FUNERAL SERVICE ASSISTANT CERTIFICATE PROGRAM

This program serves as an introduction to the theoretical and practical knowledge required for professional licensure. It will help individuals determine their level of interest in the funeral service industry and for more formal vocational training in Mortuary Science. This program will prepare students for an entry-level position as a funeral service assistant. The program consists of a sequence of courses that prepares students with the knowledge and skills needed to perform the tasks of a funeral service assistant such as placing casket in parlor or chapel prior to service; arranging floral offerings or lights around casket; directing or escorting mourners; closing casket; and issuing and storing funeral equipment. It is not intended as a substitute for the Associate in Science - Mortuary Science Program, licensing or certification requirements, which include an apprenticeship, but would provide students a more realistic expectation of the rigors of funeral service practice that will lead to employment as a funeral assistant and/or a pathway to the Cypress College Mortuary Science Associate in Science degree program.

STUDENT SUCCESS SPOTLIGHT: Irene De La Rosa

Irene De La Rosa is a resourceful and diligent student of the Pharmacy Technician Certificate Program. She is an extraordinary single mother, spending most of her free time with her elementary school age son and helping her daughter who is in graduate school. With limited finances, Irene supplements her income utilizing her knowledge in medical practice by acting as a consultant and tax preparer. She even offers her expertise free of charge to her fellow classmates. Irene overcomes obstacles daily while attending NOCE but maintains perfect attendance. In addition to her merit inside the classroom, Irene makes time to volunteer and donate blood, and organize a health fair to serve low-income community members. According to her instructor, **Dr. Julie Shields**, "Irene gives 100 percent effort to every task and her schoolwork is no exception. She works hard and takes her studies seriously with much success." Congratulations, Irene!

Once the students complete a level, they can move to the next level in the sequence. You will be able to understand why the intense and extremely upsetting behaviors they see represent attempts to self-protect and survive.

Love and Logic: Supporting Youth with Special NeedsTM

This curriculum is designed to be a follow-up/bonus program for parents, educators and other professionals that have already attended a Love and Logic Early Childhood Parenting Made Fun®, Parenting the Love and Logic Way®, Love and Logic: Adults Supporting Youth with Challenging PastTM, or 9 Essential Skills for the Love and Logic Classroom® class.

By District policy, "every course, course section or class shall be open to enrollment and participation by any person who has been admitted to North Orange Continuing Education (NOCE)."

CLASS SCHEDULE SUBJECT TO CHANGE: NOCE has made every reasonable effort to determine that this class schedule is accurate; however, changes may occur after press time.

CLASSES

ADMISSION TO CLASSES: Students are admitted on a first come, first served basis. Students are not permitted to attend classes in which they are not officially enrolled. Classes 'filled' may have a 'waitlist' already established for students wanting to attend. Non-tuition classes: Students must attend the first day of class or lose their spot to a petitioning student.

AUDITING CLASSES: If a student has received a passing grade in a Pharmacy Technician Certificate Program or Medical Assistant Certificate Program course and wishes to repeat the course, the student should submit an Audit Request Form to the CTE Director. For more information about auditing a Pharmacy Technician or Medical Assistant course, please contact 714.808.4673. There is a \$15 fee charged for auditing a course. Fees charged for auditing a course are subject to change. Auditing other NOCE courses is not permitted.

CLASS ATTENDANCE/CANCELLATIONS: Students are expected to attend all classes. If attendance drops, classes may be cancelled. Non-tuition classes may be discontinued during the term if attendance drops. Tuition classes will continue according to schedule once they have started.

WEEKEND POLICY: It is NOCE's practice that classes do not normally meet on a weekend following a Friday District holiday or preceding a Monday District holiday. If it is necessary for a class to be held on a holiday weekend, this would be an exception to the rule.

IN-CLASS REGISTRATION: Students must attend the first meeting where in-class registration takes place or they may lose their seat to someone else. A minimum number of students must attend the first-class meeting. In-class registration is on a first come, first served basis.

CHILDREN IN CLASS: No children are to attend adult classes.

CAMPUS BOOKSTORES: Anaheim 714.808.4675; Cypress 714.484.7336; Wilshire (Fullerton) 714.992.7557

MINOR STUDENTS: NOCE classes are open to those 18 years or older who have been admitted to NOCE and are not attending school. Students under 18 who have not graduated from high school may be permitted to attend under special circumstances. It is advisable to contact the campus Dean at the site where the class is offered prior to obtaining the required permission letter from the school that the minor student is attending. If permission to enroll is granted, the minor student may enroll only after the regular registration period so that priority is given to adult students. Children of any age may take Kids' College and Teen Program classes as indicated in the course schedule.

