of equations with various methods. Topics include elimination/substitution method, matrix operations/properties, and finding determinants. (Fee-Based)

KIDS 1735
Guitar for Kids - Intermediate
Ages 6-8
Continue building on the fun progress of the beginning class with more chords, strumming, melodies and singing. Bring your nylon-string or acoustic steel-string guitar and medium guitar pick to class. Parents, please accompany children to class. (Fee-Based)

KIDS 1755
Guitar for Kids- Advanced
Ages 9+
Welcome to advanced guitar. Have fun and learn the blues, barre chords, scales, and new patterns of strumming and picking familiar chords. All the while, learn modern songs from your favorite bands. (Fee-Based)

KIDS 1769
Beginner Swimming
Ages 5-10
This class is for students learning to swim. Skills that must be mastered at this level to advance include: holding breath for 10 seconds, prone float, back float, prone glide, prone glide with flutter kick, front crawl arm stroke with rhythmic breathing, back glide, back glide with a kick, turn over, deep water jump, front dive level off and safety skills. Water safety emphasized. (Fee-Based)

KIDS 1770
Intermediate Swimmer
Ages 5-17
This class is for students who successfully completed the Beginner requirements. This includes holding breath for 10 seconds, prone and back floats, prone glide, prone guide with flutter kick, front crawl arm stroke with rhythmic breathing, back glide, back glide with kick, turn over, deep water jump, front dive level off and safety skills. Students taught survival float, treading water, backstroke, front dive and underwater swimming. Water safety emphasized. (Fee-Based)

KIDS 1772
Advanced Beginner Swim
Ages 5-17
The class is for students who successfully completed the Beginner requirements. This includes holding breath for 10 seconds, prone and back floats, prone glide, prone guide with flutter kick, front crawl arm stroke with rhythmic breathing, back glide, back glide with kick, turn over, deep water jump, front dive level off and safety skills. Students taught survival float, treading water, backstroke, front dive and underwater swimming. Water safety emphasized. (Fee-Based)

KIDS 1774
Intermediate Swimmer
Ages 5-17
This class is for students who have completed class requirements for the beginner swimming level. Students will learn the scissor kick, front crawl for 20 yards with rhythmic breathing, 5 minute survival float, 1 minute treading water, 10 yards of skulling, 20 yards of backstroke, elementary backstroke, breaststroke and sidestroke, and 100 yards of any taught stroke. Water safety rules emphasized. (Fee-Based)

KIDS 1776
Swimmer
Ages 5-17
This class is for students who have completed class requirements for the beginner, and intermediate swimmer level. To pass this level students must be able to swim 100 yards of the front crawl, elementary backstroke, side stroke, and back stroke, 50 yards of the butterfly stroke, 25 yards of the butterfly pull, 25 yards of dolphin kick, front surface dive, front and back turns, survival float with clothes and water disrobing. Water safety will be emphasized. (Fee-Based)
KIDS 1778  
**Open Swim Lab/Lap Swim**  
*Ages 8+*  
This class provides an opportunity for students to improve their swimming skills. Water safety will be emphasized. Lanes will be available for lap swimming. *(Fee-Based)*

KIDS 1799  
**Animation Flix Camp**  
*Ages 7 - 13*  
This course allows students to brainstorm movie ideas, create their own characters made from clay, glass stones, and other media, and film a stop-action movie using a green screen backdrop. Students will develop a brief movie plot, create their sets, film their movie and add voice-overs. All Flix are available for download a month after the course ends. *(Fee-Based)*

KIDS 1835  
**Tots Tumbling II**  
*Ages 3-5*  
This course is for the continuing gymnasts who are ready to learn without mom or dad. Gymnasts will learn more advanced gymnastic skills including cartwheels, headstands, handstands, backbends and pullovers on the bar. Students must have a pass certificate from Moms, Pops, and Tots Tumbling. *(Fee-Based)*

KIDS 1850  
**Adventures in Web Page Creations**  
*Grades 4-6*  
Hey kids! Have you ever wanted to create your very own cool website to share with friends and family? Here is your chance to build incredible drag-and-drop web pages using free hosting sites on the internet. You will learn how to add pictures, video, text, game widgets and lots more! *(Fee-Based)*

KIDS 1877  
**Gymnastics Summer Camp**  
*Ages 8+*  
Come join us for lots of fun learning gymnastics skills on the bars, beam and floor, as well as crafts, games and the parachute!! All parents and friends are invited to a special end of camp performance starring your little gymnast! Each gymnast will receive a special award! *(Fee-Based)*

KIDS 1934  
**Introduction to Origami**  
*Ages 13+*  
Learn the basics of the art of Origami, the Japanese craft of folding paper. Students will select one item to make in class from a variety of choices. Origami can be used for gift packages and holiday decorations. Instruction sheet and special origami paper will be provided. *(Fee-Based)*

KIDS 1940  
**On My Own Survival**  
*Grades 10-12*  
Various independent living skills will be covered such as budgets, job hunting, cooking, laundry, record keeping and housekeeping. Coed class. Have fun learning everything you wanted to know about how to "make it on your own"! *(Fee-Based)*

KIDS 1945  
**Clutter Buster**  
*Grades 3-6*  
Having trouble finding your stuff???? Learn how to simplify your life and have more time by organizing your room, locker, or work areas. Learn to keep things in order and design "zones" for various activities. Learn skills that you can use for a lifetime! *(Fee-Based)*

KIDS 1947  
**Clutter Buster**  
*Grades 7-12*  
Having trouble finding your stuff???? Learn how to simplify your life and have more time by organizing your room, locker, or work areas. Learn to keep things in order and design "zones" for various activities. Learn skills that you can use for a lifetime! *(Fee-Based)*

KIDS 1955  
**Learn To Sew for Fun**  
*Grades 8-11*  
Learn to make your own clothes! Topics to be covered are pattern and fabric selection, basic sewing machine skills and clothing construction techniques. No sewing skills are required. Call the office for a list of needed supplies. *(Fee-Based)*

KIDS 1970  
**You and Me Cooking Class**  
*Grades 5-7*  
Bring mom, dad, grandparent or special friend to join you as you create special things in the kitchen. Various goodies will be made in each session including cookies, candy, cupcakes, and fruit. Have fun learning and sharing this special time with your child. Bring an apron and a container for left over treats. *(Fee-Based)*

KIDS 1975  
**Fun with Baking**  
*Grades 8-11*  
Learn the creativity and basics of baking! Each session will cover one of the following: pies, cookies, quick breads, and cup cakes. Bring an apron, a towel for clean-up and a container for left over goodies! *(Fee-Based)*

KIDS 1977  
**Fun with Baking**  
*Grades 12+*  
Learn the creativity and basics of baking! Each session will cover one of the following: pies, cookies, quick breads, and cup cakes. Bring an apron, a towel for clean-up and a container for left over goodies! *(Fee-Based)*

KIDS 2000  
**My First Cooking Class**  
*Grades 6-8*  
Students will make and serve yummy snacks, and learn how to use different ingredients while being safe in the kitchen. Students will learn about kitchen tools and safety. Students will learn how to use simple ingredients found in the kitchen. Students will learn how to make simple snacks that don't need to be cooked. Students will learn how to serve and clean up after snacks have been made. *(Fee-Based)*
KIDS 2015
Introduction to the Martial Arts/Parent & Me
Ages 4-7
Children will be introduced to basic martial arts skills and exercises with an emphasis on class discussion and participation. This practice improves basic coordination, balance and confidence. Martial Arts is a process that develops self-discipline, respect for others and builds character. Watch your child grow while learning skills that last a lifetime. Parents are encouraged to participate in certain elements during class. (Fee-Based)

KIDS 2027
Tutorial: Algebra II - Functions, Exponents and Logarithms
Grades 8+
This course is designed to study the behavior of functions. Topics will include polynomial functions, finding domain and range, and study relationship/properties between exponents/logarithms. Knowledge of Algebra I. Class is limited to 8 students. (Fee-Based)

KIDS 2063
Digital Camera Magic
Grades 4-9
In this hands-on digital camera class have fun learning to create amazing optical camera illusions. Discover techniques for operating camera exposure modes, composing shots, and enhancing images. Bring to every class meeting: a camera, the user’s guide, the camera’s USB connector cable, extra batteries, and a USB flash drive. (Fee-Based)

KIDS 2075
Discovering Science Through Art Experiences
Ages 4-10
This class can awaken the imagination, challenge the mind and amaze the artist and scientist within each child. Build upon natural curiosity as children discover science concepts through art experiments. Themes investigated include: water and air, light and sight, motion and energy, and reaction and matter. Each term explores different elements of the above themes. No supplies needed. (Fee-Based)

KIDS 2078
Introduction to Montessori
Ages 3-6
Students will be introduced to the Montessori method and work in four areas through hands-on activities to learn numbers and sounds. The areas include: practical life, sensorial, Math and Language. Students will develop order, coordination, concentration, and independence. This class will provide the academic readiness to succeed in kindergarten. Parents will attend class with their child. (Fee-Based)

KIDS 2085
Discovering Science Through Art Camp
Ages 4-10
This class can awaken the imagination, challenge the mind and amaze the artist and scientist within each child. Build upon natural curiosity as children discover science concepts through art experiments. Themes investigated include: water and air, light and sight, motion and energy, and reaction and matter. Each session explores different elements of the above themes. (Fee-Based)

