C2C Program

2025 College to Career Program Application

If you need any assistance completing this initial application, please contact the DSS office at (714) 808-4719 or disabilitysupport@noce.edu

College to Career (C2C) is a support service offered through North Orange Continuing Education. We will be accepting a Cohort of students for the Fall 2025 school year. College to Career is for adults with Intellectual Disabilities (ID) or Autism (ASD) who would like to attend college, gain work experience, and achieve integrated employment in career areas of their choice.

All applications and eligibility criteria will be reviewed by C2C staff. Students who meet eligibility criteria and who submit completed applications will be invited to an interview on one of our three campuses or online. Letters will be emailed to inform you of the panel's decision. Applicants not selected for an interview will also be notified with ideas for redirection and other supports. Please be sure to complete the entire application to the best of your abilities and then submit it along with documentation of disability to the email address below. If you have questions or need help and assistance in completing your application, please contact Marta Gamez at mgamez@noce.edu or collegetocareer@noce.edu. Submitting an application does not guarantee acceptance into C2C. This is the first step in the process of applying to C2C.

You will be contacted via email with a release of information form to sign.
