Miguel Soto Troccoly

Alum Miguel Soto Troccoly says NOCE has been a catalyst for his success. Miguel first registered at NOCE to complete his high school diploma. After graduating with high honors and a 4.0 GPA, Miguel enrolled in NOCE's Pharmacy Technician Program. During this period, Miguel struggled with personal issues and had to leave the program. However, Miguel still longed for a fulfilling career, and after five years, tructors who encouraged him to return to school. Returning to NOCE in the 2020 Fall Semester, Miguel juggled online classes during a pandemic while helping his family's business. Just one year later, Miguel proudly completed the NOCE Management and the Business Information Worker I certificates. With his coursework in pharmacy and his new office and administrative skills, Miguel was hired at the Walmart Pharmacy in Buena Park. His colleagues attribute Miguel's great customer service skills that led to the pharmacy's success of being the top in the district for COVID-19 vaccine administration. Miguel next qualified to take the Pharmacy Technician Certification Board (PTCB) exam through his work experience. Upon successful passing, he became certified just six months after he was hired! Student Success Spotlight

Meredith Hughes

Meredith Hughes, a mother of three, is a hard-working and dedicated parent. Her daughter, Bridget, was born in 2020, but Meredith found new challenges in raising her. Meredith searched for the best way to help Bridget develop during the COVID-19 pandemic but noticed the methods she tried did not hold Bridget's attention - then she found the NOCE Parenting Program. "I previously tried the online library story time courses, but they were not able to fully hold Bridget's attention like her class at NOCE. Seeing her teacher's expressive face and watching the reaction of the other children was the kind of involvement that she needed." Through the NOCE classes, Bridget has been able to learn concepts such as social awareness, clean-up time, and listening attentively; while Meredith has been able guide Bridget through her experience, and feels she has a safe space to ask questions and observe how other parents are parenting their children. "I feel like I learned so much just observing others and following tips and advice from Instructor Blandford." While making friends and building relationships have been a benefit to both Meredith and Bridget, Meredith has seen her daughter grow and gain confidence. "Seeing my little one come out of her shell and gain confidence has been one of the most rewarding aspects of the class." Through the classes at NOCE, Meredith has gained new tools to help her as she raises her children. "NOCE classes made information attainable and education fun, and most importantly provided a space to solely focus on my child's development as well as my growth as her mother."