KIDS 2095
Essay Writing
Grades 7-12
CSUF English Instructor will teach students how to improve their essay writing skills. Students will learn and practice numerous methods that will make their writing stronger and more polished! (Fee-Based)

KIDS 2103
Tutorial: Algebra 1A - Basics
Grade 6+
Algebra basics will include topics such as expressions, signed numbers, reciprocals, equations, removing group symbols, adding like terms, inequalities, and absolute values. Class is limited to 8 students. (Fee-Based)

KIDS 2130
Be Bigger Than a Bully
Ages 8-12
Students will learn and recognize what is a bully, what is a true friend and ways to be advocates against bullying. This course enables students to know how and where to get help if being bullied. Games and exercises on self-esteem, self-confidence and on honoring differences in ourselves and others and accepting these differences will be used in class. An overview of Social Media and its impact on bullying will be covered. (Fee-Based)

KIDS 2175
QuickStart Junior Tennis for Beginners
Ages 5-8
QuickStart is a new tennis training program designed just for kids! Smaller equipment is used so that children experience success more quickly. Simplified scoring is taught along with teamwork. Children are fully engaged while learning to play a lifetime sport. QuickStart tennis equals fun! Equipment needs explained at the first class session. (Fee-Based)

KIDS 2176
QuickStart Junior Tennis for Beginners
Ages 9-12
QuickStart is a new tennis training program designed just for kids! Smaller equipment is used so that children experience success more quickly. Simplified scoring is taught along with teamwork. Children are fully engaged while learning to play a lifetime sport. QuickStart tennis equals fun! Equipment needs explained at first class session (Fee-Based)

KIDS 2195
Reading Comprehension Based on the Common Core Standards
Completion of Grades 1 or 2
Come experience reading in a fun way using new reading comprehension skills. This class is for struggling readers and also those who already love to read. These lessons are based on the new Common Core Standards for students who have finished grades 1 and 2. (Fee-Based)

KIDS 2210
Tutorial: Discrete Mathematics I-Logic and Sets
Grade 8+
This course covers how logic is written mathematically. Also, truth tables and Boolean Algebra are introduced. Sets and set notations are covered. This is a sample of Engineering/Computer Science courses at the collegiate level. Students should complete Algebra before enrolling in this class. (Fee-Based)
KIDS 2227
ZUMBA® Kids
ZUMBA® for Kids is a fitness program designed especially for kids ages 7 - 11 years old. It combines high energy with the ZUMBA® program rhythms of salsa, cumbia, reggaeton, merengue and others. It provides a safe and effective workout. This class is designed specifically for kids, so the moves and music are kid friendly. *(Fee-Based)*

KIDS 2230
Common Core Reading Comprehension Skills
Grades 1 & 2
Students will read a story and learn how to create thinking maps as well as taking notes in order to comprehend the story effectively. They will learn how to use the text to answer text related questions based on the new Common Core curriculum. *(Fee-Based)*

KIDS 2255
Sand Volleyball for Teens
Ages 13 to 17
This course is designed to teach the basics of sand volleyball play. Sand volleyball has different aspects of play from traditional indoor volleyball. *(Fee-Based)*

KIDS 2275
Sign Language with Kids
Ages 7 - 11
This class will introduce the student to the basics of sign language. Content will include alphabet and counting numbers, greetings, family and friends, foods, weather, feelings, colors and shapes and animals. *(Fee-Based)*

KIDS 2290
Painting with Acrylics for Kids
Ages 5+
This course teaches students how to paint a variety of different projects with the use of acrylic paint. Students will have one project per class to include: landscape, seascape, animals, cartoon, floral and still life. Students will learn how to plan, sketch, and layout their project. They will also learn how to use different paint brush techniques and the color wheel for composition. *(Fee-Based)*

KIDS 2295
Drawing and Painting Cartoons with Watercolors
Ages 5+
Students will learn how to draw and paint a variety of different cartoon characters. This includes: dogs, cats, birds, sea creatures, people, animals and well-known cartoon characters. They will receive instruction on how to analyze cartoon characters using shapes. Other topics include: the color wheel, composition, horizon line, design, and placement. *(Fee-Based)*

KIDS 2320
Creating Creative Cupcakes - The 5 Essentials
Ages 12-17
Did you ever want to create a cupcake that is worthy of a Pinterest Pin?! Learn the 5 essentials to creative cupcakes. Topics include frosting, bakery style techniques, gourmet techniques, fondant, and those eye catching, out of the ordinary cupcakes! *(Fee-Based)*

KIDS 2330
Summer Dance Performing Arts Camp
This is a 2 week intensive dance camp for ages 14+ who are interested in learning choreography in a variety of dance styles and to gain the experience of rehearsing the dances to perform. Students will learn choreography in the styles of Ballet, Modern, Jazz, Contemporary, Lyrical, Afro Caribbean, and Ballroom that will be performed in an informal dance concert at the end of the session. *(Fee-Based)*

KIDS 2400
Common Core: Preparation for Computer Keyboarding
Grades 2 & 3
This course prepares students for the requirements of the Common Core standards. Beginning in 2015, students must be able to type multiple paragraph practical paragraphs as part of the Common Core implementation. *(Fee-Based)*

KIDS 2401
Common Core: Preparation for Computer Keyboarding
Grades 4 - 6
This course prepares students for the requirements of the Common Core standards. Beginning in 2015, students must be able to type multiple paragraph practical paragraphs as part of the Common Core implementation. *(Fee-Based)*

KIDS 2403
Common Core: Online Reading and Writing Prep
Grades 3-4
This course prepares students for the Common Core English Language Assessment. Reading comprehension and writing can be challenging, especially with the tasks being transitioned to an online format. Students learn to read and write more effectively using computer skills needed to be ready for the 2015 implementation of Common Core Testing in California. *(Fee-Based)*

KIDS 2404
Common Core: Online Reading and Writing Prep
Grades 5-6
This course prepares students for the Common Core English Language Assessment. Reading comprehension and writing can be challenging, especially with the tasks being transitioned to an online format. Students learn to read and write more effectively using computer skills needed to be ready for the 2015 implementation of Common Core Testing in California. *(Fee-Based)*

KIDS 2450
Violin II & III
This course continues to build violin skills for Violin I students. Students will continue to build finger strength, fingering agility, placement and coordination of note delivery and playing songs that are appropriate for these levels of skill. *(Fee-Based)*

KIDS 2487
Magnetic Levitation Transportation - Camp
Build a "futuristic maglev" car to race and take home. Learn about the relationship between magnetism and electricity. Build maglev cars and electromagnets. Learn how motors work, take home the world's simplest motor and experiment with magnificent magnetic activities! Have fun learning while creating! *(Fee-Based)*
KIDS 2500  
**Electronics Workshop I**  
*Ages 7 - 12*  
This course is an electronics workshop designed to give students ages 7 - 12 hands-on experience building electronic devices such as radios, digital circuits, radio controllers, and sound generators. Each project is supported by a simple electronics theory lecture to advance the understanding of the projects. *(Fee-Based)*

KIDS 2501  
**Electronics Workshop II**  
*Ages 13 - 17*  
This course is an Electronics Workshop designed to give students ages 13 - 17 hands-on experience building electronic devices like radios, digital circuits, radio controllers, and sound generators. Each project is supported by a simple electronics theory lecture to advance the understanding of the projects. *(Fee-Based)*

KIDS 2600  
**Career Academy: Computer Networking**  
*Grades 7 - 12*  
Students will gain introductory knowledge of computer networking as a career. The class will include the basic concepts of computer networking, troubleshooting connectivity, building a computer networking cable, and using networking software. *(Fee-Based)*

KIDS 2605  
**Career Academy: Dental Assisting**  
*Grades 7-12*  
Students will gain introductory knowledge of dental assisting as a career. The class will include basic oral anatomy, infection control (handwashing, personal protective equipment), impression on manikins and basic instruments for dental procedure. *(Fee-Based)*

KIDS 2610  
**Career Academy: Computer Forensics**  
*Grades 7-12*  
This course gives an overview of computer forensics, its real-world technique, information gathering potential, and analysis of evidence. The course also provides students with opportunities to learn about a wide variety of contemporary computer forensics techniques. *(Fee-Based)*

KIDS 2612  
**Career Academy: Cyber Security/Cyber Patriot - Cisco**  
*Grades 7 - 12*  
Learn and work in teams competing to secure a windows machine from hackers and get a hands-on, sneak preview into CyberPatriot, a national cyber security competition created by the US Air Force. Students will become familiar with best practices for ensuring a computer is secure for use. Students will also learn computer network fundamentals including building cables and troubleshooting connectivity. Beginning to advanced students welcome. Students can sign up for all 3 weeks or single workshop. Please bring paper and pencil. *(Fee-Based)*

KIDS 2615  
**Career Academy: Video Production I**  
*Grades 9 - 12*  
This course introduces students to digital video production techniques including single camera operation, recording, and video editing. Course topics include the operation of camcorders, lighting, and sound & editing. Students will develop stories, film them, and edit them for screening. Cameras and computers will be provided for shooting and editing. *(Fee-Based)*

KIDS 2616  
**Career Academy: Video Production II**  
*Grades 9-12*  
This course builds on topics covered in Video Production I course. Students learn more in depth about digital video production techniques including single camera operation, recording, and video editing. Course topics include the operation of camcorders, lighting, and sound & editing. Students will develop stories, film them, and edit them for screening. Cameras and computers will be provided for shooting and editing. *(Fee-Based)*

