

Early Childhood Education Infant Care Teacher Certificate Program Guide 2022-2023

Career Highlights

Early Childhood Educators play a vital role in the development of children in their care. They instruct children through activities designed to promote social, physical, and intellectual growth. What children learn and experience during their early years can shape their views of themselves and the world, thereby having a profound effect on later successes in school, work, as well as their personal lives.

Program Information

The Infant Care Teacher certificate is designed as an optional level in a series of certificate options to prepare students for entry into childcare and education support in a variety of state licensed facilities, including preschool and childcare center. Students can be expected to learn the following:

- Theories, principles, and practices of an infant/toddler program.
- Respectful and responsive caregiving.
- Licensing and regulation issues.
- Infant and family needs, activities and routines.
- Enriching safe and healthy environments with an emphasis on developmentally appropriate and culturally sensitive care in group settings.

With a solid foundation in the core areas of early childhood education, students will be well prepared to meet the demands in caring for young children. Students completing these courses will meet the educational requirements of the Department of Social Services, Community Care Licensing Division to work in a licensed **private** preschool or childcare center as a fully qualified infant care teacher.

Additional Program Information

Catalog Rights and Completion Deadline

The course requirements for a specific certificate program may change from one catalog to the next and, therefore, may change during the period of time that a student attends NOCE. Catalog rights established when a student first takes classes at NOCE protect the student from being held for additional program requirements that may be added to a later catalog.

Students maintain catalog rights by maintaining continuous enrollment in one of the following courses at NOCE: Basic Skills, Career Technical Education, Disability Support Services, and English as a Second Language. Continuous enrollment is enrollment in any two of the previous consecutive terms, including Summer, resulting in an academic record of A, B, C, D, F, P (Pass), NP (No Pass), SP (Satisfactory Progress), or W (Withdrawal). Missing more than two consecutive terms will result in loss of catalog rights due to a break in continuous enrollment.

If continuous enrollment is broken the student must adhere to the catalog requirements in effect at the time continuous enrollment is re-established and maintained. The lab enrollment in WFPR 100, WFPR101, keyboarding exams, and required certifications (e.g. CPR card) cannot be used to maintain catalog rights. Course substitution nor course challenges do not maintain catalog rights.

This policy supersedes all previous catalog rights provisions and applies only to the programs at NOCE.

Course Substitutions:

Requests for course substitutions must be discussed with the CTE Office.

Challenge Exams

This program does not offer any challenge exams.