NAME CHANGE: Students are encouraged to visit one of the NOCE Centers to change their name in the student database. Students must provide a picture ID when requesting a name change.

PARKING

A parking permit is required to park in marked spaces at all three NOCE Centers; however, a purchased parking permit does not guarantee a parking space. If you do not have a permit, you will be ticketed. An NOCE parking permit applies to any space that is marked for students or any unmarked space. Parking permits are refundable prior to the first-class meeting only and must be returned to receive a refund. Please do not back into the parking space or you will be ticketed.

Parking at the NOCE Cypress Center requires a virtual parking permit enforced by license plate recognition. To purchase a permit online with a debit or credit card **ONLY** you will need your vehicle license plate number or the last eight digits of your VIN number. Day permits are also available for purchase by debit or credit card **ONLY** at any Cypress College parking kiosk. Permits are also valid at the Anaheim Campus and Wilshire Center.

PARKING FEES: Parking is by permit only. Vehicle permits: \$40; motorcycle permits: \$20; both available at each NOCE Center's Admission and Registration Office. Daily permits available for \$3 in parking areas.

STUDENT RECORDS: California Administrative Code, Title V, and District policy states that students can review their student records any time. All student records are located at the NOCE Wilshire Center. Transcript requests are accepted in person or by mail (the Transcript Request Form may be printed through the NOCE website at www.noce.edu). Allow 10 business days for processing.

RECORDS & RELEASE OF RECORDS: The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They have the right to:

- inspect and review their education records
- have some control over the disclosure of information from their education record
- seek to amend incorrect education records

In accordance with FERPA, NOCE may release or publish, without the student's prior consent, items in the category of public (directory) information. The NOCCCD Board of Trustees has identified the following as public (directory) information:

- Degrees and awards received by students, including honors, scholarships, athletic awards, and Dean's List recognition;
- Student participation in officially recognized activities and sports including weight, height, and high school of graduation for athletic team members;
- Dates of attendance.

Students who wish to restrict this information must submit a written request to the Registrar's Office at the NOCE Wilshire Center. Requests must be filed within 15 calendar days from the beginning of each trimester a student is in attendance. For more information, call 714. 992.9502.

CLASSIFICATION OF STUDENTS: Students are classified as full-time when enrolled and attending 12 hours or more of instruction per week. Students enrolled in fewer than 12 hours per week of instruction are considered part-time students. Enrollment and attendance can be confirmed after the student has attended two consecutive weeks of instruction.

CATALOG RIGHTS POLICY: NOCE issues a new catalog each academic year beginning in the fall term and, if needed, subsequent addendums for the winter, spring, and summer terms. The information published in the catalog or catalog addendum is in effect for the academic year beginning with the fall term and concluding with the summer term.

The course requirements for a specific certificate program may change from one catalog to the next and, therefore, may change during the period of time that a student attends NOCE. Catalog rights, established when a student first takes classes at NOCE, protect the student from being held responsible for additional program requirements that may be added to a later catalog.

Students maintain catalog rights by maintaining continuous enrollment in one of the following courses at NOCE: Basic Skills, Career Technical Education, Disability Support Services, and English as a Second Language. Continuous enrollment is enrollment in any

GENERAL INFORMATION

two of the previous four consecutive terms, including summer, resulting in an academic record symbol of

A, B, C, D, F, P (Pass),
NP (No Pass),
SP (Satisfactory Progress), or
W (Withdrawal).

Missing more than two consecutive terms will result in loss of catalog rights due to a break in continuous enrollment.

For example:

Enrollment in the following Term	No Enrollment in the following Terms	Must enroll in the following term to maintain Catalog Rights
Fall	Winter & Spring	Summer
Winter	Spring & Summer	Fall
Spring	Summer & Fall	Winter
Summer	Fall & Winter	Spring

If continuous enrollment is broken, the student must adhere to the catalog requirements in effect at the time continuous enrollment is re-established and maintained.

The lab enrollment in CCTR/100, keyboarding exams, and required certifications (e.g. CPR card) cannot be used to maintain catalog rights. Course substitution and course challenges do not maintain catalog rights either. This policy supersedes all previous catalog rights provisions and applies only to the programs at NOCE.