KIDS 2617  
**Career Academy: Video Game Programming**  
*Age 13-17*  
This course will allow students to learn the components of simple video game programming. Students will learn the coding system required for the programming and create several games that will run on Windows operating systems. *(Fee-Based)*

KIDS 2618  
**Career Academy: 2D Digital Animation**  
*Grades 7-12*  
This course introduces students to basic animation techniques including storyboarding, character design and hand drawn 2D animation utilizing traditional and digital tools. Students will develop a scenario, design a character and produce a simple animated cycle while learning how to use Photoshop, the Wacom tablet and Adobe Animate CC. Software and tools will be provided to the students. *(Fee-Based)*

KIDS 2620  
**Career Academy: Cyber Security/Cyber Patriot - Windows**  
Learn the basics of Information Security. Students will learn how to secure Windows operating systems and work together to secure various Windows virtual machines. Students will be familiar with best practices for ensuring a computer is secure for use. Beginning to advanced students welcome. *(Fee-Based)*

KIDS 2621  
**Career Academy: Cyber Security/Cyber Patriot - Linux Linux**  
This is an entry level class on the Linux operating system with a concentration on security. Students will gain the skills needed to protect a Linux based system from various types of threats. Special consideration is given to the practice format and competition strategies useful in the CyberPatriot competition. *(Fee-Based)*
Math: Common Core - 3rd Grade
In this course students will focus on four critical areas: (1) developing understanding of multiplication and division strategies for multiplication and division within 100; (2) developing understanding of fractions, especially unit fractions (fractions with numerator 1); (3) developing understanding of the structure of rectangular arrays and of area; and (4) describing and analyzing two-dimensional shapes. (Fee-Based)

Math: Common Core - 4th Grade
In grade 4, instructional time will be focused on three critical areas: (1) developing understanding and fluency with multi-digit multiplication, and developing understanding of dividing to find quotients involving multi-digit dividends; (2) developing an understanding of fraction equivalence, addition and subtraction of fractions with like denominators, and multiplication of fractions by whole numbers; (3) understanding that geometric figures can be analyzed and classified based on their properties, such as having parallel sides, perpendicular sides, particular angle measures, and symmetry. (Fee-Based)

Math: Common Core - 5th Grade
In grade 5, instructional time should focus on three critical areas: (1) developing fluency with addition and subtraction of fractions, and developing understanding of the multiplication of fractions and of division of fractions in limited cases (unit fractions divided by whole numbers and whole numbers divided by unit fractions); (2) extending division to two-digit divisors, integrating decimal fractions into the place value system and developing understanding of operations with decimals to hundredths, and developing fluency with whole number and decimal operations; and (3) developing understanding of volume. (Fee-Based)

Math: Common Core - 6th Grade
In grade 6, instructional time should focus on four critical areas: (1) connecting ratio and rate to whole number multiplication and division, and using concepts of ratio and rate to solve problems; (2) completing understanding of division of fractions and extending the notion of number to the system of rational numbers, which includes negative numbers; (3) writing, interpreting, and using expressions and equations; and (4) developing understanding of statistical thinking. (Fee-Based)

App Attack! Make Your First Game App
Take the first steps into the world of mobile app design and customize your own game app! Using a specialized app & game development tool, students will explore the world of web-based (HTML5) mobile apps. You will also see firsthand how the world of App publishing functions. Apps will be accessible on a private site and can be played on any mobile device or computer. No prior experience is necessary or personal technology devices needed. Students will work in pairs or teams for most of the program. Returning students can create more advanced projects that build on previous years. (Fee-Based)
KIDS 2805
Make Your First 3D Video Game!
This class allows you to develop a game concept that goes well beyond the limitations of the traditional 2D game design classes and create an immersive 3D world. Students will learn the physics behind 3D games, explore beginner event scripting, level design, controlling flow of gameplay, and storytelling. Student created games will be available to share with friends and family. Students will work in pairs or teams for most of the program. Returning students can create more advanced projects that build on previous years. *(Fee-Based)*

KIDS 2807
Make Your First Video Game!
Make your first video game in this one-of-a-kind class that shows you the keys to designing your first 2D platformer game. Conceptualization, play experience, level design, graphics, sounds, and simple coding are just some of the concepts that we’ll explore. No prior experience necessary. Student created games will be available on a password protected Black Rocket website. Games are only compatible on PC computers. Returning students can create more advanced projects that build on previous years. *(Fee-Based)*

KIDS 2810
Minecraft Designers
If you love the game Minecraft, and want to design your own world, this class is for you! Create a custom map, basic 3D models using new software to design your own objects. Build with Redstone and Command blocks, create custom textures for you to import. To access projects at home, students need PC/MAC version of Minecraft. Tablet, phone, game console versions of Minecraft are not compatible. Email address is required to use 3D modeling software. Returning students can create more advanced projects that build on previous years. *(Fee-Based)*

KIDS 2812
Minecraft Modders
Use your favorite game to learn the basics of modding and foundations of programming. Learn scripting and logic statements as you create your first mods! Introductory coding will also be taught through a simulated environment inspired by Minecraft. Student projects will be available on a password protected Black Rocket website to share. To access their project at home students must own a PC/MAC version of Minecraft. Tablet, phone, game console versions of Minecraft are not compatible. Returning students can create more advanced projects that build on previous years. *(Fee-Based)*

KIDS 3000
Theatre Camp
Ages 7-17
Students will explore scripts, analyze characters and create a performance. A production will be performed by students at end of session. Students explore and create characters using masks, costumes, make-up and props using different perspectives in literature. We will have fun letting the imagination soar. Students will enjoy oral reading using expressive voices and gestures. *(Fee-Based)*

KIDS 3003
Theatre Camp
Ages 12-17
Students will explore scripts, analyze characters and create a performance. A production will be performed by students at end of session. Students explore and create characters using masks, costumes, make-up and props using different perspectives in literature. We will have fun letting the imagination soar. Students will enjoy oral reading using expressive voices and gestures. *(Fee-Based)*

KIDS 3055
Robotics 101
Grades 1-3
In this class students will learn about the engineering design process in a “hands-on” setting as they create a basic robot and then improve on the basic design. The robots the students build will be able to accomplish specific basic tasks. Those robots will then be modified to execute more complex tasks. *(Fee-Based)*

KIDS 3056
Robotics 101
Grades 4-6
In this class students will learn about the engineering design process in a “hands-on” setting. They will create a basic robot with basic movements, modify the design, and then program more complex commands for movement and tasks. *(Fee-Based)*

KIDS 3060
Civil Engineering
Grades 1-3
Students will be introduced to the concepts of structural engineering, tension, and force as it relates to building and construction of bridges and towers. The engineering design process will be utilized and modified as students create and build their own bridges and towers. *(Fee-Based)*

KIDS 3061
Civil Engineering
Grades 4-6
Students will be introduced to the concepts of structural engineering, tension, and force as it relates to building and construction of bridges and towers. The engineering design process will be utilized and modified multiple times over the course as students plan, create, and modify their own bridges and towers. *(Fee-Based)*

KIDS 3065
Aerospace Engineering
Grades 1-3
Students will be introduced to the concepts of aerodynamics, propulsion, structural design, and flight through a series of activities that explore different types of aircraft. Students will also learn the basic mechanics of flying machines through hands-on testing and revising of their initial designs using the elements of the engineering design process. *(Fee-Based)*
KIDS 3066
**Aerospace Engineering**  
Grades 4 - 6  
Students will be introduced to the concepts of aerodynamics, propulsion, structural design, and flight through a series of activities that explore different types of aircraft. Students will learn the basic and complex mechanics of flying machines through hands-on testing and revising of their initial designs for better performance. *(Fee-Based)*

KIDS 3070  
**LEGO Flix Camp**  
Ages 13 - 17  
This course allows students to brainstorm and bring LEGO characters to life in stop-motion animated flix. Students will create a set with LEGO characters for a movie. They will storyboard, write, shoot, and add voice-overs to the Flix they create. Flix are downloadable a month after the camp ends. *(Fee-Based)*

KIDS 3075  
**Live-Action Flix Camp**  
Ages 13 - 17  
This course allows students to brainstorm, plan, create, film, and shoot a real-life action movie. The class focuses on each step in creating a complete movie - from "Action!!" to "That's a wrap!!". Students will scout out characters, assemble costumes and props, and act and direct in a collaborative movie. Flix downloadable a month after the camp ends. *(Fee-Based)*

KIDS 3100  
**STEAM Camp: Crazy Concoctions Chemical Engineering**  
Making a mess is generally frowned upon, but if you are learning important scientific principles and creating cool science experiments, then the mess will have to be excused. Join us on a wacky adventure through all kinds of cool and crazy chemical reactions. Use chemicals to make slippery slime and watch colors separate before your eyes! Find out how to make volcanoes erupt, what ooblek is, how to make gak and more. Add messy games and activities and you've got a slimy, grimy, goopy and magical experience! *(Fee-Based)*

KIDS 3101  
**STEAM Camp: Enchanted Engineer**  
Come explore the world of fairy tales and adventure while solving real world problems...we will use science, technology, engineering, art, and math to solve a problem for our hero in the story! Our engineers participate in experiments and record observations in their very own engineering journal. This camp focuses on the engineering design process, the scientific method, and solve engineering challenges! *(Fee-Based)*

