Certified Pharmacy Technician (CPhT)

The CPhT certification through the Pharmacy Technician Certification Board (PTCB) allows individuals to build their professional credentials and pursue more opportunities for career advancement by becoming a Certified Pharmacy Technician.

To be eligible for the CPhT credential you must pass the Pharmacy Technician Certificate Exam (PTCE) and complete <u>one</u> of the two pathways:

Completion Timeline

Those students not meeting the requirements and/or not maintaining catalog rights will be required to repeat any classes and/or take any additional program requirements.

Additional Program Information

Catalog Rights and Completion Deadline

The course requirements for a specific certificate program may change from one catalog to the next and, therefore, may change during the period that a student attends NOCE. Catalog rights established when a student first takes classes at NOCE protect the student from being held for additional program requirements that may be added to a later catalog.

Students maintain catalog rights by maintaining continuous enrollment in one of the following courses at NOCE: Basic Skills, Career Technical Education, Disability Support Services, and English as a Second Language. Continuous enrollment is enrollment in any two of the previous consecutive terms, including Summer, resulting in an academic record of A, B, C, D, F, P (Pass), NP (No Pass), SP (Satisfactory Progress), or W (Withdrawal). Missing more than two consecutive terms will result in loss of catalog rights due to a break in continuous enrollment.

If continuous enrollment is broken, the student must adhere to the catalog requirements in effect at the time continuous enrollment is re-established and maintained. The lab enrollment in WFPR 100, WFPR101, keyboarding exams, and required certifications (e.g., CPR card) cannot be used to maintain catalog rights. Course substitution and course challenges do not maintain catalog rights.

This policy supersedes all previous catalog rights provisions and applies only to the programs at NOCE.

Student Code of Conduct

While attending classes in any NOCE program, students are expected to uphold the NOCCCD Student Code of Conduct, respecting and obeying all civil and criminal laws, and will be subject to legal penalties for violation of the city, county, state, and national laws. Under the State Education Code, student conduct must conform to Board Policy, college regulations, and procedures. **A student who breaks the standards of student conduct will face disciplinary action including, but not limited to, the removal, suspension, or expulsion of the student.**

A full explanation of misconduct, which is considered "good cause" for disciplinary action can be found on the NOCCCD website.