GRADING POLICY: Students enrolled in apportionment courses are awarded an evaluative symbol at the conclusion of each course. The grade issued will become part of the student's permanent academic history and will appear on their NOCE transcript.

Grading for CTE, DSS, ESL, and LEAP Courses

P - Pass (no grade points)
N - No Pass (no grade points)
SP - Satisfactory Progress (no grade points)

Students enrolled in a Career Development and College Preparation (CDCP) course are advised that they will be issued a grade that will appear on their NOCE transcript and permanent academic history. If a student does not wish to be graded, they must drop the course prior to the eighth hour of instruction. While an instructor may drop a student for excessive absences, **it is the student's responsibility to officially withdraw from a class.** If a student withdraws after the eighth hour of instruction, but prior to the last quarter of instruction, the student will receive a "W" grade on their transcript, regardless of whether the drop was initiated by the student or instructor. Students may not drop a course after the start of the final quarter of the course. Students have a for further information.

Grade Appeal Policy NOCE recognized the legal right of faculty to set standards of performance and to apply them to individual students. Therefore, the instructor is the final authority in the student during the next term but no later than one year. assigned. Grade appeal requests should be initiated by grade is prejudicially, capriciously, or arbitrarily limited to the situations in which students believe the right to formally appeal the final grade earned. Appeals are determining grades that are assigned to students and that

OPEN ENROLLMENT: It is the policy of the North Orange County Community College District (NOCCCD) that, unless specifically exempted by statute, every course section or class, the full-time equivalent students (FTES) attendance of which is to be reported for state aid, whenever offered and maintained by NOCCCD, shall be fully open to enrollment and participation by any person who has been admitted to the college(s) or North Orange Continuing Education and who meets such prerequisites as may be established pursuant to Chapter II, Division 2, part VI, Title 5 of the California Administrative Code, commencing with Section 51820.

ACADEMIC HONESTY: Students are expected to abide by ethical standards in preparing and presenting material which demonstrates their level of knowledge and which is used to determine grades. Such standards are founded on basic concepts of integrity and honesty. These include, but are not limited to the following areas:

- Students shall not plagiarize, which is defined as:
 - stealing or passing off as one's own ideas or words of another, or
 - using a creative production without crediting the source.
 - The following cases constitute plagiarism:
 - paraphrasing published material without acknowledging the source;
 - making significant use of an idea or a particular arrangement of ideas, e.g. outlines;
 - writing a paper after consultation with persons who provide suitable ideas and incorporating these ideas into the paper without acknowledging them; or
 - submitting under one's own name term papers or other reports which have been prepared by others.
- Students shall not cheat, which is defined as:
 - using notes, aids, or the help of other students on tests or exams in ways other than those expressly permitted by the instructor, or
 - misreporting or altering the data in laboratory or research projects involving the collection of data.

3. Students shall not submit an original paper or project to more than one class without approval from the second instructor. Instructors who do not accept previously submitted papers should inform students in the course syllabus in order to enable another student to plagiarize or cheat.
4. Students shall not furnish materials or information. Instructors may deal with academic dishonesty in one or more of the following ways:
 - a. Assign an appropriate academic penalty such as an oral reprimand or point reduction.
 - b. Assign zero points on all or a particular paper, project, or exam.
 - c. Report to the appropriate administrators, with notification of same to the student(s), for disciplinary action by the school. Such a report will be accompanied by supporting evidence and documentation.

STUDENT CONDUCT POLICY

Standards of Student Conduct and Discipline Policy

The standards of student conduct and disciplinary action for violation of Board Policy 5500 were approved by the NOCCCD Board on January 28, 2003, and were drawn in compliance with Sections 66300, 76030, 76033, 7034, 76036 of the State Education Code.

Students are expected to respect and obey civil and criminal law and shall be subject to the legal penalties for violation of the city, county, state, and national laws(s).