KIDS 3102  
**STEAM Camp: Inventor Workshop - Design Engineering**  
Explore science and engineering in the world around us! Our engineers participate in experiments and record observations in their very own engineering journal. This camp focuses on the engineering design process through inventing fun games and toys. We will explore forces and motion, the scientific method, and solve engineering challenges! *(Fee-Based)*

KIDS 3103  
**STEAM Camp: Outdoor Adventure Environmental Engineering**  
Explore science and engineering to help save our planet! Environmental engineers use the principles of engineering, soil science, biology, and chemistry to develop solutions to environmental problems. They are involved in efforts to improve recycling, waste disposal, public health, and water/air pollution control. Document experiments in your own journal. *(Fee-Based)*

KIDS 3104  
**STEAM Camp: Space is the Place! Aerospace Engineering**  
To infinity and beyond as we search for the kid from Mars, try not to drop the Android, discover Martian rocks, create a space craft, go Alien Hunting, and practice Jedi training thru obstacles. Our engineers participate in experiments and record observations in their very own engineering journal. *(Fee-Based)*

KIDS 3105  
**STEAM Camp: The Engineers Kitchen - Molecular Gastronomy**  
In this class we play with our food! Molecular gastronomy, or the science behind the cooking, is understanding the chemistry and physics of how food is cooked and using that knowledge to manipulate food preparation to create new tastes and textures. Join us as we experiment with food and create amazing treats! *(Fee-Based)*

KIDS 3106  
**STEAM Camp: Under the Sea Marine Engineering**  
Wet fun for all as we explore the great mysteries of the ocean! We will enjoy ocean treats, ocean themed games, treasure hunts, sand art, and water gun wars. Campers must bring their own water guns. Our engineers participate in ocean experiments and record observations in their own engineering journal. *(Fee-Based)*

KIDS 3107  
**STEAM Camp: Zootopia Design Micro Engineering**  
Students will learn about zoology and the design process through animal exploration and working in engineering design teams to create cage free habitats/zoo (using area and perimeter for squares and rectangles) that will protect the chosen animal from predators and people. Our engineers will test hypothesis and conduct experiments. *(Fee-Based)*

KIDS 3108  
**STEAM Camp: Art by Modern Masters**  
Let's create modern art in the style of Andy Warhol, Jackson Pollock, Robert Rauscenberg, and more. We will use various art mediums such as acrylics, tempera, and watercolors. Some of the art techniques we will learn are printmaking, action painting, and collage. Please wear old clothes or bring an apron. *(Fee-Based)*
### Labs (LABS)

**LABS 100**  
**Supervised Tutoring**  
Students will use tutorial assistance to enhance problem solving skills, and increase comprehension of specific subject areas. Tutors and instructors are there to help you prepare for tests and to complete homework. Enrollment is by Instructor and Counselor referral only. *(Apportionment)*

### Language (LANG)

**LANG 100**  
**Arabic - Conversational**  
Beginning level class introduces students to the basic knowledge of Arabic. *(Fee-Based)*

**LANG 110**  
**French - Conversational**  
Beginning level class introduces students to the culture and customs of France and covers basic speaking skills. *(Fee-Based)*

**LANG 160**  
**Japanese - Conversational**  
Beginning level class introduces students to the culture and customs of Japan and to speak beginning level Japanese. *(Fee-Based)*

**LANG 170**  
**Russian - Conversational**  
Beginning level class introduces students to the culture and customs of the Russian speaking countries and addresses immediate needs of a traveler. The course will also give the language skills helpful to welcome adopted children to their new families. *(Fee-Based)*

**LANG 190**  
**Spanish - Conversation I**  
Beginning level class introduces students to the culture and customs of Latin America and covers beginning level speaking skills. *(Fee-Based)*

**LANG 200**  
**Spanish - Conversation II**  
Low intermediate level class expands students' basic knowledge of spoken Spanish. *(Fee-Based)*

**LANG 240**  
**Conversational Chinese**  
Beginning level class introduces students to the culture and customs of Chinese and covers beginning level speaking skills. *(Fee-Based)*

### Medical Occupations (MEDO)

**MEDO 105**  
**Medical Terminology**  
Required course for Pharmacy Technician Certificate program but also welcomes all students preparing for a variety of professional/paraprofessional careers in the medical field. Learn medical terms or strengthen prior knowledge. Offers basics of terminology, anatomy and diagnostics. *(Apportionment)*

**MEDO 115**  
**Medical Assisting: Front Office**  
Prerequisite: MEDO 260 Introduction of Medical Assisting and COMP 685 Beginning Keyboarding This course introduces students to medical office procedures in preparation for entry-level positions in the front office or reception area of a medical facility. These include medical data entry. Students review reception techniques, patient records and insurance forms. Keyboarding experience advised. *(Apportionment)*

**MEDO 118**  
**California Child Care: CPR and First Aid**  
This 8-hour course teaches individuals to respond to breathing and cardiac emergencies, pediatric first aid and injury prevention. Upon successful completion, students will receive an Adult, Infant, Child CPR certificate valid for 1 year and a CA Child Care First Aid certificate valid for 2 years. This class meets CA EMSA requirements of daycare providers. $75 fee includes class textbooks and 2 laminated skills cards. *(Fee-Based)*

**MEDO 125**  
**Pharmacy Tech Educational Planning**  
Orientation and assessment to and for the SCE Pharmacy Technician certificate program, overview of occupational options. Assess math skill level for referral to basic skills support to assist with successful completion of pharmacy tech courses, overview in general of SCE student services. *(Orientation)*

**MEDO 166**  
**Physical Therapy Aide**  
Equips the motivated student to function safely and efficiently as a Physical Therapy Aide or Restorative Aide in a hospital, convalescent hospital or home setting. Certificate of Completion to those meeting requirements. *(Apportionment)*

**MEDO 202**  
**Activity Leader Healthcare**  
Provides basic training in planning and directing activity programs (fieldwork arranged). *(Apportionment)*
MEDO 220
Out-Patient Lab for the Pharmacy Technician
Prerequisite: MEDO 230 Pharmacy Operations Lab; MEOC 104 Medical Terminology (or MEOC 110 Medical Terminology II); MEOC 121 Pharmacology I; MEOC 122 Pharmacology II; MEOC 140 Pharmaceutical Mathematics; Keyboarding Proficiency score of 30 or above OR passing grade in COMP 685 Beginning Keyboarding. The practical lab class is designed to prepare the student for an externship at neighboring pharmacies. Upon completion of the lab classes, the student should be able to step into an in-patient pharmacy and begin working with minimal additional training. (Apportionment)

MEDO 221
In-Patient Lab for the Pharmacy Technician
Prerequisite: MEDO 230 Pharmacy Operations Lab; MEOC 121 Pharmacology I; MEOC 122 Pharmacology II; MEOC 140 Pharmaceutical Mathematics; Keyboarding Proficiency score of 30 or above OR passing grade in COMP 685 Beginning Keyboarding. The practical lab class is designed to prepare the student for an externship at neighboring pharmacies. Upon completion of the lab classes, the student should be able to step into an in-patient pharmacy and begin working with minimal additional training. (Apportionment)

MEDO 230
Pharmacy Operations Lab
Prerequisite: MEOC 130 Introduction to Pharmacy Technician and Keyboarding score of 30 or above or passing grade in COMP 685 - Beginning Keyboarding. This course introduces students to the operations of a pharmacy. It provides them with a working knowledge of the structural, functional, business and inter-relational aspect of pharmacy as part of the health care system. Through hands-on instruction, students develop the entry-level skills needed to assist in a pharmacy operation. (Apportionment)

MEDO 235
Medical Assisting: Back Office Procedures I
Prerequisite: MEOC 104 Medical Terminology and MEDO 260 Introduction to Medical Assisting. This course introduces students to the back office, clinical duties of the medical assistant. It is designed to develop the necessary skills for performing exam room procedures, including medical asepsis and infection control; patient intake; vital signs; and assisting with physical examination. Specialty exams and electrocardiograph procedure are also covered. (Apportionment)

MEDO 240
Medical Assisting: Back Office Procedures II
Prerequisite: MEDO 235 Medical Assisting Back Office I. This course develops the necessary skills for the back office. Students review assisting physicians with minor surgical procedures, pharmacology, laboratory procedures, nutrition, patient education, diagnostic imaging, and emergency procedures. (Apportionment)

MEDO 250
Spanish for Healthcare Professionals
This program is designed for a wide variety of health care professionals including medical assistants, nurses, and doctors. This course will help participants connect and communicate with Spanish speaking patients to treat illness and injury and process medical transactions efficiently. (Fee-Based)

MEDO 255
Introduction to Phlebotomy Procedures
Advisory: MEOC 104 Medical Terminology This course provides an introduction to the basic skills of phlebotomy through in-class instruction and hands-on practice. Students will learn venipuncture and capillary collection punctures, OSHA Bloodborne Pathogen regulations, equipment selection, and blood processing. This class does not meet requirements for state certification for phlebotomists. (Grant-Funded)

MEDO 260
Introduction to Medical Assisting
This course is an introduction to the medical assisting profession and career opportunities. Topics covered include personal characteristics, professional responsibilities, ethical behavior, health care settings, medical law, and therapeutic communication skills. (Apportionment)

MEDO 265
BLS for Healthcare Professionals
The American Heart Association designed this course to prepare healthcare professionals to recognize life-threatening emergencies and to provide CPR and First Aid effectively. Upon successful completion students receive a 2 year CPR certification and a 2 year First Aid certification. (Grant-Funded)

