Noncredit and Credit Courses

SANTA ANA COLLEGE

School of Continuing Education

Advocacy and Collaboration

- **Out of sight, out of mind**
- **Building Bridges**
 - ❖ Holding Curriculum and Senate meetings at School of Continuing Education
 - ❖ Ensuring CE faculty are serving on governance committees and advocating for their inclusion
 - 3 CE faculty serve on Senate Executive Committee (of 7 positions)
 - ❖ Elevating CE at Senate Retreats
 - ❖ Senate President and SCE VP monthly meetings

On Boarding for Adult Dual Enrollment

Eligibility Criteria

- Age 17.5
- **Continuing Education Student**
- Does not have a HS diploma or equivalency.

Orientation

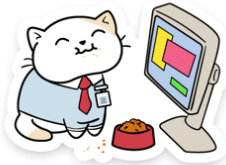

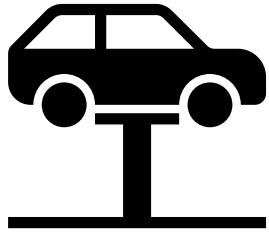

- Group/ Course specific
- Individual (Special Admit Form)
- Educational Plan

Adult Dual Enrollment (SB) 544

- Dual enrollment is an exciting and unique opportunity for current SCE students to earn FREE TRANSFERABLE college credit through Santa Ana College (SAC). Dual enrollment students (also known as special admit students) can take courses taught at their high school, at SAC, on the weekends, or online.
- Students can enroll in up to 15 units every fall and spring semester, 6 units max for winter intersession, and 9 units max for summer (as long as prerequisite courses are met).

Noncredit Career Education Articulation Overview

- 17 Courses Articulated
 - Across 9 Career Ed. Depts.
 - Automotive Technology
 - Biotechnology
 - Culinary Arts
 - Diesel-Electric
 - Fashion Design & Merchandising
 - Manufacturing Technology
 - Pharmacy Technology
 - Theatre Arts
 - Welding Technology

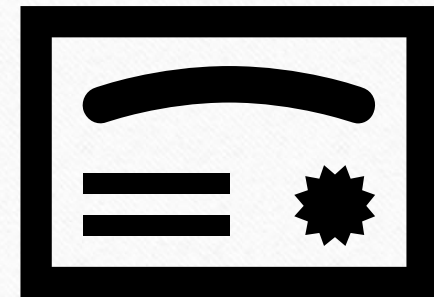

Career Education Articulation Agreements In Progress & Being Developed

- 4 Articulations in Progress of Being Finalized
 - Automotive Technology – 2 more courses
 - Digital Media Arts – 2 courses
- Currently being Developed
 - Commercial Dance – 10+ courses

CDCP Certificates

- All articulated courses are included in noncredit Career Ed. CDCP Certificates.
- Certificates were designed in collaboration between noncredit & credit faculty to better prepare students to succeed once they transition.
 - For the exception of Pharmacy Technology, certificates also prepare students for entry-level employment.
- Other courses in the certificates include:
 - Soft skills
 - Contextualized English
 - Contextualized Math

Intro to Automotive Technology Cert.

- Courses:

- Required:

- Introduction to Automotive Vehicle Systems (articulated course)

- Complete ONE of the following:

- Introduction to Customer Service Skills
 - Employability Skills
 - English for Work 2
 - Math for College & Career Readiness

Articulated Courses Delivery Model

- Noncredit section cross listed with a credit section
 - Certain number of seats, established by credit, are reserved for noncredit students.
- Noncredit section is created & not cross listed.
 - All seats are for noncredit students.
 - Since certain adjunct and tenured faculty are cross hired to teach on both sides of the college, noncredit students still get instruction from a credit faculty member.
 - Helps with making the transition seamless for students once they are ready to move over to credit.
- Students must earn a B or higher in the course to petition for credit.

Student Success Story - Sonia

"QuickBooks was just the beginning. Afterward, I decided to take a Tax Preparation course. As an immigrant, I never imagined having the opportunity to earn a degree or a certificate. It may not be a bachelor's, but to me, it means everything. It helps me support my husband and has inspired me to pursue more certificates in accounting, payroll, and bookkeeping. My goal is to open a business. Right now, I do free tax preparation through VITA for the community, and I plan to continue helping as long as I can."

Student Success Story - Lourdes

- Completed culinary courses & achieved certificates in both noncredit and credit.
- Mom passed away & Mom did all the cooking.
- With the help of her M.D., she researched cooking classes on the internet.
- They came across our website.
- Currently taking a catering business class at Long Beach City College.

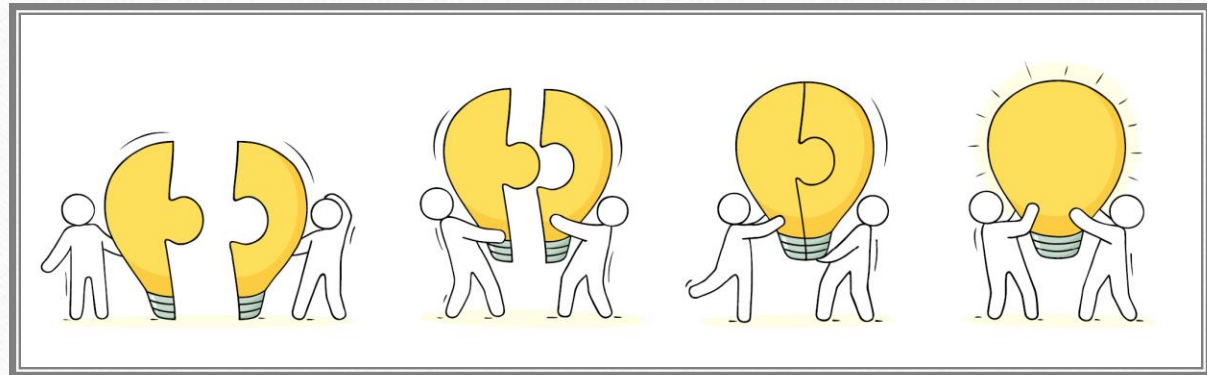

Student Success Conference

- Since spring 2019, offered & held at the Santa Ana College main campus.
- Purpose: To motivate & inspire noncredit students to continue their education at Santa Ana College for a more advanced certificate or degree.

Administrative Role

- Goal = Student Success!
- Collaboration & Flexibility
- Resource Planning
- Faculty Support