Student conduct must conform to Board Policy and college regulations and procedures. As cited in BP5500, "A student who violates the standards of student conduct shall be subject to disciplinary action including, but not limited to the removal, suspension, or expulsion of the student." Misconduct which constitutes "good cause" for disciplinary action includes, but is not limited to, the following:

1. Disruptive behavior, willful disobedience, habitual profanity or vulgarity, the open and persistent defiance of the authority of, or persistent abuse of District personnel, or violating the rights of other students.
2. Failure to identify oneself when requested to do so by District officials acting in the performance of their duties.
3. Cheating, plagiarism in connection with an academic program (including plagiarism in a student publication) or engaging in other academic dishonesty.
4. Dishonesty, forgery, alteration, or misuse of District documents, records, or identification, or knowingly furnishing false information to the District.
5. Misrepresentation of oneself or of an organization to be an agent of the District.
6. Causing, attempting to cause, or threatening to cause physical injury or physical or verbal abuse or any threat of force or violence, to the person, property, or family of any member of the college community, whether on or off District property as defined above.
7. Willful misconduct which results in injury or death to a student or to District personnel, or which results in the cutting, defacing, or other damage to any real or personal property of the District.
8. Unauthorized entry into, unauthorized use of, or misuse of property of the District.
9. Stealing or attempting to steal District property or private property on District premises, or knowingly receiving stolen District property or stolen private property on District premises.
10. Causing or attempting to cause damage to District property, or to private property on District premises.
11. Unlawful use, sale, possession, offer to sell, furnishing, or being under the influence of any controlled substance listed in the California Health and Safety Code, section 11053 et seq., an alcoholic beverage or an intoxicant of any kind, or any poison classified as such by Schedule D in Section 4160 of the Business and Professions Code or other State law defining controlled substance while on District property, or at a District function; or unlawful possession of, or offering, arranging or negotiating the sale of any drug paraphernalia, as defined in the California Health and Safety Code, section 11014.5.
12. Willful or persistent smoking in any area where smoking has been prohibited by law or by regulation of the District.
13. Possession, sale, use, or otherwise furnishing of explosives, dangerous chemicals, deadly weapons or other dangerous object including but not limited to, any facsimile firearm, knife or explosive on District property, or at a District function, without prior written authorization of the Chancellor, college president, North Orange Continuing Education Provost, or authorized designee.
14. Engaging in lewd, indecent, or obscene behavior on District property, or at a District function.
15. Violation of municipal, state, or federal laws in connection with attendance in programs or services offered by the District, or while on District property or at District-sponsored activities.
16. Soliciting or assisting another to do any act (including the purchasing, transporting or consumption of any controlled substance), while under the supervision of a District official, which would subject a student to expulsion, suspension, probation, or other discipline pursuant to this policy.
17. Attempting any act constituting cause for disciplinary action as identified in the above sections of this policy.
18. Committing sexual harassment as defined by law or by District policies and procedures.
19. Engaging in harassing or discriminatory behavior based on disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation or any other status protected by law.
20. Engaging in physical or verbal intimidation or harassment of such severity or pervasiveness as to have the purpose or effect of unreasonably interfering with a student's academic performance, or District employee's work performance, or of creating an intimidating, hostile or offensive educational or work environment.

21. Engaging in physical or verbal disruption of instructional or student services activities, administrative procedures, public service functions, authorized curricular or co-curricular activities or prevention of authorized guests from carrying out the purpose for which they are on District property.

22. Stalking, defined as a pattern of conduct by a student with intent to follow, alarm, or harass another person, and which causes that person to reasonably fear for his or her safety, and where the student has persisted in the pattern of conduct after the person has demanded that the student cease the pattern of conduct. Violation of a restraining order shall, without more, constitute stalking under this policy.

23. Persistent, serious misconduct where other means of correction have failed to bring about proper conduct or where the presence of the student causes a continuing danger to the physical safety of students or others.

24. Engaging in expression which is obscene, libelous, or slanderous according to current legal standards, or which so incites students as to create a clear and present danger of the commission of unlawful acts on District property, or the violation of the lawful administrative procedures of the District, or the substantial disruption of the orderly operation of the District.

25. Use of the District's computer systems or electronic communication systems and services for any purpose prohibited by Administrative Procedures 3720, Computer & Electronic Communication Systems, or for any act constituting cause for disciplinary action as provided in this policy.

Furthermore, no student shall be suspended from a college or North Orange Continuing Education program or expelled unless the conduct for which the student is disciplined is related to college, North Orange Continuing Education or District activity or attendance. Also any violation of law, ordinance, regulation or rule regulating, or pertaining to, the parking of vehicles, shall not be cause for removal, suspension, or expulsion of a student.

The Chancellor shall establish procedures for the imposition of discipline on students in accordance with the requirements for due process of law. The procedures shall identify potential disciplinary actions including, but not limited to, the removal, suspension or expulsion of a student.

The Chancellor shall establish procedures of which all students are informed of the rules and regulations governing student behavior.