MEDO 270
Medical Assisting Ed Planning
Orientation and assessment to and for the SCE medical assisting certificate program, overview of occupational options. Review skill level for referral to basic skills support to assist with successful completion of medical assisting courses, overview in general of SCE student services. (Orientation)

MEDO 275
Medical Assistant Work Experience Part 1
Prerequisites: MEDO 115 Medical Assisting: Front Office Procedures; and MEDO 235 Medical Assisting: Back Office Procedures I; and MEDO 240 Medical Assisting: Back Office Procedures II; and Achievement of 30 wpm Keyboard Competency; and COMP 100 Introduction to Computers; or MS 104 Introduction to Windows. This course provides students with work experience related to administrative and/or clinical medical assisting. Students will meet with the instructor for two hours per week in addition to completing 140 hours of externship in an approved facility. Class topics include portfolio development and externship performance. (Grant-Funded)
MEDO 280  
**Medical Assistant Work Experience Part 2**  
*Prerequisite: MEDO 275 Medical Assisting Work Experience I.* This course provides students who successfully completed Medical Assisting Work Experience I with an additional 140 hours of externship to complete training in both administrative and clinical competencies. Students will meet with the instructor for two hours per week. Class topics include portfolio development, workplace professionalism, and externship performance. *(Grant-Funded)*

MEDO 285  
**Introduction to Electronic Health Records (EHR)**  
*Prerequisite: COMP 685 Beginning Keyboarding or Keyboarding Proficiency score of 30 or above; MEDO 315 Intro to Computer Health Care.* This course introduces students to the fundamental concepts of working with Electronic Health Records (EHRs). Students will learn and exercise the practical use of EHR in administrative roles within the allied health field. Topics covered include: the history of EHR, EHR standards, patient charts, and EHR regulations. *(Grant-Funded)*

MEDO 290  
**Math For Medical Assistants**  
This course is designed to provide the medical assistant with the mathematical skills necessary to calculate, prepare, and administer drugs safely and confidently in an ambulatory medical setting. *(Fee-Based)*

MEDO 295  
**National Certified Medical Assistant Exam Prep**  
This course is designed to assist in preparing for the NCCT National Certified Medical Assistant Exam (NCMA). A comprehensive review of topics related to administrative and clinical medical assisting procedures will be provided. The course also includes valuable practice tests and test-taking strategies. *(Grant-Funded)*

MEDO 300  
**Medical Coding Basics I**  
*Prerequisites: MEOC 104 Medical Terminology.* Students will learn techniques of accurate coding of physician services, gain experience in correct application of CPT, level II coding, and ICD-9-CM / ICD-10-CM diagnosis codes used for billing professional medical services through lecture and lab. *(Grant-Funded)*

MEDO 302  
**Medical Coding Basics II**  
*Prerequisite: MEDO 300 Medical Coding Basics.* This course covers the practical application of CPT coding and coding appropriately for correct reimbursement in physician office settings. Topics covered include assigning the correct diagnosis, procedure, and supply code for a variety of clinical cases and services. *(Grant-Funded)*

MEDO 305  
**Heartsaver Pediatric First Aid**  
This 8-hour course teaches individuals to respond to breathing and cardiac emergencies, pediatric first aid and injury prevention. Upon successful completion, students will receive an Adult, Infant, Child CPR and Pediatric First Aid certificate valid for two years. This class meets California requirements for daycare providers. *(Fee-Based)*

MEDO 307  
**Personal Care Aide**  
This class will prepare the student to provide or support activities of daily living, personal care, and homemaker services to elderly and disabled individuals needing assistance to remain safely and independently in their own home or in an assisted living facility. Upon successful completion students receive a certificate of completion. *(Grant-Funded)*

MEDO 310  
**Medical Assistant Skills Open Lab**  
*Co-requisite: MEDO 235 Back Office Procedures I.* This open-entry, open-exit course is designed for medical assistant students to practice clinical skills and procedures. *(Grant-Funded)*

MEDO 315  
**Introduction to Computers for Health Care Workers**  
This course is an introduction to computers for individuals entering the health care field. Introduction to Computers for Health Care Workers provides a general introduction to computer literacy and information technology for health care students. The course provides a comprehensive survey of the interconnections of information technology and health care. *(Grant-Funded)*

MEDO 316  
**In-Patient Externship for the Pharmacy Technician**  
*Prerequisite: MEDO/220 Out-Patient Lab: Pharmacy Technician; and MEOC/135 Human Relations for Health Care Workers; and MEDO/221 In-Patient Lab Pharmacy Technician.* This course is designed to provide pharmacy technician students with field experience in an in-patient pharmacy setting. It requires weekly class meetings plus 200 hours of externship in an approved and contracted pharmacy. Class topics include portfolio development, job search, professionalism, current issues in pharmacy, and work performance. *(Apportionment)*

MEDO 317  
**Out-Patient Externship for the Pharmacy Technician**  
*Prerequisite: MEDO/220 Out-Patient Lab: Pharmacy Technician; MEOC/135 Human Relations for Health Care Workers; and MEDO/221 In-Patient Lab Pharmacy Technician.* This course is designed to provide pharmacy technician students with field experience in an outpatient/retail pharmacy setting. It requires weekly class meetings plus 120 hours of externship in an approved pharmacy. Class topics include portfolio development, job search, professionalism, current issues in pharmacy, and work performance. *(Apportionment)*

**Medical Occupations Clerical (MEOC)**

MEOC 104  
**Medical Terminology**  
Required course for Pharmacy Technician Certificate program but also welcomes all students preparing for a variety of professional/paraprofessional careers in the medical field. Learn medical terms or strengthen prior knowledge. Offers basics of terminology, anatomy and diagnostics. *(Apportionment)*
MEOC 112
Medical Insurance Billing - A Practical Approach to Medical Billing
Prerequisite: COMP 100 Introduction to Computers or MS 104 Introduction to Windows Operating System and keyboard competency of 30 wpm. An overview of outpatient medical insurance billing in preparing students for entry-level positions. Students review theory and practice data entry for Blue Cross/BlueShield, Medicare, Medicaid/Medical Cal, TRICARE/CHAMPUS and workers’ compensation billing. CPT and ICD-9 coding covered. Medical billing software utilized in computer lab. Keyboarding experience advised. (Apportionment)

MEOC 121
Pharmacology I
Prerequisite: MEOC 104 Medical Terminology. Bring original certificate to first class. Equips students with the necessary beginning theoretical knowledge. Includes categorizing, differentiating between drug classifications and inventorying. Provides a basic knowledge and understanding of drug effects on the body. (Apportionment)

MEOC 122
Pharmacology II
Prerequisite: MEOC 104 Medical Terminology. Bring original certificate to first class. Provides a continuation of theoretical knowledge acquired in Pharmacology I. Includes categorizing, inventorying and differentiating between drug classifications. Equips students with an advanced knowledge and understanding of drug effects on the body. (Apportionment)

MEOC 130
Introduction to Pharmacy Technician
Course orients students to pharmacy practice and the work of pharmacy technicians. It covers pharmacy technician registration process and educational requirements, the role of the technician, duties and tasks technicians perform as regulated by pharmacy law, and the necessary abilities and skills for a successful career as a pharmacy technician. (Apportionment)

MEOC 135
Human Relations For Healthcare Workers
Covers basic communications skills with emphasis on health care. Includes non-verbal communication, group communication, conflict resolution, ethics in health communication, elements of intercultural communication, resume writing, job application and interviewing techniques. (Apportionment)

MEOC 140
Pharmaceutical Mathematics
A review of basic mathematics focusing on its application to common pharmaceutical calculations, abbreviations and units; how to interpret pharmaceutical documents using acquired pharmaceutical math knowledge. (Apportionment)

MEOC 144
Out - Patient Externship
This course is designed to give pharmacy technician students field work experience in an out-patient pharmacy. Students must complete the didactic portion of the program and the corresponding lab course prior to their field work experience. The program requires 120 hours of out-patient externship. (Externship)

MEOC 146
In - Patient Externship
This course is designed to give pharmacy technician students field work experience in an in-patient pharmacy. Students must complete the didactic portion of the program and the corresponding lab course prior to their field work experience. The program requires 200 hours of in-patient externship. (Externship)

MEOC 205
Introduction to Electronic Health Records(EHR)
Prerequisite: MEOC 210 Introduction of Computers for Health Care Workers and COMP 685 Beginning Keyboarding or Keyboarding competency of 30 wpm. This course introduces students to the fundamental concepts of working with Electronic Health Records (EHRs). Students will learn and exercise the practical use of EHR in administrative roles within the allied health field. Topics covered include: the history of EHR, EHR standards, patient charts, and EHR regulations. (Apportionment)

MEOC 210
Introduction of Computers for Health Care Workers Image
Prerequisite: COMP 685 Beginning Keyboarding or Typing 30 words per minute. This course is an introduction to computers for individuals entering the health care field. This course provides a general introduction to computer literacy and information technology for health care students. The course provides a comprehensive survey of the interconnections of information technology and health care. (Apportionment)

MEOC 225
Medical Coding, Introduction
This course covers the practical application of CPT-4 coding as well as both ICD-9-CM and ICD-10-CM coding for correct reimbursement in the physician's office setting. Course instruction will also cover applying the student's knowledge of anatomical and physiology concepts will be covered in this course: (a) integumentary system, (b) musculoskeletal system (c) respiratory system (d) cardiovascular system (e) hemic and lymphatic systems. (Apportionment)

