

# EMPOWERING EVERY LEARNER THROUGH AI!

## AI for Inclusive Learning Workshop

In this interactive workshop, staff and faculty will learn how to harness the power of AI to design inclusive, culturally responsive, student-centered learning experiences. Grounded in Universal Design for Learning (UDL) and community cultural wealth, participants will build and customize their own AI tool, the Inclusive Learning Designer, tailored to their discipline.

This tool will support the creation of lesson plans, activities, guiding questions, and assessments that reflect the diversity and strengths of their students. No prior AI experience needed, just bring your subject expertise, a laptop, and commitment to equity in access.