MEOC 227
Medical Coding, Intermediate
Prerequisite: MEOC 225 Medical Coding - Introduction. This course covers the practical application of CPT-4 coding as well as both ICD-9-CM and ICD-10-CM coding for correct reimbursement in the physician's office setting. Course instruction will also cover applying the student's knowledge of anatomical body systems and disease processes. The following anatomical and physiology concepts will be covered in this course: (a) urinary and male genital systems, (b) female genital and system, (c) general surgical, (d) medicine (e) radiology, and (f) pathology. (Apportionment)
**Microsoft (MS)**

**MS 104**
**Introduction to Windows Operating Systems**
*Advisory: Knowledge of Windows.* Learn the newest Windows operating system; includes desktop and file management, security, adding hardware and software, personalizing Windows XP, making connections and communicating with other people. (Apportionment)

**MS 105**
**Introduction to Excel**
Provides a basic working knowledge of this popular spreadsheet program. Covers topics such as formulas, functions, and charting. (Apportionment)

**MS 106**
**Introduction to Access**
*Advisory: Introduction to Computers, Introduction to Windows or equivalent.* Design databases using this popular software package. Includes creating tables, forms, reports and labels. (Apportionment)

**MS 107**
**Intermediate Access**
Learn how to build and modify advanced tables, forms and reports. Develop proficiency in use of encrypting database files, defining relationships and defining queries. Text/disk required. Recommended proficiency in: Introduction to Computers, Introduction to Windows, Introduction to Access or equivalent. (Apportionment)

**MS 108**
**Intermediate Word**
*Advisory: Introduction to Computers, Introduction to Windows, Introduction to Word or equivalent.* This continuing course covers features such as mail merging, styles and templates, large documents and WordArt. Textbook purchase may be required at first class. (Apportionment)

**MS 119**
**Introduction to PowerPoint**
*Advisory: Knowledge of Windows.* Learn how to create on-screen presentations using text, graphics, sound effects and movies. (Apportionment)

**MS 134**
**Intermediate Publisher**
*Advisory: Recommended proficiency in COMP 100 Introduction to Computers and MS 104 Introduction to Windows.* Provides a basic working knowledge of this popular desktop publishing program. Covers topics such as flyers, newsletters, and business cards. (Apportionment)

**MS 143**
**Introduction to Publisher**
*Advisory: Recommended proficiency in COMP 100 Introduction to Computers and MS 104 Introduction to Windows.* Provides a basic working knowledge of this popular desktop publishing program. Covers topics such as formatting with fonts, paragraph alignment, indents, margins, inserting clip art bullets and numbering, columns and tables. (Apportionment)

**MS 144**
**Introduction to Word**
*Advisory: Introduction to Computers, Introduction to Windows or equivalent.* Provides a basic working knowledge of Word. Covers topics such as formatting with fonts, paragraph alignment, indents, margins, inserting clip art bullets and numbering, columns and tables. (Apportionment)

**Music (MUSC)**

**MUSC 108**
**Guitar for Adults**
Learn to play the guitar! Students will learn chords, strum pattern styles, new songs, simple ear training and rhythm training. Students will also learn a I, IV, V blues progression and how to read the tablature for guitar. Bring a nylon-string or acoustic steel-string guitar and a medium pick. (Fee-Based)

**MUSC 109**
**Adult Guitar, Intermediate/Advanced**
Students will learn music theory and concepts including notes on the guitar, major and minor keys, how to use a capo, how to play 2 bar chord forms and more: Play two songs by the end of class. (Fee-Based)
MUSC 200
Music Arts for Older Adults
This course provides stimulating interaction for older adults through musical reminiscence, discussions, and listening to music from different time periods and genres. Older Adult students will participate in sing-alongs and rhythmic activities. Older adult students will learn to appreciate and understand different varieties of music. (Apportionment)

MUSC 302
Cypress Masterworks
This is a large ensemble (70-100) singers who perform major masterworks for choir and orchestra in addition to a variety concert repertoire. The Chorale presents four major concerts in the campus theater, participates in regional music festivals, and tours Internationally. (Fee-Based)

MUSC 303
Senior Chorus
This course introduces older adult students to a broad spectrum of choral music including its cultural and historical aspects. Older adult students will gain knowledge of correct posture, breath control, enunciation, harmony, rhythm and basic music concepts appropriate for the older adult. (Apportionment)

MUSC 304
Tone Chime Choir for Older Adults
This course provides instruction to older adults on handbell performance skills using chime instruments made by Suzuki. The music will be beginning level handbell music, level 1 and 2, as defined by the American Guild of English Hand Bell Ringers. The class will share their music by performing to the community in different public venues. (Apportionment)

MUSC 305
Introduction to Opera
This course is an introduction to the standard operatic repertoire in terms of development of musical style, dramatic structure, and performance tradition. Open to all students. (Fee-Based)

MUSC 310
Star Carolers
This course is designed for both music majors and non-music majors who wish to sing in a holiday caroling ensemble. Plus three quarters of an hour laboratory TBA per week. (Fee-Based)

MUSC 315
Beginning Voice
Students will study basic vocal techniques including tone production, breath control, and diction. Songs will be drawn from popular and traditional songs. (Fee-Based)

MUSC 320
Beginning Piano
Beginning with the abc's at middle C, the student learns to read music using familiar songs and pieces in folk and classical styles. Basic chords also help with rock and jazz. The student learns rhythm as the heartbeat of music. (Fee-Based)

MUSC 321
Beginning Adult Piano/Keyboard
This course will introduce adults to reading notes, rhythm, music symbols, sight-reading and keyboard activities to develop technique and listening. Book required. Bring your own keyboard (40 key minimum) every week! (Fee-Based)

MUSC 335
Adult Keyboarding, Beginning II
Comprehensive music course in reading, playing and listening to music. Lessons include learning chords, sight-reading and understanding basic harmony. (Fee-Based)

MUSC 345
Guitar for Adults Level 1
Learn basic chords, strumming, picking and the classical rest stroke. Slowly but surely develop the confidence and coordination to play along to a handful of oldies and classic rock songs. Bring your nylon-string or acoustic steel-string guitar and medium guitar pick to class. (Fee-Based)

MUSC 350
Guitar for Adults - Level 2
If you have a little guitar experience already, this is the class for you! Designed for graduates of the level 1 class, and for anyone else who “knows a few chords.” We will learn new chords, songs with strumming and picking, scales for soloing, and blues/rock songs with riffs. (Fee-Based)

MUSC 355
Adult Guitar & Bass Workshop
Students will learn music theory and concepts including notes on the guitar: major and minor keys, how to count and construct rhythm patterns that go together with each other and drums. Students will be able to play simple songs together by the end of classes. (Fee-Based)

MUSC 360
Adult Guitar - Intermediate
If you have a little guitar experience already, this is the class for you! Designed for graduates of the beginning class, and for anyone else who 'knows a few chords.' We will learn new chords, songs with strumming and picking, scales for soloing, and blues/rock songs with riffs. (Fee-Based)

MUSC 365
Beginning Vocal for Adults
Learn to develop your singing with an introduction to vocal technique. You will learn the tools necessary for every singer to help with diction, breath control and correct posture as well as shaping tone quality. Group singing as well as individual solos will be used. (Fee-Based)

MUSC 370
Guitar Workshop for Adults
Learn guitar in a friendly group environment. If you are a beginner, or already know how to play some things, this is the class for you! Learn to play the chords, strumming and picking techniques of your favorite classic songs. Bring your guitar and a medium or heavy pick to class. (Fee-Based)
Masterworks Chorale
The Masterworks Chorale (80-110 singers) presents four major concerts each year with emphasis on masterworks for choir and orchestra. The Chorale participates in regional music festivals, performs at numerous locations throughout the Los Angeles basin, and tours internationally. Open to students and members of the community with prior singing experience. (Fee-Based)

Community Symphony
The Community Symphony is dedicated to the rehearsal and performance of standard and contemporary symphonic literature. There will be concert performances. (Fee-Based)

Office Technology (OTEC)

OTEC 100
Office Essentials
course that prepares students for an entry-level position in an office. Includes units on the office environment, becoming a professional, work ethics, and several elements of customer service. (Apportionment)

OTEC 105
Microsoft Outlook Fundamentals
This course introduces students to Microsoft Outlook. Students will learn how to organize and manage emails, schedule appointments, create and manage task and contact records, and customize Outlook. (Apportionment)

OTEC 210
Computer Concepts and Applications I
This is the first course in a series of three courses that serves as a foundation for working in the office environment and focuses on the entry level skills students need to succeed in the workforce. Part I introduces students to fundamental workforce skills in computers and information processing; hardware; system software; networks, security, and privacy; troubleshooting and maintenance; and application software. The course series will help prepare students for the Microsoft Office Specialist (MOS) and IC3 Digital Literacy certifications. (Apportionment)

OTEC 211
Computer Concepts and Applications II
Prerequisite: OTEC 210 Computer Concepts and Applications I and COMP 685 Beginning Keyboarding or Pass the Keyboarding Challenge Exam at a rate of 35 net words a minute with five or fewer errors per minute on a 5-minute timed writing. This is the second course in a series of three courses that serves as a foundation for working in the office environment and focuses on the entry level skills students need to succeed in the workforce. Part II introduces students to fundamental workforce skills in the internet, digital ethics and awareness, cloud computing, Windows, Microsoft Word, and Microsoft Excel. The course series will help prepare students for the Microsoft Office Specialist (MOS) and IC3 Digital Literacy certifications. (Apportionment)

OTEC 225
MS Office Integrated Projects
Prerequisite: OTEC 211 Computer Concepts and Applications II, and OTEC 212 Computer Concepts and Applications III. This course is designed to apply knowledge and skills gained from Computer Concepts and Applications II, and III to the business environment by giving students the opportunity to work in real world simulations. This is the capstone course for those students completing the Administrative Professional certificate program. (Apportionment)

Parenting (PARN)

PARN 101
Joyful Parenting - Creative Art/Music
Ages 1.5-2.5
Parent and child will enjoy self-esteem building activities together; songs and music; easel and finger painting; band and blocks; school readiness; crafts and Playdoh. Includes activity ideas to do at home. (Please bring a snack). (Apportionment)

PARN 102
Effective Parenting
Designed to lend support and provide some realistic parenting techniques that can be used in the parent's day-to-day life. (Apportionment)

PARN 104A
Kindergym - Toddler Fitness
Ages 1-4.5
Parents and children enjoy exercise, movement and music together. Emphasis on developing large motor skills, coordination and self-esteem. Class provides an opportunity for parents to observe and interact with child. All activities introduced can be done by parents with child at home. (Apportionment)

PARN 108
You, Your Child and Music
Learn how to use simple musical games and activities to aid your infant/toddler in motor, cognitive and social development. (Apportionment)

PARN 147
Babies Love Music
Ages 4-14 months
Music listening and music activities provide an excellent foundation for your baby's cognitive and social development. Mix together: One part thunder on a large gathering drum. Add small hand drums. Sprinkle liberally with rhythm band instruments, singing and puppets. Top it off with guitar, harmonica, and recorded music. MMM...mmm... good! Enrollment limited to 14. (Fee-Based)
PARN 148
**Kids Love Music**
Ages 1-2
Music activities provide an excellent foundation for your preschooler's cognitive and social development. Mix together: One part thunder on Indian tom toms. Add glockenspiels and xylophones for rain. Sprinkle liberally with rhythm band instruments, singing and puppets. Top it off with guitar, harp, and recorded music. MMM...mmm...good... Enrollment limited to 14. *(Fee-Based)*

PARN 149
**Kids Love Music**
Ages 2-4
Music listening and music activities provide an excellent foundation for your preschooler's cognitive and social development. Mix together: One part thunder on Indian tom toms. Add glockenspiels and xylophones for rain. Sprinkle liberally with rhythm band instruments, singing and puppets. Top it off with guitar, harp, and recorded music. MMM...mmm...good... Enrollment limited to 14 *(Fee-Based)*

PARN 150
**Kids Love Music**
Ages 1-4
Music listening and music activities provide an excellent foundation for your preschooler's cognitive and social development. Mix together: One part thunder on Indian tom toms. Add glockenspiels and xylophones for rain. Sprinkle liberally with rhythm band instruments, singing and puppets. Top it off with guitar, harp, and recorded music. MMM...mmm...good... Enrollment limited to 14 *(Fee-Based)*

PARN 151
**Kids Love Music**
Ages 5-7
Ever Play an African Slit Drum? A xylophone? Boomwhackers? Ever Sing "Chicken Lips and Lizard Hips" or Grandma's Feather Bed"? This and more musical fun awaits those who join Music Therapist Gary Greeno in this fun filled musical journey. Enrollment limited to 14 *(Fee-Based)*

PARN 170
**Parenting Adult/Children with Disabilities**
A class designed to provide support and resources to parents who have an adult child with a disability. Guest speakers will be invited to present information to help parents become knowledgeable of what their community offers in regards to independence. For additional information, please contact 714.484.7057. *(Apportionment)*

PARN 200
**Joyful Parenting: Art, Music & Movement**
Ages 2.5-5
Parents are introduced to the latest information about child development and parenting skills, through lecture, discussion, observation and hands-on learning with other students. Age appropriate activities are offered to the children so that parents can learn the importance of developmental stages that prepare children for preschool and/or kindergarten. For all classes, please bring a lunch. *(Apportionment)*

PARN 220
**Helping Your Struggling Child**
So many children today are struggling in school, acting out at home, having social problems, and/or experiencing mood changes. Parents are often frustrated, confused, and unsure of what to do. This course will assist parents in understanding children’s issues, and recognizing symptoms of common disorders such as ADHD, learning disabilities, anxiety, depression, and autism. In addition, the course will focus on how to determine whether a significant problem exists, and how to obtain an accurate diagnosis. *(Fee-Based)*

PARN 225
**Homework Tips Workshop (How to Really Help Your Child)**
Help improve your child’s changes of success in school by learning the key issues and strategies you need to know about helping your child with homework. Parents will complete a Checklist for Helping Your Child with Homework to help you develop a plan for guiding and monitoring your child’s homework as well as communicating with your child’s teacher. *(Fee-Based)*

PARN 230
**Parenting Tips & Tricks Interactive Workshop**
Do you want to encourage cooperation and respectful behavior in your children? This course covers specific techniques that will help your family to listen and cooperate with you: chores, homework, problem solving & using reward systems. Cooperative communication is the key to making your home a more peaceful place! *(Fee-Based)*

PARN 232
**The Parent Project**
The Parent Project is a 35 year-old evidence based program for parents of at-risk children to help them regain control of their families. It is one of a few parenting programs in the United States that is endorsed by juvenile court judges, the American Bar Association, probation officers, mental health practitioners, religious personnel and social service professionals. The project provides counsel to parents who want to bring their out-of-control children back into behavioral compliance. *(Fee-Based)*

PARN 235
**Raising Caring Kids**
This workshop will review and present practical tips and implementation strategies for parenting today’s children. The focus will be on developing caring behaviors through everyday scenarios. Topics will include caring about family, friends, difficult situations and showing appreciation. Parents will be guided on steps to teach their children how to become kids that care. *(Fee-Based)*

PARN 240
**Navigating Resources for Adults with Disabilities**
A class designed to provide support and resources to parents who have an adult child with a disability. Topics include: Overview of the service delivery system, eligibility for regional center and service agencies, adult transition, role of service coordinators, obtaining services, college, employment, independent and adult living options. *(Fee-Based)*
PARN 245
**Runaway Teens in Orange County**
The purpose of this seminar is to provide information and resources for parents of at-risk and/or delinquent children, and for parents of highly defiant and strong-willed children. *(Fee-Based)*

PARN 250
**Pre-schoolers and Parents: Fine Motor Skills**
This course exposes children to various hands-on activities in which fine motor skills will be developed and strengthened. Fine motor skills activities help prevent small muscles from fatiguing easily. This course will help prepare children for activities in pre-school and kindergarten. *(Fee-Based)*

PARN 260
**Developmental Movement** *(Ages 1 - 2)*
Parents and children are introduced to developmental movement and music for one and two year-olds. Emphasis is on identifying milestone-appropriate large motor skills, coordinated body movements and introductory behaviors associated with demonstrations of self-esteem for this age range. *(Apportionment)*

PARN 261
**Developmental Movement** *(Ages 2 - 3)*
Parents and children are introduced to developmental movement and music for two and three year-olds. Emphasis is on tracking developing milestone-appropriate large motor skills, coordinated body movements and milestone psychological behaviors associated with demonstrations of self-esteem for this age range. *(Apportionment)*

PARN 262
**Developmental Movement** *(Ages 3 - 4.5)*
Parents and children are introduced to developmental movement, and music for three to four and a half year-olds. Emphasis is on continued tracking of milestone-appropriate large motor skills, coordinated body movements and psychological behaviors associated with demonstrations of self-esteem for this age range. *(Apportionment)*

PARN 265
**Parenting with Love and Logic**
This course assists parents and caregivers in developing practical skills for reinforcing the expectations their children experience at home and in school. Utilizing The Love and Logic approach, this course will teach six subsets of skills that encourage home environments that stimulate responsibility, prevent misbehavior, and encourage setting healthy limits. *(Apportionment)*

PARN 267
**Love & Logic Early Childhood; Parenting Made Fun!®**
This course assists parents and caregivers in developing practical skills for reinforcing the expectations their children experience at home and in school. Utilizing The Love and Logic Early Childhood approach, this course will teach five subsets of skills that encourage home environments that stimulate responsibility, prevent misbehavior, and encourage setting healthy limits. *(Apportionment)*

**Photography (FOTO)**

FOTO 101
**Basic Photography: The Mechanics of Digital Photography**
Strengthen your photographic skills. Become familiar with current equipment for digital cameras. Instruction includes composition, digital formats, lenses, f-stops and shutter speeds, electronic flash, and night photography. Discussion will include how Photoshop software impacts photography. Dave Rosenberger has taught photography for over 30 years. He has worked for Canon USA in both technical and sales capacities. He teaches photography with the North Orange County College District. *(Fee-Based)*

FOTO 102
**Photography, Intermediate**
Sharpen your photographic skills. Become familiar with current day equipment and express your creative talents. Covers portrait photography, special effects, night-time digital photography. Field trip with instruction included. *(Fee-Based)*

FOTO 105
**Photography Fundamentals**
Improve your knowledge of how the camera thinks and put those tools to work. Learn the difference between F/stops and shutter speeds. Review file sizes and learn the different formats of the digital cameras. Settings, lenses, electronic flash, and computer software as tools also covered. Designed for students who just purchased or own a digital SLR camera. May bring camera to class. *(Fee-Based)*

FOTO 110
**Photography: Beyond the Basics**
Do you know the basics of photography, but want to take your skill a step forward? Learn about studio lighting and Green Screen photography. Build digital scrapbooks to display your work. Create your own business and greeting cards. Sharpen your skills with Photoshop and HDR programs. Photodex workshop and field trip included. *(Fee-Based)*

**Pharmacy Technician (PTEC)**

PTEC 100
**Pharmacy Technician, Introduction**
Course orient students to pharmacy practice and the work of pharmacy technicians. It covers pharmacy technician registration process and educational requirements, the role of the technician, duties and tasks technicians perform as regulated by pharmacy law, and the necessary abilities and skills for a successful career as a pharmacy technician. *(Apportionment)*
PTEC 105
Pharmacy Operations Lab
Prerequisite: PTEC 100 Pharmacy Technician, Introduction and COMP 685 Beginning Keyboarding or Keyboarding Challenge Exam with a pass rate of 30 net words a minute. This course is an introduction to the operations of a pharmacy and provides students with a working knowledge of its structural, functional, business and inter-relational aspects within the health care system. The course also covers the basics of compounding, medication distribution and inventory control. (Apportionment)

PTEC 110
Pharmaceutical Mathematics
Prerequisite: PTEC 100 Pharmacy Technician, Introduction. Includes a review of basic mathematics focusing on its application to common pharmaceutical calculations; terminology, abbreviations and units needed to perform pharmaceutical calculations; and how to interpret pharmaceutical documents using acquired pharmaceutical math knowledge. (Apportionment)

PTEC 115
Pharmacology I
Prerequisite: MEDO 105 Medical Terminology. Students will learn the principles of pharmacology. Students will review classifications of medicines, trade and generic names, side effects and drug interactions related to the neurological, visual, auditory, integumentary, and musculoskeletal body systems. Over-the-counter drugs including antihistamines, anti-inflammatory, analgesics, vitamins and natural substances will be covered. (Apportionment)

PTEC 120
Pharmacology II
Prerequisite: MEDO 105 Medical Terminology. Students will learn the principles of pharmacology. Students will review classifications of medicines, trade and generic names, side effects and drug interactions related to the cardiovascular, blood, respiratory, urinary, digestive, endocrine and reproductive body systems. Anti-infectives, vaccines, oncology agents, as well as fluid and electrolytes are covered. (Apportionment)

PTEC 200
Pharmacy Technician, Lab for the In-Patient
Prerequisite: PTEC 105 Pharmacy Operations Lab and PTEC 110 Pharmaceutical Mathematics and PTEC 115 Pharmacology I, and PTEC 120 Pharmacology II, and Pharmacy Technician, Lab for the In-Patient. Course covers the preparation of medications given by intravenous, epidural and subcutaneous routes of administration. The student will learn aseptic techniques, pharmacy IV calculations, drug compatibilities and stabilities, IV therapy management, and specialized equipment. The laboratory incorporates use of laminar and vertical flow hoods and computerized software for IV preparation. (Apportionment)

PTEC 205
Pharmacy Technician, Lab for the Out-Patient
Prerequisite: MEDO 105 Medical Terminology and PTEC 105 Pharmacy Operations Lab and PTEC 115 Pharmacology I and PTEC 120 Pharmacology II. This course is designed to provide pharmacy technician students with practical experience in a simulated out-patient pharmacy setting. It includes hands-on experience working with a computerized pharmacy management system in the retail setting, third party billing and telephone etiquette. (Apportionment)

SAFE 205
Mature Driver Improvement
Improvement classes for licensed drivers age 55 and older who wish to qualify for a reduced insurance premium; and brush up on traffic laws and safety techniques for a driver's license exam. A Certificate of Completion will be awarded as evidence of attendance to obtain up to three years of reduced insurance rates from participating insurance companies. (Apportionment)

SIGN 001
Sign Language - SEE Level 1
This course gives an overview of the Signing Exact English (SEE) model of sign language. Students will explore the philosophy and rationale of the sign system while developing both expressive and receptive delivery skills. It is designed to introduce students to a 700 word working vocabulary and to prepare them to continue on to Sign Language - SEE Level 2/3. (Fee-Based)

SIGN 002
Sign Language - SEE Level 2/3
Students will acquire approximately 1,000 additional signs and will improve expressive and receptive fluency with both signs and fingerspelling. Students will continue to address the rationale and philosophy of using the English sign model: Signing Exact English. (Fee-Based)

SIGN 010
Educational Interpreting Practicum
This course allows students to build educational interpreting skills for service to the elementary, middle, and high school settings. (Fee-Based)

SIGN 020
Sign Language for Parents
This is a beginning level Signed English sign language course for parents of elementary school-aged Deaf and Hard of Hearing children. (Fee-Based)
Organizational Structure

The North Orange County Community College District (NOCCCD) is governed by elected trustees who establish all policies that guide the general operation of the District. Student trustees, representing each of the colleges, also sit on the Board.

The NOCCCD Chancellor has the responsibility for carrying out the decisions and directions of the Board. The college presidents and provost of continuing education oversee the operations of their respective areas and work closely with the chancellor in the management of the District.

Board of Trustees
Ryan Bent
Stephen T. Blount
Jeffrey P. Brown
Ed Lopez, JD
Molly McClanahan
Barbara Dunsheath, Ed.D.
Jacqueline Rodarte

Student Trustees
Vacant, Cypress College
Andrew Washington, Fullerton College

Chancellor
Cheryl Marshall, Ed.D.

Provost, North Orange Continuing Education
Valentina Purtell

North Orange Continuing Education Administration

Valentina Purtell
Provost
M.A. Applied Linguistics, Riven State Humanitarian University

Karen Bautista
Dean, Instruction and Student Services
Cypress Center

Professor, English as a Second Language  
B.A. English, University of Burundi  
M.A. ESL (TESOL) State University of New York at Stony Brook  
D.L.T Language TESOL, State University of New York at Stony Brook  

Jennifer Oo  
Associate Professor, Career Technical Education Program  
LVN Vocational Nursing, Stanbridge University  
B.S. Biological Sciences, CSU Fullerton  

Eileen Phillips  
Professor, Basic Skills/Learning Center  
B.S. Horticulture, California Polytechnic State University, Pomona  
M.S. Education (Reading), CSU Fullerton  

Megan Reeves  
Assistant Professor, Disability Support Services  
B.A. Liberal Studies, CSU Fullerton  
M.S. Special Education, Ball State University  

Giana Jade Rivera-Tweedie  
Counselor, Student Success and Support Program  
B.A. Sociology, University of Puerto Rico  
M.S. School Counseling, University of La Verne  

Erin Sherard  
Assistant Professor, Adult Education Program/Supporting Adults for Student Success  
B.S. Child and Adolescent Studies, CSU Fullerton  
M.S. Academic Counseling, National University  
PPS Pupil Personnel Services Credential, National University  

Casey Sousa  
Counselor, Disability Support Services  
B.A. Communication Studies, Azusa Pacific University  
M.S. Counseling, CSU Fullerton  

Daniel Stackhouse  
Professor, High School Diploma Program  
B.A. History, CSU Fullerton  
M.A. History, CSU Fullerton  
Ph.D. History, Claremont Graduate University  

Alli Stanojkovic  
Assistant Professor, Disability Support Services  
B.A. Psychology, UC Santa Cruz  
M.S. Clinical Psychology, Pepperdine  

Kimberley Stiemke  
Assistant Professor, Basic Skills/Math Co-Lab  
B.S. Middle Grades Education, with a concentration in Mathematics and Language Arts, Clark Atlanta University  
M.S. Teaching, Clark Atlanta University  
Ed.D. Education Leadershio, UC San Diego  

Matthew Stivers  
Professor, High School Diploma Program  
B.A. Social Science, Biola University  
M.A. Education, Biola University  

Matt Van Gelder  
Assistant Professor, Disability Support Services  
B.A. Radio/TV/Film, with an emphasis in Film, CSU Northridge  
M.S. Assistive Technology in Human Service, CSU Northridge  

Shelby White  
Assistant Professor, Emeritus  
B.S. Kinesiology, California State University, Los Angeles  
M.S.G. Gerontology, University of La Vern
Notice to Students

North Orange Continuing Education has made every reasonable effort to determine that everything stated in this catalog is accurate. This publication is prepared in advance of the time period it covers; therefore, changes in courses and programs offered, together with other matters contained herein, are subject to change without notice by the administration of the North Orange Continuing Education. For the most up-to-date information, please see the class schedule at www.noce.edu/schedule

In addition, some courses or programs that are offered may have to be cancelled because of insufficient enrollment, elimination or reduction in programs, or for any other reason considered sufficient by the Provost. The information contained in this catalog is advisory only and does not constitute a contractual agreement by the school or guarantee that course content will be strictly followed or fulfilled.

Acknowledgments

The North Orange Continuing Education would like to thank Miranda Bates, Vinh Dang, Rebecca Guillen, Carolina Hernandez, Luis Madrid, Shelia Moore-Farmer, Jennifer Perez, Monica Revelo-Torres for their hard work and dedication the development of this catalog.
